Waiver Redesign Survey

Instructions

We want to gather feedback from you on waiver services and preferences that we can use to help redesign the waivers, in order to support independence and enhance the quality of life for people served on the waivers and realign the distribution of resources to serve more people in need of services. **Please answer the following questions to give us more information that we can use to evaluate and modify the waiver system.**

Mark all of the categories that best represent you:

- Person on the waiver Person self-directing Legal Guardian Family member
- Independent Provider Provider Organization Case Manager Concerned citizen
- State Employee Person on the waitlist

Mark the population that your input most likely relates: Adult with a developmental disability (DD)
 Child with DD Adult with a brain injury Person on wait list Other: _____

Rank the top 5 waiver services you think are the most valuable:

1. _____ 2. _____ 3. _____ 4. _____ 5. _____

How would you improve waiver services? Describe a specific service, if possible.

In the next couple of years, how should the state fund an additional 500+ people on the waiting list with the existing funding (no new money)? Mark all you think should be done.

- Reduce individual budgets (IBAs) Change eligibility Use more natural supports
- Reduce service rates Increase the use of other agencies and community resources
- other: _____

What natural supports or other resources (non-waiver) are the most beneficial and often used for a person with DD or ABI?

- Immediate family Extended Family Friends Neighbors Church
- Social group/club Vocational Rehabilitation School programs Civic organizations
- Senior Centers other: _____

Based on what you know about the waiver re-design, about what are you most concerned?
