Instructions for Installing Epocrates Rx on a BlackBerry

1. OPEN a new web browser on your phone.
   Go to: getepocrates.com
   You will see a screen that says, "To begin installation of Epocrates select the button below."
**PLEASE NOTE: THERE IS NOT HTTP:// OR WWW. IN FRONT OF THE URL!

2. Click on the INSTALL NOW button by pressing the trackball to select.

3. On the next screen and select DOWNLOAD to install
   You will receive a message that says installation was successful. HOWEVER, the installation is not yet complete.

4. Navigate to APPLICATIONS and select the Epocrates icon.

5. Enter your USERNAME and PASSWORD in the fields and then save
   - The auto update should now begin. Installation will take approximately 20 minutes.

At this time, Rx for BlackBerry can only be installed to the main memory device and is not compatible with a memory card.
