Note 1: Source of data is Population Division, U.S. Census Bureau Released March 24, 2016.
Note 2: Data for 1922-1945 is by place of occurrence; 1946-2015 is by place of residence. Please refer to the technical definitions starting on page 38 of this document for more information.
Note 3: Birth rates are per 1,000 population while death rates are per 100,000.
Note 4: Infant mortality rates and fetal death ratios are per 1,000 live births.
