COUNTY ENROLLMENT

Wyoming Medicaid is a joint federal and state government program that pays for medical care for low income and medically needy individuals and families. The Wyoming Department of Health (WDH), Division of Healthcare Financing (DHCF) is the state-appointed entity for administration of Wyoming Medicaid. DHCF partners with the Fiscal Division for accounting and budgeting services, and with the Behavioral Health Division for the administration of waivers that serve persons with developmental disabilities or acquired brain injuries.

WY | Medicaid Background

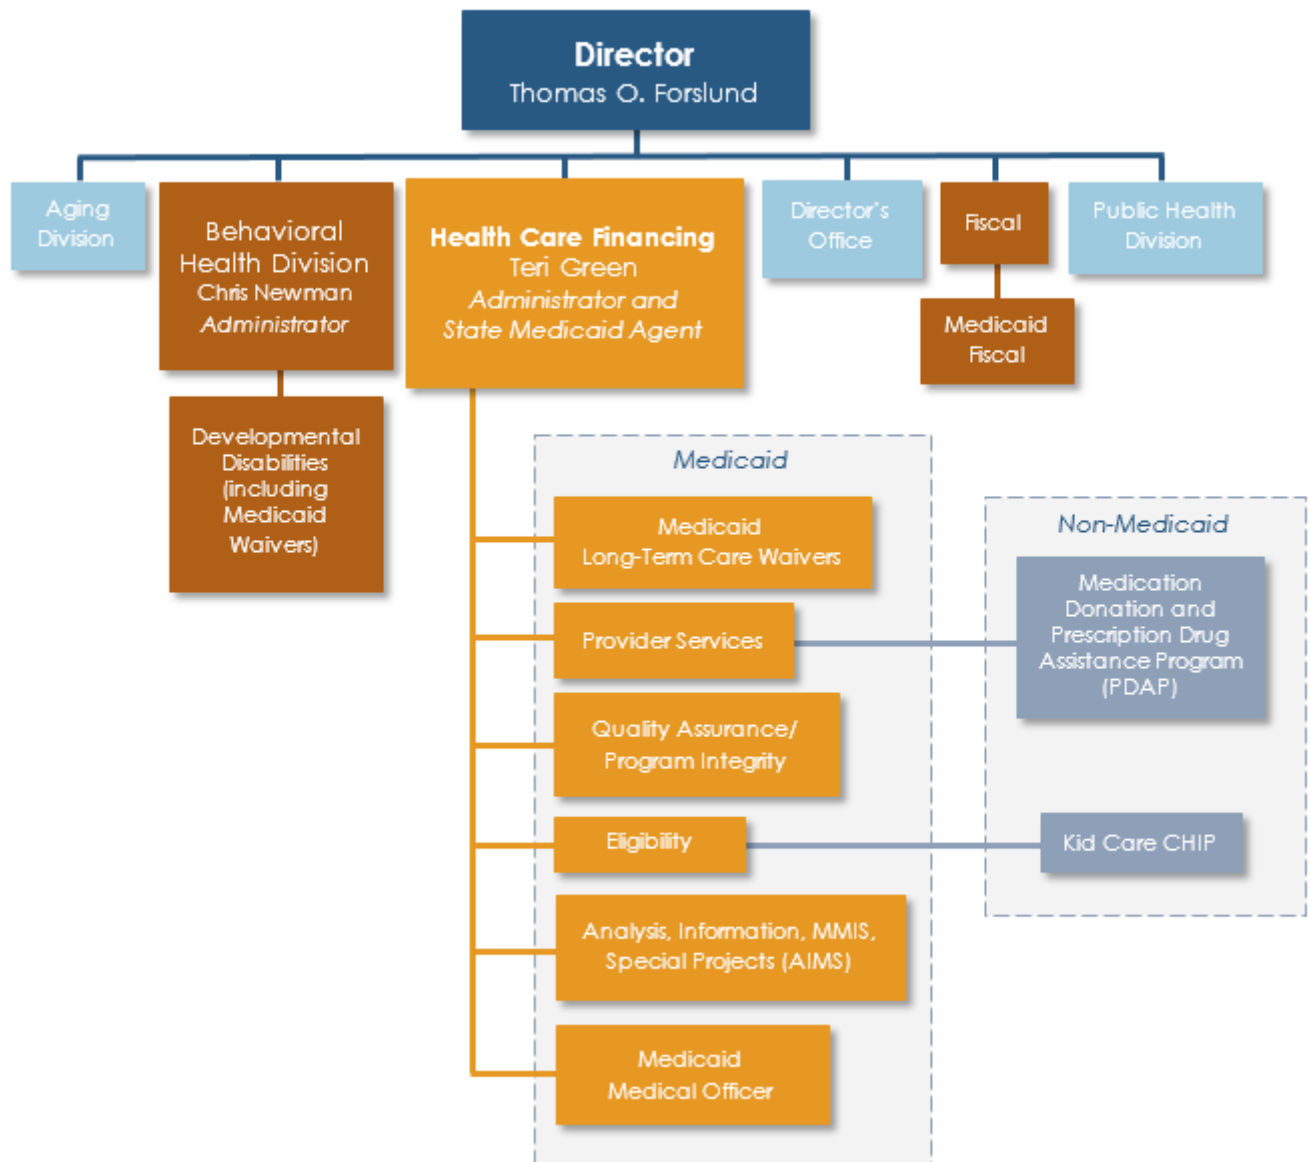

Figure 1. Wyoming Department of Health Organization Chart

This Annual Report focuses on the \$554.6 million in claims expenditures for Medicaid benefits in SFY 2016 processed through the Medicaid Management Information System (MMIS). Table 1 and Figure 2 address other Healthcare Financing Division expenditures in SFY 2016, such as administrative costs, capital investment, the Kid Care CHIP program and non-Medicaid programs.

Table 1. Division of Healthcare Financing Budget

| Medicaid Related Expenditures | |
|----------------------------------------------------------------------------------|---------------------|
| Expenditure Type | SFY 2016 (millions) |
| Annual Report Benefit Expenditures (this report) ¹ | \$554.6 |
| Medicaid Administration | \$40.5 |
| Nursing Facilities Tax Assessment | \$29.9 |
| Hospital Qualified Rate Adjustment (QRA) Payments | \$22.8 |
| Medicare Buy-In | \$14.9 |
| Medicaid One-Time Capital Expenses for New Technology Systems (WES, MMIS, Other) | \$16.5 |
| Medicare Clawback (Part D) | \$11.6 |
| Physician Electronic Health Record (EHR) Incentives | \$1.1 |
| Other ² | -\$8.4 |
| Subtotal Medicaid Expenditures | \$683.5 |
| Drug Rebates | -\$31.4 |
| Total Medicaid Expenditures | \$652.1 |
| Non-Medicaid Expenditures | |
| Children's Health Insurance Program (CHIP) | \$9.8 |
| CHIP Administration | \$0.5 |
| State Only Foster Care and General Fund Foster Care (Court Orders) | \$2.4 |
| Prescription Drug Assistance Program (PDAP) | \$0.2 |
| Total Health Record (Health Information Exchange (HIE)) | \$2.2 |
| State Only Other | \$0.6 |
| Total Non-Medicaid Expenditures | \$15.7 |
| Total Division of Healthcare Financing | \$667.8 |

HEALTH CARE FINANCING FUNDING

Wyoming Medicaid benefits expenditures generally receive 50 percent Federal match (FMAP), while other expenditure types, such as administration and capital investment, may receive higher levels of funding (75 and 90 percent, respectively) from Federal sources. Some expenditures, such as Hospital QRA payments and the nursing facility tax, have no state expenditures and are funded by providers (50 percent FMAP, 50 percent Provider contribution). The Kid Care CHIP program received 65 percent enhanced FMAP, while state-only funded programs are 100 percent State General Funds.

Figure 2. Health Care Financing Funding

¹ Includes reductions in expenditures due to recoveries processed through the MMIS.

² Adjustment to reflect timing difference related to drug rebate and claims differences between WOLFs and MMIS claims data.

Advisory groups and committees offer independent guidance and provider industry expertise to the Medicaid program.

Table 2. Wyoming Medicaid Advisory Groups and Committees

| Advisory Group | Members | Description |
|-----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dental Advisory Group (DAG) | Two specialists, three general dentists, and representatives from Medicaid and its fiscal agent, Xerox. | Represents a wide range of interests, experience, dental specialties and various areas of the state, while advising Medicaid regarding administration of the dental program. |
| Long-Term Care Advisory Group | Nursing Home Association leadership, five nursing home providers, a home health provider, a hospice provider, an assisted living provider, a Long-Term Care waiver case manager, and an Independent Living Center representative | Focuses on issues and recommendations with institutional and community-based long-term care providers. |
| Medical Advisory Group (MAG) | Wyoming Hospital Association, Wyoming Medical Society, executives from hospitals throughout Wyoming, physicians, and medical practitioners | Focuses on new and upcoming issues within the healthcare industry, member concerns, and relevant presentations. Works to develop solutions to issues. |
| Pharmacy & Therapeutics Committee (P&T) | Six physicians, five pharmacists, one allied health professional. | Provides recommendations regarding prospective drug utilization review, retrospective drug utilization review and education activities to Medicaid |

Wyoming Medicaid's Program Integrity unit is tasked with reviewing, auditing, and investigating providers for claims lacking sufficient documentation or incorrect billing. This team manages the associated administrative process, collects recoveries of State funds, as applicable, and ensures the State's compliance to the Federal standards regarding the reduction of Fraud, Waste, and Abuse. The Program Integrity unit oversees recovering funds from third party liability (TPL) and seeking other recoveries, such as Estate, drug (J-code), and credit balances.

Table 3. Medicaid Cost Avoidance and Recoveries - SFY 2016

| Program Area | Description | Amount Recovered |
|-----------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| Program Integrity | Process of reviewing, auditing, and investigating providers for claims lacking sufficient documentation or incorrect billing. | \$350,571 |
| Third Party Liability Recoveries | Funds recovered from other responsible parties which may include Medicare, health insurance companies, worker's compensation, casualty insurance companies, or a spouse/parent court order to carry health insurance. | \$2,474,959 |
| Third Party Liability Cost Avoidance | An estimate of costs not incurred by the State when claims are denied up front due to third party liability. This figure is calculated based on billed charges, not on the final amount Medicaid would have paid -- as the claims are not fully processed once TPL is determined; therefore, this figure is only an estimate and may be inflated. As such, the program integrity team is currently reviewing and auditing their process for calculating this figure. | \$15,040,686 |
| Estate Recoveries | Funds recovered from any real or personal property a client had legal title or interest in at the time of death or when s/he took their last breath to the extent of that interest, including such assets conveyed to a survivor heir, or assign of the deceased individual through joint tenancy, tenancy in common, survivorship life estate, living trust or other arrangement. | \$2,582,490 |
| Credit Balances | Moneys recovered from providers whose credits (i.e. take-backs or adjustments) exceed their debits (pay-outs or paid claims). | \$131,527 |
| Total Recovered Dollars (excluding Cost Avoidance) | | \$5,539,547 |
| Total Recovered Dollars (including Cost Avoidance) | | \$20,580,233 |

WYOMING DEMOGRAPHICS & ECONOMY

From 2011 to 2015 the population estimates for Wyoming have increased 3.3 percent, while Medicaid enrollment increased by 1.4 percent. Medicaid enrollment has remained relatively stable during this time period around 15 percent of the total state population.³

WYOMING STATE POPULATION ESTIMATES & MEDICAID ENROLLMENT

Figure 3. Population Estimates for Wyoming

WYOMING POPULATION DEMOGRAPHICS

Figure 4. Wyoming Population Demographics

³ Annual Estimates of the Resident Population: April 1, 2010 to July 1, 2015. Source: U.S. Census Bureau, Population Division. Release Dates: For the United States, regions, divisions, states, and Puerto Rico Commonwealth, December 2015. For counties, municipios, metropolitan statistical areas, micropolitan statistical areas, metropolitan divisions, and combined statistical areas, March 2016. The unemployment rate in Wyoming continues to remain below the national average, with a seasonally adjusted rate of 5.5 percent as of August 2016⁴. The poverty rate for Wyoming, as of 2015, was 9.8 percent, well below the national average of 13.5 percent⁵.

UNEMPLOYMENT & POVERTY RATES - WYOMING VS NATIONAL AVERAGE

Figure 5. Unemployment and Poverty Rates - Wyoming vs. National Average

Wyoming’s overall employment from 2005 to 2015 has increased an estimated 12.8 percent, far exceeding the national average rate of 5.8 percent. Healthcare Practitioners and Technical Occupations employment also out-paced the national average. Growth for Healthcare Support Workers was not as great in Wyoming as it was nationally; however, the mean hourly wage for those workers increased more than the national average during this time.^{6,7}

Table 4. Employment and Mean Wages by Occupation

| | Employment Total Percent Change | | Wages Total Percent Change | | Mean Hourly Wages | |
|--------------------------------------------------|---------------------------------|-------|----------------------------|-------|-------------------|---------|
| | 2005 to 2015 | | 2005 to 2015 | | 2015 | |
| | US | WY | US | WY | US | WY |
| All Occupations | 5.8% | 12.8% | 27.6% | 39.1% | \$23.23 | \$22.04 |
| Healthcare Practitioners & Technical Occupations | 22.5% | 34.0% | 31.5% | 38.2% | \$37.40 | \$36.79 |
| Healthcare Support Workers | 18.6% | 7.0% | 23.7% | 33.8% | \$14.19 | \$14.45 |

HIGHLIGHTS | and Initiatives

During SFY 2016, Medicaid implemented a number of changes to meet federal or state government mandates, to meet the specific medical needs of Medicaid individuals and to improve access to care and care options.

MEDICAID Reform

TRIBAL 1115 WAIVER

Designed and submitted to CMS

Requests authority to issue facility-based uncompensated care payments

Still awaiting approval

CARE MANAGEMENT ENTITY

Approved by CMS on September 1, 2015

Implemented under formal authority to serve youth between the ages of 4 and 21 with Serious Emotional Disturbance (SED)

LONG-TERM CARE REDESIGN

NEW LT-101

Prepared for launch of new LT-101 medical assessment on August 1, 2016. Efforts included finalizing design of new assessment tool, modifying technology system, moving to an electronic process, and conducting extensive training statewide.

COMMUNITY CHOICES WAIVER

Submitted application and received approval to add Assisted Living Facility waiver services to the Long-Term Care waiver. Long-Term Care waiver to be renamed the Community Choices Waiver and begin July 1, 2016. Assisted Living Facility to be phased out over time.

NURSING FACILITY REIMBURSEMENT CHANGE

Implemented July 1, 2015. State plan was approved by CMS, and rates were adjusted quarterly based on acuity levels reported through the facilities' MDS data.

TECHNOLOGY

WYOMING ELIGIBILITY SYSTEM

DELOITTE

WES Operations & Maintenance

Remaining WES Development

Successfully completed procurement and contracting for new vendors for WES and Customer Service Center (CSC)

MAXIMUS

CSC Operations

Improve CSC Efficiency using new technologies

Both contracts began transition on July 1, 2016, with hand-off complete as of October 1, 2016

Increased WES functionality with completion of State Data Exchange from the Social Security Administration

Completed transition to Electronic Document Management of all Medicaid & Kid Care CHIP eligibility cases.

Long-Term Care unit piloted an Electronic Asset Verification System. Allows staff to search for potential assets not reported by applicants/clients. Implementing a permanent solution in 2017, as required by CMS.

Allows electronic payments for the State Supplemental Income program, eliminating the need to print and mail

3,500
checks monthly

AFFORDABLE CARE ACT

Impacts

Medicaid agencies required to:

- Re-enroll all providers (Wyoming's deadline was December 31, 2015)
- Complete enhanced provider screening processes
- Enroll all ordering, referring, prescribing, and attending providers for purposes of validating all treating providers through the enhanced provider screening processes

LEGISLATION

Statutory Clean Up of ACA implementation and transition of Medicaid Eligibility & State Supplemental Payment Program to Wyoming Department of Health

Wyoming Medicaid given authority to submit state plan amendments to design & implement a provider tax assessment program for private hospitals & an IGT/QRA-like program for non-state Government owned nursing facilities

Education services for youth placed in a Psychiatric Residential Treatment Facility through Medicaid covered by Wyoming Department of Education regardless of court-order status

Services of an independently practicing licensed dietitian added to Title 42 for Medicaid Coverage

QUALITY & PROGRAM Assurance INTEGRITY

Behavioral Health Services

- Completed a full self-assessment, as required by CMS, regarding adequacy of coverage for children with autism in need of specialized services. As a result of the review, a state plan was submitted to begin coverage of Applied Behavior Analysis services starting January 1, 2017.
- Kicked off an extensive and in-depth analysis of current behavioral health service reimbursement and cost coverage for facility-based and independent practitioner services.

Payment Error Rate Measurement

- Completed 2015 Payment Error Rate Measurement (PERM) Cycle. Due to ongoing PERM Pilots for Eligibility, implemented in 2014, the 2015 PERM Cycle reviewed claims only. Anticipate returning to the standard Eligibility and Claims PERM Cycle in 2018.

Provider Services

- Participated in the Governor's Health and Human Services (HHS) policy team's workgroup related to the youth who cross systems and receive out-of-home psychiatric services. Program performance summaries were presented at the HHS sub-cabinet's deputy director's meeting.
- Conducted, as required by new federal rule, all appropriate surveys and analyses to complete and submit Wyoming's first access review monitoring plan. Final report made public and submitted to CMS on July 1, 2016.
- Implemented ICD-10 for all providers on October 1, 2015

Program Integrity

- Working with Provider Services to meet new Federal guidelines requiring all states to implement, by June 30, 2017, a system to account for providers with High, Moderate, and Limited risk, and require fingerprint background checks of the High to Moderate risk providers. Also working closely with Division of Criminal Investigations regarding the fingerprinting processes.
- Working to improve efficiency of Fraud, Waste, and Abuse referral processes. New process to be implemented February 1, 2017.

BUDGET Update

The Division of Healthcare Financing was tasked to reduce its 2017-2018 biennium operating budget. The following efforts have been planned and implemented, as of the dates shown, to meet the requested budget reduction.

2015

- Kid Care Chip match increased to 88% **Oct 1**

2016

- Service Cap Limits for Occupational/Speech/Physical Therapies **Jan 1**
- Enhance Pharmacy Third Party Liability

- Across-the-board Provider Rate Cuts (phased implementation, excludes ID/DD Waivers) **Jul 1**
- 5% Reduction Admin Costs
- End Stage Renal Facility now a Tribal Health 638 clinic
- Care Management Entity Rate Update (pending CMS approval)
- Annual LT-101 Evaluation for LTC Waiver
- Changed Financial Management Services Vendor
- J-code rebates on existing and new services (crossovers)
- Realignment of Dental Code rates to ASCs
- Reset rates for anesthesia, clinical laboratory, radiology

- End Prescription Drug Assistance Program **Aug 1**
- End State Licensed Shelter Care Coverage

- Patient Contribution to Swing Bed and Extraordinary Care Clients **Sep 1**

- Hold Advisory Group Meetings as Webinars **Oct 1**
- Non-payment for Nursing Facility/Swing Bed Reserve Bed Days

2017

- Behavioral Health Service Cap Limits & Prior Authorizations **Jan 1**
- Update Pricing Method for Medicare Crossover Claims

- Editing Lines on Encounter-Priced Claims (FQHC/RHC) **Feb 1**

- 100% Federal match for IHS/638 Tribal Services (pending approval)
- Home Health Services prior authorization
- J-Code Pricing standardization **Mar 1**
- Title 25 Medicaid Coverage of non-IMD Services

- End Employed Individuals with Disabilities Program and Breast/Cervical Cancer Coverage over 100% FPL **Jul 1**

Additionally the following measures are also being pursued with implementation dates pending:

- Transition Long-Term Care Waiver and Assisted Living Facility Waiver into new Community First Choice Waiver
- Enhance Fraud, Waste, Abuse and Third Party Liability processes through WINGS project
- Rate reductions for dental codes

WY | INTEGRATED NEXT GENERATION SYSTEM

Modules A, B, & C are consulting services to support the WINGS project throughout the transition to the new system

| <p>A Testing & Quality Assurance/Quality Control Services Ensures each project module functions correctly</p> | <p>B Independent Verification & Validation Certifies system meets all requirements & fulfills intended purpose</p> | <p>C Business Process Re-Engineering & Optimization Assists in streamlining processes to achieve cost reductions, enhance quality of Medicaid services, and increase efficiency</p> |
|-------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Enrollment

Medicaid provides medical assistance for low-income and medically vulnerable citizens. There are currently four major categories of eligibility: Children, Pregnant Women, Adults, and Aged, Blind, or Disabled (ABD). Wyoming has not extended optional eligibility to adults under 133% of the Federal Poverty Level (FPL).

Medicaid eligibility is based on residency, citizenship and identity, social security eligibility as verified by social security number, family income and, to a lesser extent, resources and/or health care needs.

Since 1996, Medicaid eligibility has been separate from eligibility for economic assistance to families with dependent children. Twenty years ago, most individuals receiving Medicaid services received cash assistance. The reverse is true today. Today, the vast majority of all individuals enrolled in Medicaid are not receiving any cash assistance.

ENROLLMENT OVERVIEW

There were 88,775 unique individuals enrolled in Medicaid in SFY 2016, a 2.5 percent decrease from SFY 2015.

Individuals may gain and lose eligibility several times throughout the SFY. While some individuals may be eligible for a portion of the year, others retain eligibility throughout the year. As such, the distinct count of enrolled individuals for Medicaid for a complete SFY – regardless of how long they were enrolled – is greater than a point-in-time count of Medicaid enrollment. The table below compares the average monthly enrollment with the distinct count of enrolled members for each SFY.⁹

Table 5. Change in Medicaid Enrollment

| | Monthly Average | Percent Change from Previous SFY | Complete SFY | Percent Change from Previous SFY |
|----------|-----------------|----------------------------------|--------------|----------------------------------|
| SFY 2011 | 69,784 | 3.5% | 89,166 | 3.2% |
| SFY 2012 | 69,610 | -0.2% | 89,328 | 0.2% |

⁹ Enrolled Members “Monthly Average” provides an average of the monthly distinct count of individuals enrolled. Enrolled Members “Complete SFY” is a distinct count of individuals for a complete SFY, July 1 through June 30.

MEDICAID ENROLLMENT TRENDS COMPARING STATE FISCAL YEARS

Figure 7. Medicaid Enrollment Trends Comparing State Fiscal Years

Medicaid enrolled members reside in every county in Wyoming, with more than half residing in 5 counties: Laramie (17 percent), Natrona (15 percent), Fremont (11 percent), Sweetwater and Campbell (7 percent each). County 'Other' indicates individuals who were once enrolled in Medicaid but have since moved out of state. County of residence is based on member address at the time the data is extracted.

Table 6. Medicaid Enrollment by County

| County | Enrolled Members | Percent of Total | County | Enrolled Members | Percent of Total |
|-------------|------------------|------------------|--------------|------------------|------------------|
| Albany | 3,859 | 4.3% | Natrona | 13,301 | 15.0% |
| Big Horn | 2,091 | 2.4% | Niobrara | 376 | 0.4% |
| Campbell | 6,471 | 7.3% | Other | 3,111 | 3.5% |
| Carbon | 2,177 | 2.5% | Park | 3,870 | 4.4% |

| | | | Total | 88,775 | |

ELIGIBILITY CATEGORIES

Federal statutes define individuals who qualify for Medicaid coverage. For this report, these individuals are presented in 11 eligibility categories.

Eligibility is determined using Federal Poverty Level (FPL) guidelines, Supplemental Security Income (SSI) standards, or the 1996 Family Care income standard. In many instances, the guideline or standard used is determined by the federal laws that created each eligibility category. The FPL guidelines and SSI standards are based on an index that changes every year. For detailed information regarding these income requirements, see Appendix C.

Childless adults who do not fit into one of the eligibility categories described below are not currently covered, regardless of income or resources.

Table 7. Eligibility Categories

| Eligibility Category | Description |
|---------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Aged, Blind, or Disabled Employed Individuals with Disabilities (ABD EID) | <ul style="list-style-type: none"> Employed individuals with disabilities Must pay a premium No Supplemental Security Income eligibility requirement Income requirement based on SSI standards |
| Aged, Blind, or Disabled Intellectually Disabled / Developmentally Disabled / Acquired Brain Injury (ABD ID/DD/ABI) | <ul style="list-style-type: none"> Children and adults with an intellectual/developmental disability or acquired brain injury No SSI eligibility requirement Income requirement based on SSI Includes residents living in the Intermediate Care Facility for the Intellectually Disabled (ICF-ID) (State training school/WY Life Resource Center) |
| Aged, Blind, or Disabled Institutional (ABD Institution) | <ul style="list-style-type: none"> Residents living in the hospital or WY state hospital (age 65 and older) Resources are taken into consideration No SSI eligibility requirement Income requirement based on SSI |
| Aged, Blind, or Disabled Long-Term Care (ABD LTC) | <ul style="list-style-type: none"> Includes the following clients: <ul style="list-style-type: none"> Adults in need of nursing facility level of care, but who have elected to receive services and supports in their home or community Residents of nursing home Adults and children receiving hospice care Resources are taken into consideration No SSI eligibility requirement Income requirement based on SSI |
| Aged, Blind, or Disabled Supplemental Security Income (ABD SSI) | <ul style="list-style-type: none"> Disabled individuals receiving SSI automatically qualify SSI Related - an individual no longer receiving SSI payment may be eligible using SSI criteria |
| Adults | <ul style="list-style-type: none"> Family-Care Adults - adult caretaker relatives with a dependent child; must cooperate with child support enforcement; income requirement based on set values Newly Eligible Adults - Income requirement based on Federal Poverty Level (FPL) Former Foster Care - individuals who age out of foster care when they become 18 years old. As of January 1, 2014, former foster care children remain eligible until the age of 26. |
| Children | <ul style="list-style-type: none"> Newborns - automatically eligible if the mother is eligible for Medicaid at the time of the birth Children - those whose caretaker is eligible for Medicaid; income requirement based on FPL and is dependent on age of the child Foster Care children - automatically eligible when in the Department of Family Services (DFS) custody, including some children who enter subsidized adoption. The Department of Health also covers medical services for children in foster care who are not eligible for Medicaid. These expenditures are state-funded and tracked separately. Children's Mental Health Waiver - Children with severe mental health needs |
| Medicare Savings Programs | <ul style="list-style-type: none"> Individuals not eligible in another category and eligible for Medicare Provides premium assistance and, depending on income, cost-sharing assistance Qualified Medicare Beneficiaries (QMB) <ul style="list-style-type: none"> Resources also taken into consideration Medicaid pays for Medicare premiums, deductibles, and cost-sharing Income requirement based on FPL Specified Low-Income Medicare Beneficiaries (SLMB) and Qualified Individuals <ul style="list-style-type: none"> Medicaid pays for Medicare premiums only Income requirement based on FPL |

| Eligibility Category (continued) | Description |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Non-Citizens with Medical Emergencies | <ul style="list-style-type: none"> • Non-citizen who meets all eligibility factors of a Medicaid group except citizenship and social security number • Emergency services only |
| Pregnant Women | <ul style="list-style-type: none"> • Pregnant women • Women with income below the 1996 Family Care Standard must cooperate in establishing paternity for the baby, so Medicaid can pursue medical support • Presumptive eligibility allows for coverage of outpatient services for up to 60 days pending Medicaid eligibility determination, allowing immediate, temporary Medicaid coverage for ambulatory prenatal care and prescription drugs for low income, pregnant patients, pending their formal Medicaid application. • Income requirement based on FPL |
| Special Groups | <ul style="list-style-type: none"> • Breast and Cervical Cancer Treatment program <ul style="list-style-type: none"> • Uninsured women diagnosed with breast or cervical cancer • Income requirement based on FPL • Tuberculosis (TB) program <ul style="list-style-type: none"> • Individuals diagnosed with tuberculosis • Resources also taken into consideration • Income requirement based on SSI • Pregnant by Choice Waiver <ul style="list-style-type: none"> • Family planning services for individuals who received Medicaid benefits through the Pregnant Women program |

RECIPIENTS AND EXPENDITURES BY ELIGIBILITY CATEGORY

The figure below illustrates the distribution of members across the eligibility categories compared to the expenditures for those categories. Note, screenings and gross adjustments are included to account for those expenditures; however, this is not an eligibility category.

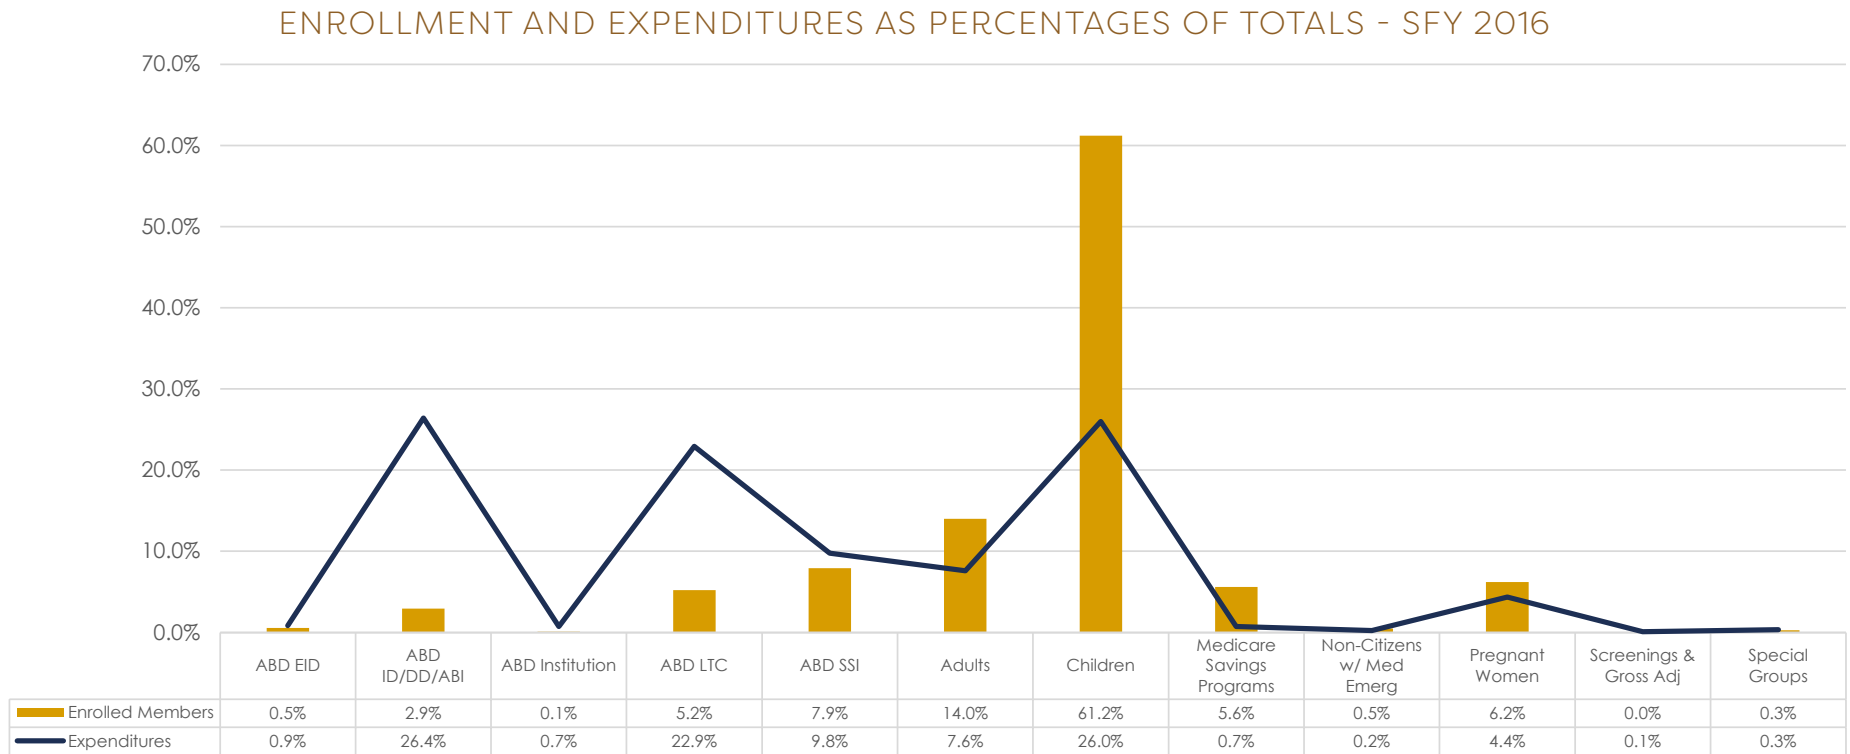

Figure 8. Enrollment and Expenditures as Percentage of Totals - SFY 2016

While children represented 61 percent of all members for SFY 2016, the corresponding expenditures for children receiving services only accounted for 26 percent of total Medicaid expenditures.

On the other hand, the ABD ID/DD/ABI and ABD LTC populations accounted for less than 11 percent of all members for the SFY but 49 percent of total Medicaid expenditures.

Table 9. Eligibility Category Summary

The table below displays a distinct count of recipients for each eligibility category, as well as the total distinct count of recipients. Summing the recipients for each eligibility category will not match the total recipients, because individuals may receive services under multiple eligibility categories throughout the SFY.

Table 11. Recipient Count History by Eligibility Category

Service Utilization

Medicaid provides a wide range of covered medical, behavioral and long-term care services. Some recipients receive full benefits while others receive partial or limited benefits. Medicaid covers mandatory services as required by the federal government and optional services authorized by the Wyoming Legislature. Rate information and reimbursement methodology and history are available in Appendix B.

SERVICE UTILIZATION OVERVIEW

Wyoming Medicaid covers the following mandatory¹⁰ and optional services. These service areas are explained in further detail later in this report.

Table 14. Covered Services

| Service Area | Adults | Children (Under Age 21) |
|---------------------------------------------------------------|-----------|-------------------------|
| Acquired Brain Injury Waiver | Optional | Optional |
| Ambulance | Mandatory | Mandatory |
| Ambulatory Surgical Center | Optional | Optional |
| Assisted Living Facility Waiver | Optional | N/A |
| Behavioral Health ¹¹ | Optional | Mandatory (EPSDT) |
| Care Management Entity / Children's Mental Health Waiver | N/A | Optional |
| Clinic Services | Optional | Mandatory (EPSDT) |
| Comprehensive and Supports Waivers for Persons with ID/DD/ABI | Optional | Optional ¹² |
| Dental | Optional | Mandatory (EPSDT) |
| Durable Medical Equipment | Optional | Mandatory (EPSDT) |
| End Stage Renal Disease | Optional | Mandatory (EPSDT) |
| Federally Qualified Health Centers | Mandatory | Mandatory |
| Home Health | Mandatory | Mandatory |
| Hospice | Optional | Optional |
| Hospital | Mandatory | Mandatory |
| ICF-ID | Optional | Optional |
| Laboratory / X-Ray | Mandatory | Mandatory |
| Long-Term Care Waiver | Optional | N/A |
| Nursing Facility | Mandatory | Mandatory |
| Program for All-Inclusive Care of the Elderly (PACE) | Optional | N/A |
| Pharmacy | Optional | Mandatory (EPSDT) |
| Physician and Other Practitioner | Mandatory | Mandatory |
| Pregnant by Choice Waiver | Optional | N/A |
| Psychiatric Residential Treatment Facility (PRTF) | N/A | Mandatory (EPSDT) |
| Physical/Occupational/Speech Therapies ¹³ | Optional | Mandatory (EPSDT) |
| Public Health, Federal ¹⁴ | Mandatory | Mandatory |
| Public Health or Welfare | Optional | Mandatory (EPSDT) |
| Rural Health Clinic | Mandatory | Mandatory |
| Vision | Optional | Mandatory (EPSDT) |

¹⁰ These services are required for children to comply with Early Prevention, Screening, Detection, and Treatment (EPSDT) requirements. EPSDT services are operated under the Health Check program, discussed in more detail in the Subprograms section.

¹¹ Excludes the Children's Mental Health Waiver and Psychiatric Residential Treatment Facility.

¹² Some services in these waivers may be mandatory if the child is otherwise eligible for Medicaid without the waiver.

¹³ Physical/Occupational/Speech Therapies service detail is included in the Physician and Other Practitioner data in the detail section of this report.

¹⁴ Refers to Indian Health Services and Tribal 638 facilities.

Table 15. Service Utilization Summary

| Service Area | Expenditures | Percent Change from SFY 2015 | Recipients ¹⁵ | Percent Change from SFY 2015 | Expenditures per Recipient | Percent Change from SFY 2015 |
|--------------------------------------------|----------------------|------------------------------|--------------------------|------------------------------|----------------------------|------------------------------|

¹⁵ This table displays a unique count of recipients for each service area, as well as the total unique count of recipients for all of Medicaid. Summing the recipients for each year across all service areas will not equal the total recipients shown as recipients often receive multiple services through the SFY.

¹⁶ The Care Management Entity service includes \$125,519 in expenditures paid for 30 children while enrolled in non-Medicaid state-funded institutional foster care.

Total expenditures for all Medicaid services increased 5.1 percent from SFY 2015 to \$554,583,138.

The top service areas based on expenditures in SFY 2016 are Waivers¹⁷, Hospital, Nursing Facility and Physician & Other Practitioner.

PERCENT OF TOTAL EXPENDITURES BY SERVICE AREA

Figure 9. Percent of Total Expenditures by Service Area

Total unique recipient count for all Medicaid services remained stable, decreasing by only 0.4 percent from the previous year to 75,015 individuals.

The top service areas based on recipient count in SFY 2016 were Physician & Other Practitioner, Prescription Drug, Hospital, and Dental. The figure below shows that 82 percent of Medicaid recipients used Physician & Other Practitioner services in SFY 2016, 59 percent used prescription drug services, and so on.

PERCENT OF TOTAL UNDUPLICATED RECIPIENTS BY SERVICE AREA

Figure 10. Percent of Total Unduplicated Recipients by Service Area

¹⁷ Includes waiver services expenditures only, and does not account for non-waiver medical services utilized by waiver recipients.

Ambulatory Surgery Centers (ASC) provide services that do not require overnight inpatient hospital care. These services encompass all surgical procedures covered by Medicare and additional surgical procedures that Medicaid approves for provision as outpatient services. ASC services may also be provided in an outpatient hospital setting.

Total expenditures for outpatient hospital and ASC services combined decreased by six percent from the previous state fiscal year to \$34.9 million.

Behavioral Health services are all services provided by Behavioral Health provider taxonomies.

The table below also provides data regarding Behavioral Health services provided by non-Behavioral Health providers as identified by procedure codes. This section does not, however, include behavioral health services provided in hospitals or under the Children's Mental Health Waiver. Information for those services is located in the Hospital and Waiver sections, respectively.

See Appendix B for additional information regarding the types of providers who provide Behavioral Health services.

Care Management Entity

In SFY 2016, utilizing 1915(b) and 1915(c) home and community-based waivers, Medicaid procured a Care Management Entity (CME) to act as the central, accountable hub for intensive care coordination provided to children and youth who have complex behavioral health conditions and their families. Children and youth with complex behavioral health needs have historically been served in out-of-home placements at a nominal cost and with limited success when returning to the community.

The CME uses an evidence-based practice known as the High Fidelity Wrap-around model to support the success of children, youth, and their families in their homes, schools, and communities.

A developmental center is a state or privately funded facility, which provides services to clients with developmental disabilities who have been determined to require programs, training, care, treatment, and supervision in a structured setting.

Services include diagnostic evaluations and assessments, physical, occupational, and speech therapies, and mental health services, provided to clients 5 years of age or younger.

Table 24. Clinic/Center Services Summary

of Total Medicaid Expenditures

Wyoming Medicaid covers dental services based on the age of the enrolled member.

The purpose of the Medicaid Dental program is to ensure access to dental care so that recipients may receive preventive and routine dental services to support oral health and avoid emergency dental situations.

Although there are dental providers in most of Wyoming's 23 counties, dental specialists exist in only 10 (43 percent). 45 percent of dental services recipients received services from a dental specialist in SFY 2016, with 9 percent receiving such services out of state.

Table 25. Dental Services Summary

Durable Medical Equipment Prosthetics, Orthotics, and Supplies

Medicaid covers Durable Medical Equipment (DME), Prosthetics, Orthotics, and Supplies ordered by a physician or other licensed practitioner for home use to reduce an individual's physical disability and restore the individual to his or her functional level.

Medicaid covers rental of DME, and applies rental payments toward the purchase of the item when the cost of renting equals the cost of purchase, or at the end of 10 months of rental. Medicaid automatically purchases low cost items (i.e., less than \$150) and caps all rental items, except oxygen concentrators and ventilators, at the purchase price. Medicaid also caps all per-day rentals at 100 days and monthly rentals at 10 months. Medicaid does not cover routine maintenance and repairs for rental equipment.

See Appendix B for more information regarding equipment and supplies included in this service area.

End Stage Renal Disease

SFY 2016

\$948,612

Total Expenditures

↓14%

from SFY 2015

0.2%

of Total Medicaid Expenditures

The majority of ESRD recipients are dual individuals -- that is, individuals enrolled in both Medicare and Medicaid. For dual individuals Medicare is the primary payer for End Stage Renal Disease (ESRD) services, and therefore most Medicaid ESRD expenditures are for non-dual individuals.

Medicare ESRD coverage may begin no later than the third month after the patient begins a course of dialysis treatment. During the 90-day Medicare eligibility determination period, Medicaid reimburses ESRD services for enrolled members and will reimburse services if Medicare denies eligibility.

Medicaid covers all medically necessary services related to renal disease care, including inpatient renal dialysis and outpatient services related to ESRD treatment, as well as treatment if Medicare denies coverage for an enrolled member on a home dialysis program. Individuals must be eligible for Medicaid, and the hospital or free-standing facility must be certified as an ESRD facility. Medicaid does not cover personal care attendants for this program.

Wyoming also has a non-Medicaid state-funded ESRD program, which reimburses at Medicare rates.

Federally Qualified Health Center

A Federally Qualified Health Center (FQHC) provides preventive primary health services. Medicaid covers services provided if they are medically necessary and provided by or under the direction of a physician, physician assistant, nurse practitioner, nurse midwife, visiting nurse, licensed clinical psychologist, or licensed clinical social worker.

Medicare designates a facility as an FQHC if it is located in an area designated as a "shortage area" -- geographic areas designated by the HHS as having either a shortage of personal health services or a shortage of primary medical care professionals. An FQHC differs from a Rural Health Clinic (RHC) based on several criteria related to location, shortage area, corporate structure, board of director requirements, and clinical staffing requirements.²³

Home Health

Medicaid covers home health services if the individual is not an inpatient of a hospital or a nursing care facility. Covered services must be intermittent, three or fewer visits per day for home health aide and/or skilled nursing services (with each visit lasting no more than four hours), medically necessary and ordered by a physician, and documented in a signed and dated plan of treatment that is reviewed and revised as medically necessary by the attending physician at least once every 60 days.

Home Health agencies must provide at least two of the covered services in order to be a licensed provider in the state of Wyoming. These services include: skilled nursing, home health aide supervised by a qualified professional, physical therapy provided by a qualified and licensed physical therapist, speech therapy provided by a qualified therapist, occupational therapy provided by a qualified, registered, or certified therapist, and medical social services provided by a qualified, licensed Master of Social Work (MSW) or a Bachelor of Social Work (BSW)-prepared person supervised by an MSW. Medicaid does not cover homemaking services, respite care, meals on wheels, or services that are inappropriate or not cost-effective when provided in the home setting.

Hospice care is an interdisciplinary approach to caring for the psychological, social, spiritual, and physical needs of dying individuals. Medicaid covers hospice care if the individual elects it and a physician certifies that the individual is terminally ill. Medicaid covers hospice, independent physician services, and HCBS services provided to the individual in a hospice setting. Covered services include: routine and continuous home care, inpatient respite care, and general inpatient care. Inpatient services are provided during critical periods for individuals who need a high level of care.

Table 30. Hospice Services Summary

The Qualified Rate Adjustment (QRA) is a supplement for qualified hospital providers. Qualifying hospitals (i.e. Wyoming non-state government owned or operated hospitals with unreimbursed Medicaid costs) provide state share of the payment. Medicaid distributes corresponding Federal matching funds along with the state share to the participating hospitals. The QRA payments reported here are payments calculated using the previous SFY paid claims data and made during the current SFY.

Table 31. Total Hospital Services Summary

Medicaid covers inpatient hospital services, with the exception of alcohol and chemical rehabilitation services, cosmetic surgery, and experimental services. Medicaid covers only those surgical procedures that are medically necessary. Medicaid may not cover a surgery if there is a non-surgical alternative or if a provider performs the surgery only for the convenience of the individual.

Expenditure history by inpatient Level of Care codes is available in Appendix A.

²⁴ The scaled relative weight for an APC measures the resource requirements of the service and is based on the median cost (Medicare) of services in that APC. The conversion factor translates the scaled relative weights into dollar payment rates.

²⁵ Some services from the APC methodology are reimbursed on separate fee schedules, as follows: select DME are covered under DME fee schedule; select vaccines/immunizations, select radiology and mammography screening, diagnostic mammographies and therapies are covered under the Physician fee schedule; laboratory services are reimbursed on the laboratory fee schedule; and corneal tissue, dental, and bone marrow transplants, and new medical devices covered under Medicare's transitional pass-through payments are reimbursed a percent of charges

Outpatient hospital services include emergency room, surgery, laboratory, radiology, and other testing services.

Medicaid limits visits to hospital outpatient departments to a maximum of 12 per calendar year for individuals over the age of 21.

There is no limit for Medicare crossovers or for individuals under age 21. Visits for family planning, Health Check services and emergency room are also unlimited.

The utilization of emergency room services remains a topic of high interest with questions regularly asked regarding overall cost of these services and which populations are high utilizers.

The data in this section incorporates both professional and institutional claims, using the criteria set forth by CMS in the core quality measures. Duplicate claims for each recipient on the same service date are accounted for resulting in a unique count of emergency room visits paid during the SFY.

Table 34. Emergency Room Utilization Summary

EMERGENCY ROOM EXPENDITURES

Figure 15. Emergency Room Utilization by Expenditures

The breakdown by number of unique visits is similar to that of expenditures, though the Medicare Savings Programs account for a greater percent of the visits (3 percent) than they do of the total expenditures, as these costs are primarily being paid by Medicare.

Children accounted for almost one half (46 percent) of emergency room expenditures.

The bottom two percent of emergency room expenditures covered recipients in five eligibility categories: Medicare Savings Programs, ABD EID, Special Groups, Non-Citizens with Medical Emergencies, and ABD Institution. Each of these categories accounted for less than 1 percent of total emergency room expenditures.

EMERGENCY ROOM VISITS

Figure 16. Emergency Room Visits

²⁶ Screenings and Gross Adjustments are excluded from this table; as such, summing expenditures across the eligibility categories will not match the total shown.

About one-third (33 percent) of Medicaid recipients used emergency room services in SFY 2016. The ABD SSI eligibility category had the greatest portion of recipients receiving emergency room services, with 44 percent, while Special Groups had the smallest with 23 percent.

Emergency room services accounted for 2.1 percent of total Medicaid expenditures in SFY 2016, with the Adult population having the greatest percentage (7 percent) of their total expenditures going toward emergency room services.

Medicaid coverage of Intermediate Care Facilities for individuals with intellectual disabilities (ICF-ID) services is available only in a residential facility licensed and certified by the state survey agency as an ICF-ID. In Wyoming the sole facility is the Wyoming Life Resource Center. ICF-ID is a service unique to Medicaid and is not commonly covered by other payers.

Table 36. Intermediate Care Facility - Intellectually Disabled Services Summary

A nursing facility is an institution (or a distinct part of an institution), which is not primarily for the care and treatment of mental diseases, and provides skilled nursing care and related services to residents who require medical or nursing care, rehabilitation services for injured, disabled or sick individuals, and health-related care and services to individuals who, because of their mental or physical condition, require care and services (above the level of room and board) which is available to them only through institutional facilities.

The Program of All-Inclusive Care for the Elderly (PACE) is available in Laramie County to qualified individuals ages 55 and older as an alternative to nursing home care. Each participant has a plan of care developed by a team of healthcare professionals to improve and maintain the participant's overall health. The participant works with the team to develop and update their plan of care.

Services available under PACE include primary care, specialty medical care, dental, social work counseling, meals, nutritional counseling, laboratory, radiology, prescription drug, hospital, emergency, nursing home,

home care, adult day care, personal care, physical therapy, occupational therapy, recreational therapy, and transportation.

SFY 2016

\$58,278,406

Total Expenditures

↓5%

from SFY 2015

10.5%

of Total Medicaid Expenditures

Medicaid places the following limits on physician and other practitioner services:

- Hospital outpatient departments, physician offices, and optometrist offices - 12 visit max per calendar year for individuals over age 21
- Physical, occupational, and speech therapy - 20 visit max each per calendar year for individuals over age 21
- No limit for Medicare crossovers or individuals under age 21
- No limit for family planning visits, Health Check services or emergency services

Medical services provided by physicians, physician assistants, physical and occupational therapists, ophthalmologists and nurse practitioners are reimbursed based on the resource-based relative value scale (RBRVS) methodology. This methodology is based on estimates of the costs of resources required to provide physician services and includes a relative value unit (RVU) and a conversion factor. Each RVU reflects the resources used by a physician to deliver a service, compared to resources used for other physicians' services, considering the time and intensity of the physician's effort in providing a service, the physician's practice expense and malpractice expenses. The RVU is multiplied by a conversion factor (the average cost for all procedures) to determine the rate for the fee schedule.

Services provided by anesthesiologists are reimbursed based on RVUs developed and published

by the American Society of Anesthesiologists.

Family health, family practice and general practice physician represent 26 percent of total physician and other practitioner expenditures.

Medicaid has a Drug Utilization Review (DUR) program to ensure individuals are receiving appropriate, medically necessary medications. More information regarding DUR is available in the Subprograms section of this report.

The Medicaid Drug Rebate Program was created by the Omnibus Budget Reconciliation Act of 1990 (OBRA 1990) and requires that drug manufacturers have a national rebate agreement with the HHS Secretary. Medicaid refers to these rebates as OBRA rebates. In order for Medicaid to cover a prescription drug, Medicaid must receive an OBRA rebate on that prescription drug. This federal mandate provides Medicaid the opportunity to receive greatly discounted prices, similar to those offered by drug manufacturers to large purchasers in the marketplace. Medicaid is a member of the Sovereign States Drug Consortium (SSDC) which is a collaborative of state Medicaid programs that negotiate and acquire rebates from drug manufacturers, supplemental to the Medicaid Drug Rebate Program. Supplemental rebates augment the Medicaid Drug Rebate Program savings that the SSDC states realize because of OBRA.

Table 42. Pharmacy Cost Avoidance - SFY 2016²⁹

| Program Area | Cost Avoidance |
|-------------------------------------|---------------------|
| Prior Authorization (PA) | \$9,821,265 |
| Preferred Drug List (PDL) | |
| State Maximum Allowable Cost (SMAC) | \$17,045,765 |
| Total | \$26,867,030 |

Table 43. Prescription Drug Rebates History

| | Rebate (millions) |
|----------|-------------------|
| SFY 2011 | \$17.8 |
| SFY 2012 | \$19.3 |
| SFY 2013 | \$19.4 |
| SFY 2014 | \$21.4 |
| SFY 2015 | \$20.1 |
| SFY 2016 | \$31.4 |

In addition to the Drug rebates in Table 43, Medicaid collects J-Code rebates from drug manufacturers for physician-administered drugs or injectable drugs. Collection for physician-administered drugs is mandated by the Deficit Reduction Act of 2005. In SFY 2016, J-Code Rebates totaled \$1,930,282.

²⁸ Data includes expenditures for pharmacies only and does not take into account rebate amounts.

²⁹ Total Cost Avoidance dollars are from both Medicaid and the Prescription Drug Assistance Program (PDAP). The PDAP contributes a lesser amount of the total dollars and is a non-Medicaid state funded program.

Psychiatric Residential Treatment Facility

Medicaid covers psychiatric residential treatment for individuals under age 21 in a Psychiatric Residential Treatment Facility (PRTF). A PRTF is a stand-alone entity providing a range of comprehensive services to treat the psychiatric conditions of residents on an inpatient basis under the direction of a physician, with the goal of improving the resident’s condition or preventing further regression so services will no longer be needed. PRTFs are nationally accredited through the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Council on Accreditation of Services for Families and Children (COA).

Table 44. Psychiatric Residential Treatment Facility Services Summary³⁰

| | SFY 2011 | SFY 2012 | SFY 2013 | SFY 2014 | SFY 2015 | SFY 2016 | 5 Year Percent Change |
|----------------------------|--------------|-------------|--------------|--------------|--------------|--------------|-----------------------|
| Expenditures | \$15,244,613 | \$8,019,118 | \$12,080,494 | \$14,886,133 | \$13,575,847 | \$11,797,657 | -23 |
| Recipients | 403 | 274 | 328 | 338 | 332 | 298 | -26 |
| Expenditures per Recipient | \$37,828 | \$29,267 | \$36,831 | \$44,042 | \$40,891 | \$39,589 | 5 |

Each PRTF resident has an individualized plan of care developed by a team of physicians and behavioral health specialists employed by or providing services at the PRTF. This plan confirms the need for residential psychiatric care and is designed to achieve the resident’s discharge from the inpatient status at the earliest possible time. The team of specialists reviews this plan at least every 7 days (will vary by resident and their level of need) and documents responses to treatment and any plan revisions. The plan assists in determining the medical necessity of a continued stay, or documenting progress towards goals to assist with discharge planning.

Medicaid continues to review rate recommendations developed by our actuarial consultants based on an analysis of Medicaid cost reports, and make appropriate changes.

Medicaid continues to collaborate with its enrolled PRTFs, CMS, and other state agencies and stakeholders to ensure compliance with federal guidelines and make changes, as appropriate. Medicaid cannot receive, per CMS guidelines, the Federal Medical Assistance Percentage (FMAP) for PRTF services that are court ordered. Court orders cannot reference a facility name or a specific level of care, as only a physician should be ordering a client into a PRTF based upon medical necessity.

As of July 1, 2013, court ordered PRTF services with incorrect language in the court order or court ordered services that no longer meet PRTF medical necessity are no longer being reimbursed with 100 percent state funds. As such, SFY 2014 saw a significant decrease in non-Medicaid payments made for such PRTF court ordered recipients.

³⁰ Due to court-ordered placements not complying with CMS rules, SFY 2012 and SFY 2013 had decreases in Medicaid PRTF placements as these placement orders did not qualify for federal matching funds. This led to significant increases in State General Fund only placements (expenses paid for by DHCF but not included in the Medicaid budget).

EXPENDITURES FOR COURT ORDERED
PSYCHIATRIC RESIDENTIAL TREATMENT FACILITY SERVICES
WITH INCORRECT LANGUAGE OR NO MEDICAL NECESSITY

Figure 19. Expenditures for Court Ordered Psychiatric Residential Treatment Facility Services with Incorrect Language or No Medical Necessity

Continuing efforts by Medicaid and the DFS to ensure language submitted on court orders follow federal guidelines has significantly reduced overall general fund expenditures by allowing Medicaid to receive the FMAP.

Rural Health Clinic

A Rural Health Clinic (RHC) provides primary care services. Medicaid covers services provided by a physician, nurse practitioner, certified nurse midwife, visiting nurse, clinical psychologist, certified social worker, and physician assistant, as well as services and supplies incident to a physician's service.

Medicare designates a health clinic as an RHC if it is located in an area designated as a "shortage area." Shortage areas are defined geographic areas designated by the HHS as having either a shortage of personal health services or a shortage of primary medical care professionals. An RHC differs from a FQHC based on several criteria related to location, shortage area, corporate structure, requirements for a board of directors and clinical staffing requirements.³¹ Since RHCs are reimbursed through an encounter rate, it is expected that as recipients increase, expenditures would also increase. Reimbursement rate includes the office visit, as well as any ancillary services provided (x-rays, etc.). Adjustments may be made to rates if a provider requests a review of its rate based on a change in its scope of service.

Medicaid covers vision services provided by opticians, optometrists, and ophthalmologists. These services vary depending on recipient age. Children receive vision services to correct and maintain healthy vision, and adults may receive services to treat an eye injury or eye disease. Vision services provided by ophthalmologists are included in the Physician and Other Practitioners section of this report.

Medicaid covers eyeglasses for children and vision therapy based on diagnosis codes. Medicaid reimburses the dispensing of eyeglasses, as well as the dispensing of frames, frame parts, or lenses. Adults who have an eye injury or

eye disease may be seen for treatment of the injury or disease, but are not eligible to receive corrective eye wear.

Waivers

Medicaid offers various waivers with approval from the federal government to selectively “waive” one or more Medicaid requirements and subsequently allow for greater flexibility in the Medicaid program. These waivers include eight Home and Community Based Services (HCBS) Waivers and one Section 1115 Waiver. Medicaid manages three of the HCBS waivers and the Section 1115 waiver, while the Behavioral Health Division (BHD) manages the remaining HCBS Waivers. This breakdown is shown below.

MEDICAID WAIVERS

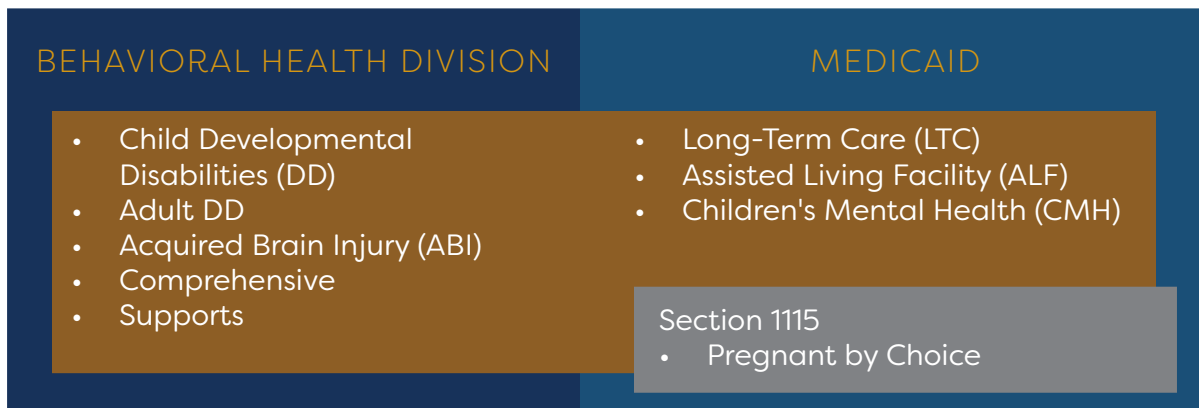

Figure 20. Medicaid Waivers

HCBS Waiver participants receive specific waiver services, as well as the standard Medicaid package of benefits, referred to in this report as “non-waiver” services. Pregnant by Choice Waiver individuals only receive waiver services.

As shown in the figures below, in SFY 2016 Total Comprehensive waiver expenditures accounted for over two-thirds of all HCBS Expenditures, with 77 percent of its expenditures for waiver-only services.

By contrast, the Children’s Mental Health waiver expenditures accounted for less than one percent of all HCBS Expenditures, with only seven percent of its expenditures for waiver-only services.

Adult and Child Developmental Disabilities Waivers

Medicaid partnered with the Wyoming Behavioral Health Division to provide an array of services to adults and children with developmental disabilities (DD) using these two waivers, which were designed to assist adults and children with DD in receiving training and support that would allow them to remain in their home communities and avoid institutionalization.

In SFY 2015 members of these waivers were transitioned to the new Comprehensive and Supports Waivers, with that transition being complete as of September 30, 2014 for adults and June 30, 2015 for children. The figure below shows the change in expenditures as this transition was implemented.

Acquired Brain Injury Waiver

Medicaid and the BHD also work together to provide services to adults with acquired brain injury (ABI). The waiver was developed to assist adults -- ages 21 to 65 -- with an ABI in receiving training and support so they may remain in their home communities and avoid institutionalization. Individuals on the waiver may remain on the waiver without aging off.

This waiver is in the process of closing, with enrolled members currently being transitioned to the Comprehensive and Supports waivers. Expected completion of this transition is during SFY 2017.

Comprehensive and Supports Waivers

SFY 2016

The Comprehensive and Supports Waivers were designed to meet the requirements of SEA82.

The Comprehensive Waiver funds services based on assessed need, as measured by the standardized Inventory for Client and Agency Planning (ICAP) tool.

The Supports Waiver provides more flexible, although capped, funding for supportive services.

Both waivers went into effect on April 1, 2014. Individuals enrolled in the Adult DD or Child DD waivers were allowed to transfer to one of these two new waivers, with those transitions being complete in SFY 2015 and SFY 2016 respectively.

Long-Term Care Waiver

Medicaid provides long-term care services through the Long-Term Care (LTC) Waiver. This waiver provides in-home services to participants ages 19 and older who require services equivalent to a nursing facility level of care. Medicaid requires a functional assessment to determine eligibility for the LTC Waiver and will not cover services for an individual who has not met the level of care assessment criteria.

The LTC Waiver includes a Consumer-Directed Care option for participants who are capable of directing their own care. This option allows participants to recruit, hire, train, schedule, evaluate and terminate their own personal care assistants. Medicaid continues to strengthen the quality assurance component of the waiver program by increasing provider accountability and developing internal processes to gather data to evaluate strengths and weaknesses.

Medicaid provides long-term care services through the Assisted Living Facility (ALF) Waiver. The ALF Waiver allows participants ages 19 and older who require services equivalent to a nursing facility level of care to receive services in an ALF. Each ALF Waiver participant has a plan of care prepared by a case manager. Medicaid requires a functional assessment to determine eligibility for the ALF Waiver. Medicaid will not cover services for an individual who has not met the level of care assessment criteria.

Medicaid continues to strengthen the quality assurance component of the waiver program by increasing provider

accountability and developing internal processes to gather data to validate strengths and weaknesses.

There are 15 ALFs in Wyoming providing ALF Waiver services. This has allowed access and choice for waiver participants.

Children's Mental Health Waiver

The CMH Waiver was developed to allow youth with serious emotional disturbance who need mental health treatment to remain in their home communities. Waiver participants must be between the ages of 4 and 20, have needs that meet the definition of serious emotional disturbance, be financially eligible for Medicaid based on the child's income, qualify based on a standardized assessment, and meet specific inpatient clinical criteria.

The program offers a High Fidelity Wraparound community based service as an alternative to institutionalization.

Each participant has an individualized plan of care developed by a team of providers and the participant's family. Waiver participants receive non-clinical services as outlined in their plan of care, including family care coordination, youth and family training and support, and respite.

Medicaid provides pregnancy planning services through a Section 1115 waiver called Pregnant by Choice. The Pregnant by Choice Waiver is a five year demonstration project that was effective from October 1, 2008 through September 30, 2013. The CMS granted an extension to the project, which is currently effective through December 31, 2017.

The waiver provides family planning services and birth control options to women who have received Medicaid benefits under the Pregnant Women program and who would otherwise lose Medicaid eligibility 60 days after giving birth. The goal of the waiver is to reduce the

incidence of closely spaced pregnancies and decrease the number of unintended pregnancies. The intent is to reduce health risks to women and children and achieve cost savings.

The Pregnant by Choice Waiver services are included in the individual service sections in this Report, and thus are excluded from the service overview tables.

Table 57. Pregnant by Choice Waiver Summary

| | SFY 2011 | SFY 2012 | SFY 2013 | SFY 2014 | SFY 2015 | SFY 2016 | 5 Year Percent Change |
|----------------------------|-----------|-----------|-----------|----------|----------|----------|-----------------------|
| Expenditures | \$106,300 | \$111,105 | \$123,985 | \$76,481 | \$30,272 | \$8,356 | -92 |
| Recipients | 424 | 407 | 372 | 280 | 107 | 31 | -93 |
| Expenditures per Recipient | \$251 | \$273 | \$333 | \$273 | \$283 | \$270 | 8 |

Waiver services are provided by family planning clinics, primary care physicians (MDs and DOs) in public and private practice, certified nurse midwives, nurse practitioners, physician assistants, pharmacies, laboratories, outpatient departments of hospitals, federally qualified health centers, rural health clinics, and Indian health services.

Medicaid implemented the waiver on January 1, 2009; therefore, expenditures for SFY 2009 represent six months of activity. The Pregnant by Choice Waiver is currently effective through December 31, 2017.

Subprograms and *Special Populations*

SUBPROGRAMS

Medicaid has implemented subprograms to meet federal or state government mandates, to meet the specific medical needs of Medicaid individuals and to give individuals better access to care or more care options. While these subprograms are carried out in conjunction with the service areas described in the preceding sections, there are specific features of these subprograms that warrant separate discussion.

Administrative Transportation

Medicaid covers the cost of transportation to and from medical appointments if all three criteria below are met:

1. The medical appointment must be medically necessary.
2. Transportation must be approved at least three business days in advance by the Department.³²
3. The least costly mode of transportation must be selected.

Medicaid chooses the appropriate mode of transportation based on expense and reasonable availability, which includes public transportation, private automobile, taxi, bus, shuttle service and airline.

In addition to the cost of transportation, per diem expenses are reimbursable to the family or legal guardian if the individual is under age 21 (considered a child) and the services to be received are expanded services. Reimbursement for per diem expenses is limited to \$25 per day if the child receives inpatient services and \$50 per day if the child receives outpatient services. The per diem payment is to be used for meals and commercial lodging.

³² Retrospective transportation reimbursement is allowed if the request is made within 30 days of travel and all required documentation is provided.

Drug Utilization Review Program

Medicaid established a Drug Utilization Review (DUR) program in 1992 in response to requirements outlined in OBRA 90 and defined in the Code of Federal Regulations (42 CFR 456 Subpart K). The program reviews utilization of outpatient prescription drugs to ensure individuals are receiving appropriate, medically necessary medications which are not likely to result in adverse effects. Medicaid has contracted with the University of Wyoming to administer the program. The program includes a number of activities, as described in the following sections.

Pharmacy & Therapeutics (P&T) Committee

The P&T Committee is comprised of six physicians, five pharmacists, and one allied health professional, all actively practicing in the state of Wyoming, as well as ad hoc members, including the Medicaid Medical Director, Pharmacy Program Manager, Pharmacist Consultant, and a drug information specialist from the University of Wyoming, School of Pharmacy.

The P&T Committee meets four times per year to provide recommendations regarding prospective drug utilization review, retrospective drug utilization review and education activities to Medicaid.

Prospective DUR

Required review of prescription claims for appropriateness prior to dispensing at the pharmacy.

This review takes prior authorization policies into consideration while identifying potential issues, including, but not limited to, therapeutic duplication, drug-disease contraindications, drug-drug interactions, potential adverse effects.

Retrospective DUR

Ongoing review of aggregate claims data to uncover trends and review individual patient profiles to aid in monitoring for therapeutic appropriateness, over- and underutilization, therapeutic duplication, drug-disease contraindications, drug-drug interactions and others issues.

The review of aggregate claims data can lead to recommendations for prospective DUR policy, including prior authorizations, to encourage appropriate utilization at the program level.

Reviewing individual patient profiles may result in educational letters to the prescriber when the reviewing Committee members determine the issue to be clinically significant to a specific patient.

Education

Quarterly newsletters are sent to all Wyoming providers. Targeted education letters regarding duplicate benzodiazepine utilization, long and short acting opiate utilization, and high dose opiate utilization were also sent.

Review of Clinical Evidence

The P&T Committee is responsible for reviewing evidence regarding the comparative safety and efficacy of medications. The Committee makes recommendations to Medicaid regarding the comparative safety and efficacy of each reviewed class, and provides input on clinical considerations that are included in the creation of the Medicaid PDL.

Input from the Medical Community

The DUR Program actively solicits feedback about PA policies from prescribers in Wyoming through direct mailings. The letters are sent to all specialists in the affected area as well as a random sample of fifty general practitioners. The P&T Committee reviews all comments that are received prior to giving final approval of the policy. This is an important step in the DUR process which allows providers an opportunity to participate in the decision-making process.

Providers are encouraged to submit comments and concerns to the P&T Committee for review through the public comment forms available on the DUR website. Providers may use this method to comment on existing policy as well as new policy.

Health Check is a program for children under age 21 that provides the following services under Early, Periodic Screening Detection and Treatment (EPSDT) authority:

- Physical exams
- Immunizations
- Lab tests (blood tests and lead screening)
- Growth and developmental check
- Nutrition check
- Eye exam
- Hearing screening
- Dental screening
- Health information
- Behavioral health assessment
- Other healthcare prescribed by a physician and approved by Medicaid
- Teenage health education
- Transportation (ambulance and administrative)

Medicaid will reimburse all Health Check screening exams and authorized follow-up care and treatment as long as the child is eligible for Medicaid.

Health Information Technology

Wyoming Department of Health Health Information Technology (HIT) systems enable and support Medicaid providers achieve Meaningful Use and allow for clinical data interoperability among providers in Wyoming with the ultimate goal of improving the quality of healthcare.

Total Health Record Gateway

The Total Health Record (THR) Gateway is a Medicaid Health Information Exchange (HIE) that is currently connected to the Immunization, Cancer, Laboratory, and Early Hearing Detection Indicator (EHDI) registries. The gateway provides a single interface connection to Wyoming providers for Public Health Reporting as required to meet Meaningful Use (MU). Access to the THR Gateway requires a certified Electronic Health Record (EHR).

During SFY 2016, 67 new connections were established with providers.

Total Health Record Electronic Health Record

Wyoming offers the THR EHR to Wyoming Medicaid providers at no cost. The THR EHR is an ONC Stage 2 Certified electronic health record and is currently used in 33 clinical settings. This enables them to meet the eligibility requirements for the EHR Incentive Program and promotes connectivity across the state.

Continuity of Care Document

The THR Gateway also provides a Continuity of Care Document (CCD) that gives providers medical information on Medicaid recipients. This information is collected through a combination of claims and providers via the Electronic Health Record (EHR). Alerts are then generated to enable providers the ability to follow-up as needed with their Medicaid recipients.

Electronic Health Record Incentive Program

Medicaid established an EHR Incentive Program under the American Recovery and Reinvestment Act (ARRA) of 2009. This program provides incentive payments to eligible professionals and hospitals for the adoption, implementation, upgrading, and meaningful use of an EHR. Payments for this program are paid with 100 percent federal funds.

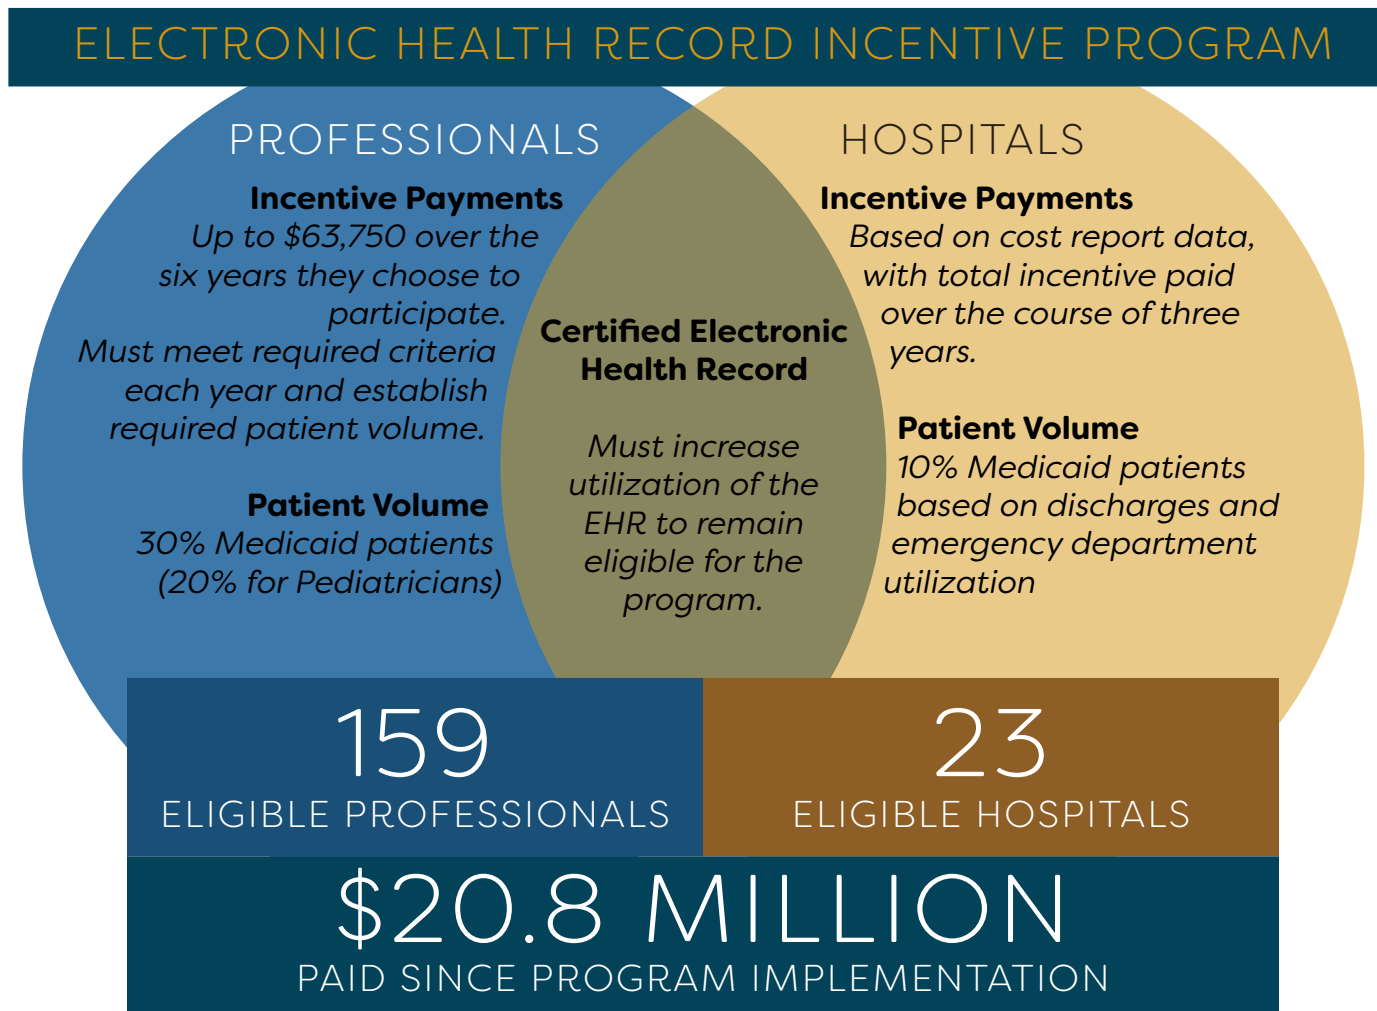

Figure 25. Electronic Health Record Incentive Program

State Level Repository

The State Level Repository (SLR) system is used by Wyoming providers to attest for the Medicaid EHR Incentive Program. This has been expanded to also accept Clinical Quality Measures (CQM) submissions for the Patient Centered Medical Home (PCMH) Program through both manual and electronic upload of HL7 Quality Reporting Document Architecture (QRDA). This information can then be viewed by state staff to set benchmarks and measure improvement.

Data Repository

A data repository is used to collect data from both the THR Gateway and the SLR. This is then used to generate reports for Medicaid program managers to assist with identifying program gaps and tracking patient outcomes in an effort to reduce overall Medicaid costs.

WYOMING HEALTH INFORMATION EXCHANGE

STATE LEVEL REPOSITORY

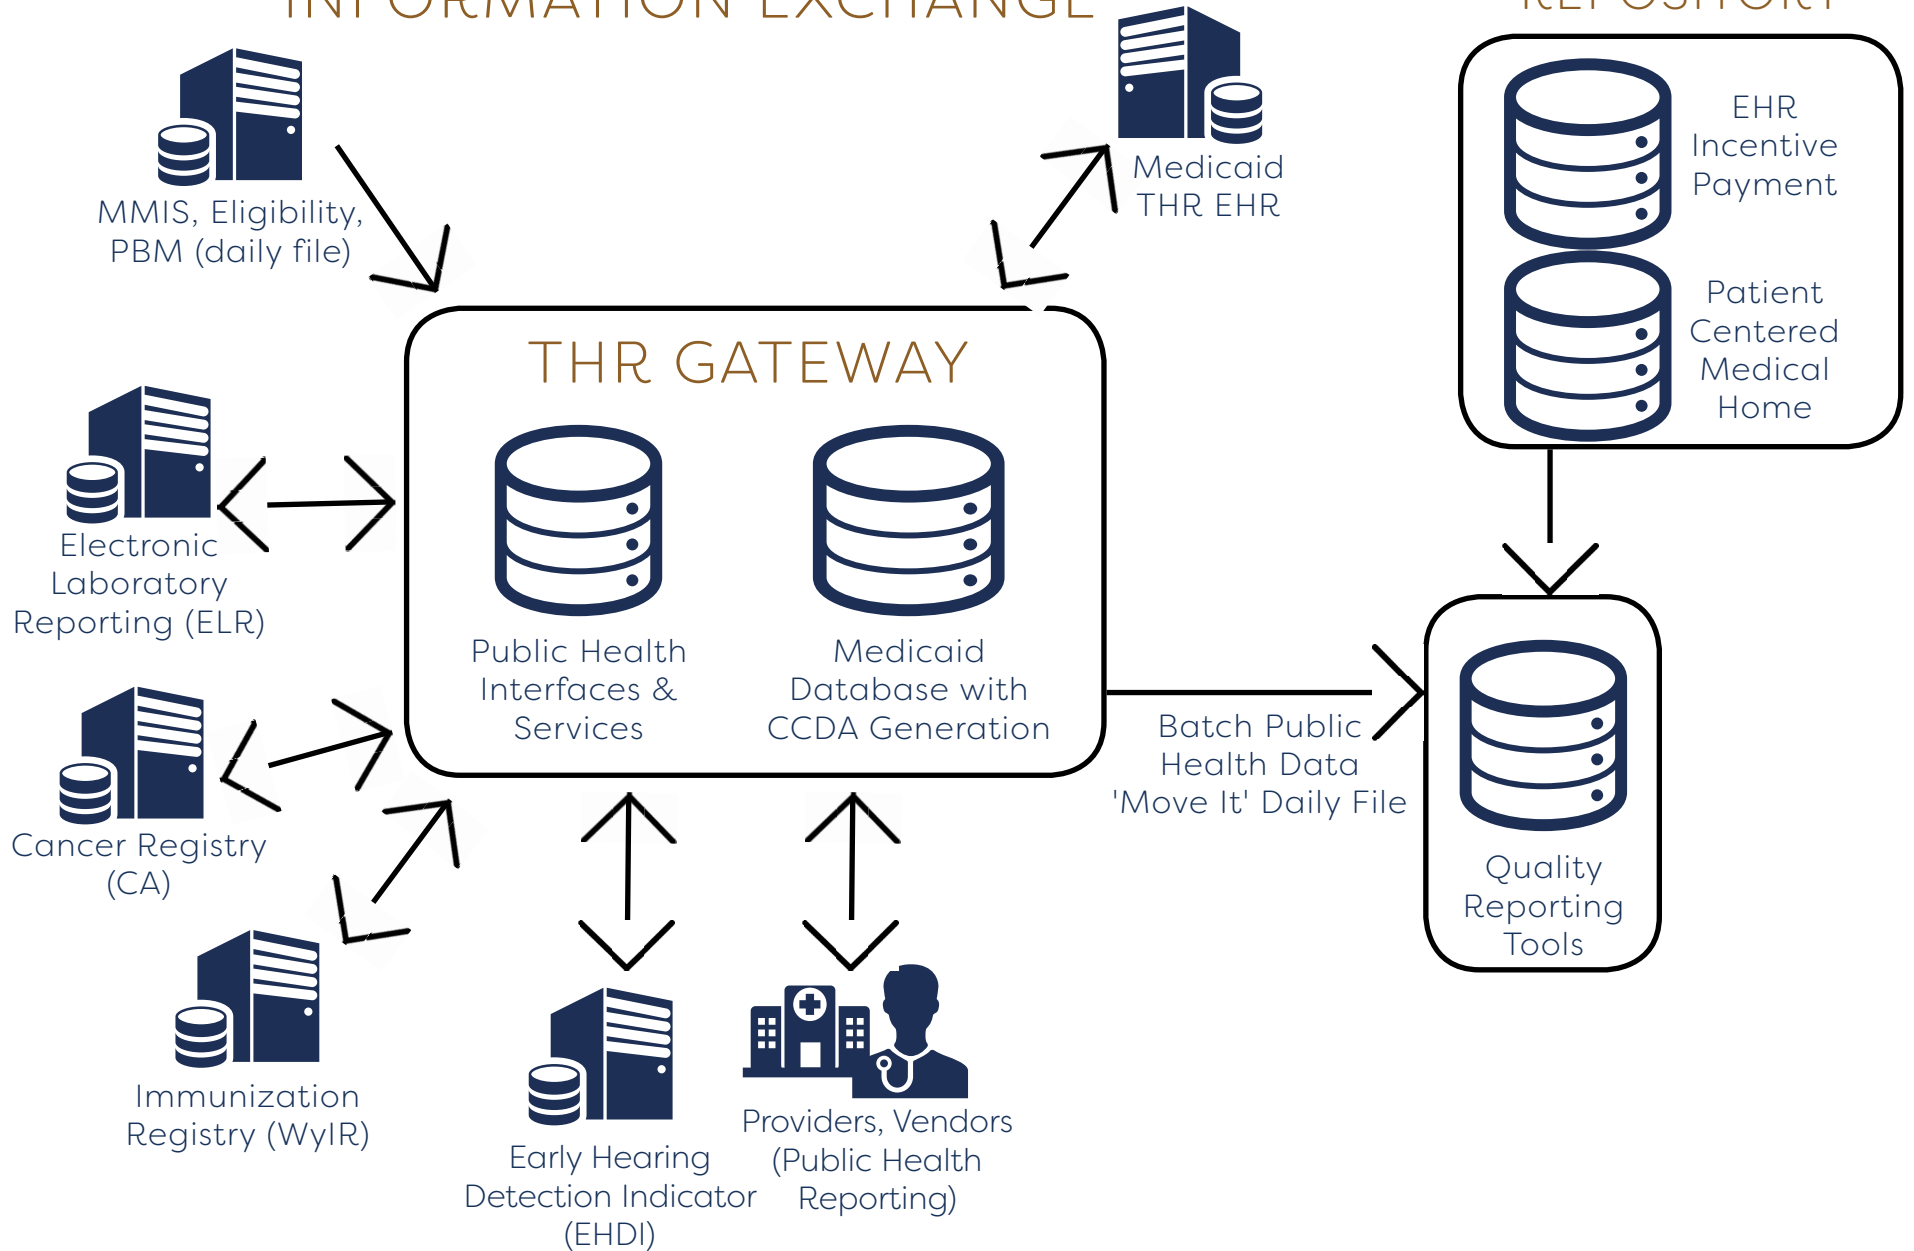

Figure 26. Wyoming Health Information Exchange and Medicaid

Project Out

Project Out is a temporary, short-term intervention and assistance program helping participants overcome the barriers to living independently in the community. The program covers non-Medicaid services that allow an individual to divert nursing facility care or to transition out of a nursing home and back to the community.

In SFY 2016 the program, which is 100% state-funded, served 238 recipients for a total of \$100,638.

The program provides targeted case management that works with the participant's healthcare provider and/or discharge planner to create a transition or diversion plan, identifying the services and supports necessary for independent living. Limited financial resources to assist with the diversion or transition are also provided to cover such expenses as moving/storage, rental/utility deposits, furniture, household items, home modifications (i.e. grab bars and assistive devices), and limited transportation. Participants are also linked to community services and long-term care programs that provide ongoing support.

Diversion

an individual, who is at risk of needing nursing facility care or who has been in the nursing home for less than 3 months, is able to remain in or return to the community

Transition

an individual, who has resided in a nursing facility or long-term care institution for at least 3 months, returns to the community.

Patient Centered Medical Home

The Patient Centered Medical Home (PCMH) program is a value-based purchasing model that is patient-centered, comprehensive, team-based, coordinated, and accessible with a focus on quality and safety, promoting improved primary care processes and health outcomes so care meets national standards while avoiding preventable events. Patient treatment is coordinated through their primary care physician to ensure they receive the necessary care when and where they need it, in a manner they can understand.

In SFY 2016 the PCMH program had 46 rendering physicians and nurse practitioners across 6 practices participating with over 14,000 Medicaid Recipients reached.

SPECIAL POPULATIONS

This section provides greater detail on two Medicaid populations of interest: Medicaid/Medicare Dual Enrolled Members and Foster Care.

Medicaid/Medicare Dual Enrollment

Individuals with Medicare coverage, depending on income, may also be eligible for Medicaid services. These individuals are referred to as dual enrolled. For dual enrolled members, Medicare pays first for services covered by both programs, while Medicaid covers additional payments through crossover claims. Non-Medicare-covered services are entirely funded by Medicaid, up to Wyoming's payment limit.

Limited medical benefits are available to pay out-of-pocket Medicare cost-sharing expenses, for those Medicare beneficiaries who do not qualify for full Medicaid coverage. These benefits are provided through the programs, described here:

Qualified Medicare Beneficiaries (QMB)

Provides assistance with Medicare premiums, deductibles, and coinsurance to individuals whose resources do not exceed three times the SSI resource limit adjusted annually by the increase in the consumer price index and income less than or equal to 100 percent of the FPL receive assistance.

Specified Low-Income Medicare Beneficiaries (SLMB)

Provides assistance with Medicare Part B premiums to individuals whose resources do not exceed three times the SSI resource limit adjusted annually by the increase in the consumer price index and income exceeding the QMB level, income more than the 100 percent of the FPL, but less than 120 percent of the FPL.

Qualified Individuals (QI)

Provides assistance with Medicare Part B premiums to individuals who are not otherwise eligible for full Medicaid benefits, whose resources do not exceed three times the SSI resource limit adjusted annually by the increase in the consumer price index, with income between 120 percent and 135 percent of the FPL. Premiums for this group are paid with 100 percent federal funds.

This section includes information on both crossover claims services and those services funded entirely by Medicaid. Premium assistance payments for QMB, SLMB-1, and QI members are not included as these are considered administrative expenditures.

| Total | \$210,495,628 | 10,341 | \$20,355 |

Claims data for dual enrolled members was included in the service area detail provided earlier in this report.

³³ This table displays a unique count of recipients for each service area, as well as the total unique count of all dual enrolled recipients. Summing the recipients for each year across all service areas will not equal the total recipients shown as recipients often receive multiple services through the SFY.

Dual enrolled recipients most commonly utilized Physician and Other Practitioner and Hospital services, with 80 percent and 67 percent of unique recipients receiving those services respectively.

PERCENT OF TOTAL UNDUPLICATED DUAL ENROLLED RECIPIENTS BY SERVICE AREA

Figure 29. Percent of Total Unduplicated Dual Enrolled Recipients by Service Area

However, Physician and Other Practitioner services only accounted for 2.3 percent of dual enrolled expenditures due to the majority (88 percent) being from crossover claims. Waiver and Nursing Facility expenditures comprised the largest portion of dual enrolled expenditures, with 38 percent and 37 percent, respectively, as most of these claims are funded exclusively by Medicaid.

PERCENT OF DUAL ENROLLED EXPENDITURES BY SERVICE AREA

Figure 30. Percent of Dual Enrolled Expenditures by Service Area

The foster care program is administered through the Department of Family Services (DFS), providing for a child until a more permanent plan for the child's well-being can be implemented. Medical coverage under foster care is intended to provide for the medical needs of the children while in DFS custody.

Two types of medical coverage are available:

Medicaid Foster Care

For children eligible for Medicaid. Foster children covered under Title IV-E of the Social Security Act and some children receiving federally reimbursed adoption subsidies must be covered by Medicaid.

Wyoming also uses existing Medicaid eligibility groups to extend coverage to non-Title IV-E eligible foster children and adopted children supported by state-funded subsidies.

State Foster Care

For children ineligible for Medicaid. Includes children awaiting eligibility determination, those who do not meet income requirements or are institutionalized.

| Overall | 88,775 | | 75,015 | | \$554,583,138 | |

³⁵ Enrollment is based on Complete SFY.

³⁶ Recipients and Expenditures are based on recipient county of residence on file at the time the claim was processed in the MMIS. As recipients may move between counties, summing the county totals will not match the total recipient count shown. Recipients in "Other" county have moved out of the state prior to their claim being processed.

PROVIDERS

The data in this section is based on claims paid and does not reflect the number of active and enrolled providers, but only those providers paid during the SFY.

Table 67. Provider Summary by Taxonomy

| Provider Taxonomy | Providers | Recipients | Expenditures |
|----------------------------------------------------------------------|-----------|------------|--------------|
| Addiction Therapist/Practitioner (101YA0400X) | 4 | 95 | \$112,463 |
| Adult Health (363LA2200X) | 1 | 15 | \$1,789 |
| Advance Practice Nurse (364SP0808X) | 11 | 649 | \$286,789 |
| Allergy And Immunology, Allergy (207KA0200X) | 9 | 821 | \$444,553 |
| Ambulance (341600000X) | 67 | 3,305 | \$3,571,623 |
| Ambulatory Family Planning Facility (261QA0005X) | 9 | 454 | \$55,497 |
| Ambulatory Surgical (261QA1903X) | 33 | 3,419 | \$5,953,159 |
| Anesthesiology (207L00000X) | 86 | 7,153 | \$2,568,307 |
| Audiologist (231H00000X) | 15 | 407 | \$123,718 |
| Case Management (251B00000X) | 100 | 2,392 | \$20,056,159 |
| Chiropractor (111N00000X) | 34 | 540 | \$99,664 |
| Chpr Cme (251S00000X) | 1 | 5 | \$5,021,978 |
| Clinic/Center (261Q00000X) | 12 | 1,529 | \$1,361,953 |
| Clinical Medical Laboratory (291U00000X) | 90 | 9,561 | \$1,536,310 |
| Clinical Neuropsychologist (103G00000X) | 2 | 2 | \$642 |
| Clinical Psychologist (103TC0700X) | 94 | 3,973 | \$13,790,956 |
| Day Training, Developmentally Disabled Service (251C00000X) | 601 | 2,696 | \$93,766,911 |
| Dentist (122300000X) | 25 | 3,512 | \$1,445,036 |
| Dentist, General Practice (1223G0001X) | 146 | 16,579 | \$7,171,071 |
| Dermatology (207N00000X) | 15 | 1,985 | \$253,755 |
| Diagnostic Radiology (2085R0202X) | 45 | 19,509 | \$2,018,120 |
| Durable Medical Equipment And Medical Supplies (332B00000X) | 244 | 6,503 | \$6,610,828 |
| Emergency Medicine (207P00000X) | 39 | 15,890 | \$3,198,766 |
| End-Stage Renal Disease (ESRD) Treatment (261QE0700X) | 14 | 128 | \$948,612 |
| Endodontics (1223E0200X) | 5 | 73 | \$51,569 |
| Family Health (363LF0000X) | 16 | 1,614 | \$311,405 |
| Family Practice (207Q00000X) | 88 | 22,304 | \$6,384,974 |
| Federally Qualified Health Center (261QF0400X) | 9 | 6,430 | \$3,689,548 |

Appendix B REIMBURSEMENT Methodology

This section provides a brief overview and recent history of the reimbursement methodology for the service areas discussed in this report.

Table 71. Reimbursement Methodology and History by Service Area

Ambulance

Lower of the Medicaid fee schedule or the provider’s usual and customary charge
 Fixed fee schedule for transport
 Mileage and disposable supplies reimbursed separately
 Separate fee schedules for: Basic life support (ground), Advanced life support (ground), Additional advanced life support (ground), Air ambulance

| SFY 2011 | SFY 2012 | SFY 2013 | SFY 2014 | SFY 2015 | SFY 2016 |
|-----------|-----------|-----------|-----------|-----------|-----------|
| No change | No change | No change | No change | No change | No change |

Wyoming State Rule Chapter 15; Chapter 3

Ambulatory Surgery Center

Based on Medicaid’s Outpatient Prospective Payment System (OPPS). Uses Medicare’s relative weights and the Wyoming Medicaid payment method for each service (OPPS status indicator) for each procedure code. Medicaid adopted Medicare’s OPPS status indicators for most services, with some adjustments for Medicaid policies.

Services are paid based on one of the following (by status indicator): 1) Ambulatory Payment Classification (APC) fee schedule, 2) separate Medicaid fee schedule, or 3) percentage of charges.

| SFY 2011 | SFY 2012 | SFY 2013 | SFY 2014 | SFY 2015 | SFY 2016 |
|-----------|-----------|-----------|-----------|----------------------------------------------------------------------------------------------------------------------------|-----------|
| No change | No change | No change | No change | Adopted new OPPS-based methodology to better align reimbursement with those services provided in other outpatient settings | No change |

43 CFR 447.321 SPA 4.19B

Behavioral Health

Lower of the Medicaid fee schedule or the provider’s usual and customary charge
 Separate fee schedules based on the type of provider

Wyoming State Plan Attachment 4.19B

Durable Medical Equipment, Prosthetics, Orthotics and Supplies

Lower of the Medicaid fee schedule, or the provider's usual and customary charge
Rates based on Medicare's fee schedule which is updated annually for inflation based on the consumer price index
For procedure codes not on Medicare's fee schedule, Medicaid considers other states' rates
Certain DME is manually priced based on the manufacturer's invoice price, plus a 15% add-on, plus shipping and handling
Delivery of DME more than 50 miles roundtrip is reimbursed per mile

| No change | No change | Beginning January 1, 2013 The Affordable Care Act (ACA) mandated increased primary care service payment by State Agencies of least the Medicare rates in effect in CY 2009 for CY 2013 and 2014. This only effected Evaluation and Management procedure codes 99201-99499 and Vaccine codes 90460, 90471, 90472, 90743 and 90474. This was only applicable to Physicians that completed a self-attestation to having a specialty in Family, Internal or Pediatric Medicine. | The ACA Primary Care Service Payments officially ended December 31, 2014. | No change | No change |

State Plan Amendment 3.1 and 4.19B

Prescription Drugs

Lower of the estimated acquisition cost (EAC) of the ingredients plus the dispensing fee and the provider's usual and customary charge. The EAC is the Average Wholesale Price (AWP) minus 11%. The AWP is determined by pricing information supplied by drug manufacturers, distributors and suppliers and is updated monthly. Some drugs are priced by the State Maximum Allowable Cost (SMAC). Dispensing fee is \$5.00 per claim

State Plan 3.1-A; State Plan 4.19B/6.b

Waivers - Acquired Brain Injury / Adult ID-DD / Child ID-DD

Cost based reimbursement methodology, implemented in SFY 2009. The Individualized Budget Amount (IBA) is based on the historical plan of care units multiplied by the respective service rate less one-time costs, such as assessments, specialized equipment or home modifications. Reimbursement for specific residential and day habilitation services is made on a per diem basis and varies by provider and consumer. Consumers negotiate rates based on their budget amount. For extraordinary care needs, the Extraordinary Care Committee (ECC) reviews the full service and support structure of a participant, including non-waiver services and supports, to determine the appropriate service(s) and funding to meet the participant's assessed needs. The ECC will also review requests for IBA adjustments due to a change in client needs or emergencies.

| SFY 2011 | SFY 2012 | SFY 2013 | SFY 2014 | SFY 2015 | SFY 2016 |
|----------------------------------------------------------------------------------------------------|-----------|-----------|-------------------------------------------------------------------------------------------------------------------------------------------|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A 6% restoration of the SFY 2010 10% rate reduction (or 96% of the SFY 2009 rates) was implemented | No change | No change | Rates were reduced by 1% at the beginning of FY 14 as required by the legislature to reach a 4% overall budget reduction for the waivers. | No change | Participants will transition to either the Comprehensive or Supports Waiver between January 1st and March 31st of 2017. On March 31st, 2017, this waiver will be closed. No rate changes. |

Required to rebase the rates and conduct rate studies every 2 -4 years per Wyoming Statute Wyo. Stat. § 42-4-120(g)

Waivers - Comprehensive and Supports

Implemented in SFY 2014 with reimbursement based on the cost based reimbursement methodology implemented in SFY 2009, but with the reductions made in SFY 2011 and SFY 2014 applied. The Individualized Budget Amount (IBA) is based on the historical plan of care units multiplied by the respective service rate less one-time costs, such as assessments, specialized equipment or home modifications. Reimbursement for specific residential and day habilitation services is made on a per diem basis and varies by provider and consumer. Consumers negotiate rates based on their budget amount. For extraordinary care needs, the Extraordinary Care Committee (ECC) reviews the full service and support structure of a participant, including non-waiver services and supports, to determine the appropriate service(s) and funding to meet the participant's assessed needs. The ECC will also review requests for IBA adjustments due to a change in client needs or emergencies.

Table 74. Eligibility Requirements

| Category Group | Eligibility Category | Benefits | Eligibility Requirement | Countable Income | Income Level | Resource Limits |
|--------------------------------|--------------------------------------------------------------------------------|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
| Children | Newborn | Full Medicaid Coverage | Newborns up to age one, with Medicaid eligible mothers | N/A; eligibility determined by mother's Medicaid eligibility | | |
| | Children Age 0-5 | Full Medicaid Coverage | Under age six | Countable family income | Less than or equal to 154 percent of FPL | |
| | Children Age 6-18 | Full Medicaid Coverage | Under age 19 | Countable family income | Less than or equal to 133 percent of FPL | |
| | Foster Care | Full Medicaid Coverage | Under age 21, in DFS custody | Requirements vary by type of foster care coverage or subsidized adoption | | |
| | Subsidized Adoption | Full Medicaid Coverage | Under age 18; under age 21 for children with special needs | Requirements vary by type of foster care coverage or subsidized adoption | | |
| Pregnant Women | Pregnant Women | Full Medicaid Coverage | Pregnant | Countable family income | Less than or equal to 154 percent of FPL | |
| | Presumptive Eligibility for Pregnant Women | Outpatient services for a limited time | Pregnant | Countable family income | Less than or equal to 154 percent of FPL | |
| Family Care | Family Care | Full Medicaid Coverage | Adult with eligible child under age 19 living in the household | Countable family income | Less than or equal to Family Care Income Standard | |
| | Family Care 4 and 12 month (extended medical) | Full Medicaid Coverage | Adult with eligible child under age 19 living in the household; Family unit must have received family care benefits for at least three of the previous 6 months | Countable family income | Exceeds the family care income standard due to increased income due to increased employment, increased salary, parent returning to work, or child support | |
| | Ageing-Out Foster Care Program | Full Medicaid Coverage | Under age 26 | Requirements vary by the type of foster care coverage or subsidized adoption | | |
| Aged, Blind, or Disabled (ABD) | ABD Individuals in Institutions | Full Medicaid Coverage | Age 65 or older; or blind by SSI standards; or disabled by SSI standards; and in an institutional setting, such as nursing home, IMD, hospice care, inpatient hospital, or ICF-ID | Countable personal income | Less than or equal to 300 percent of the SSI payment standard for a single individual | yes |
| | Categories with eligibility determined by Social Security Administration (SSA) | Full Medicaid Coverage | SSI eligibility | Countable personal and spousal income | Eligibility determined by SSA; automatically eligible for Medicaid Monthly SSI Payment Standard | yes |
| | SSI related categories with eligibility determined by DFS | Full Medicaid Coverage | Lost SSI due to increase or receipt of Social Security benefits; disregard increase or SSA benefit amount | Countable personal income | Countable income less than or equal to Monthly SSI Payment Standard | yes |

| Category Group | Eligibility Category | Benefits | Eligibility Requirement | Countable Income | Income Level | Resource Limits |
|--------------------------|--------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------|-----------------|
| Medicare Savings Program | Qualified Medicare Beneficiary (QMB) | Medicaid covers Medicare Part A/B premiums CMS assists with Medicare Part D premiums Medical deductible and coinsurance payments | Entitled to Medicare Part A or Part B | Countable personal and spousal income | Less than or equal to 100 percent of FPL | yes |
| | Specified Low-Income Medicare Beneficiary (SLMB) | Medicaid pays Medicare Part B premiums | Entitled to Medicare Part B | Countable personal and spousal income | Less than or equal to 120 percent of FPL | yes |
| | Qualified Individuals (QI) | Medicaid pays Medicare Part B premiums (100% federal funds) | Entitled to Medicare Part B | Countable personal and spousal income | Between 121 and 135 percent of FPL | yes |
| Special Groups | Breast and Cervical Cancer | Full Medicaid Coverage | Between age 18 and 65 (if over 65, must not be eligible for Medicare Part B); meet Preventative Health and Safety Division criteria; no insurance coverage paying for cancer screening or treatment (including Medicaid and Medicare Part B) | Countable personal income | Less than or equal to 250 percent of FPL | |
| | Tuberculosis | Partial benefits related to tuberculosis | Verification of tuberculosis | Countable personal income | Based on twice SSI Payment Standard, plus \$85 per month | yes |
| Medicaid Buy-In | Employed Individuals with Disabilities | Full Medicaid benefits after payment of premium (7.5 percent of gross monthly income) | Between age 16 and 64; disabled; employed | Countable personal and spousal income | Unearned income less than or equal to 300 percent of the SSI standard for a single individual | |
| Non-Citizens | Non-Citizens with Medical Emergencies | Benefits limited to services provided from the time treatment was given for a condition until that same condition is no longer considered an emergency | Illegal immigrants or qualified immigrants who do not meet citizenship criteria | Meets applicable eligibility requirements under an existing eligibility group | | |

Appendix **D** *Glossary* & **ACRONYMS**

GLOSSARY

Acquired Brain Injury (ABI) – Damage to the brain that occurs after birth and is not related to a congenital or degenerative disorder.

Affordable Care Act (ACA) – The Patient Protection and Affordable Care Act as well as the Healthcare and Education Reconciliation Act was signed into law in March 2010. These laws are collectively known as the Affordable Care Act legislation and represent a significant overhaul to the healthcare system.

Ambulatory Surgical Center (ASC) – A free-standing facility, other than a physician’s office or a hospital, where surgical and diagnostic services are provided on an ambulatory basis. The facility operates exclusively for the purpose of providing surgical services to patients not requiring hospitalization and in which the expected duration of services would not exceed 24 hours.

Ambulatory Payment Classifications (APC) – A group to which an outpatient service is assigned in Medicare’s prospective payment system for outpatient hospital services. The healthcare common procedure coding system, including certain current procedural terminology codes and descriptors are used to identify and group the services within each APC group. Services within an APC group are comparable clinically and with respect to resource use. A payment rate is established for each APC group.

American Recovery and Reinvestment Act of 2009 (ARRA) – Legislation signed into law in February 2009 in response to the economic crisis. The Act specified funding for a wide range of federal programs, including certain benefits under Medicaid.

Average Wholesale Price (AWP) – The published price for drug products charged by wholesalers to pharmacies.

Basic Life Support – A level of medical care, usually provided by emergency medical service professionals, provided to patients of life-threatening illnesses or injuries until they can be given full medical care. Basic life support consists of essential non-invasive life-saving procedures including CPR, bleeding control, splinting broken bones, artificial ventilation, and basic airway management.

Benefits Improvement and Protection Act of 2000 (BIPA) – Legislation signed into law in December 2000 that affects several aspects of Medicare and Medicaid.

Centers for Medicare and Medicaid Services (CMS) – The government agency within the Department of Health and Human Services that administers the Medicare program, and works with states to administer Medicaid. In addition to Medicare and Medicaid, CMS oversees the Children’s Health Insurance Program.

Children’s Health Insurance Program (CHIP) – A federal-state partnership program to provide free or low-cost health insurance for uninsured children under age 19. The CHIP is intended for uninsured children whose families earn too much to qualify for Medicaid, but not enough to get private coverage.

Cognos – The reporting tool used to extract data from the Medicaid Management Information System (MMIS).

Commission on Accreditation of Rehabilitation Facilities (CARF) – An organization that accredits rehabilitation facilities.

Community Mental Health Center (CMHC) – A community based healthcare facility that provides comprehensive mental health services to individuals residing or employed in the facility service area.

Comprehensive Outpatient Rehabilitation Facility (CORF) – A facility that provides coordinated, comprehensive outpatient rehabilitation services under the supervision of a physician. At minimum, a CORF must provide physician supervision and physical therapy and social or psychological services to be certified as a CORF.

Co-payment – A fixed amount of money paid by the enrolled member at the time of service.

Council on Accreditation – An organization that accredits healthcare organizations.

Crossover Claim – Services for Medicaid and Medicare dual individuals in which Medicare is the primary payer and forwards the claim to Medicaid for additional payments.

Current Procedural Terminology (CPT) – A code set developed by the American Medical Association for standardizing the terminology and coding used to report medical procedures and services. CPT codes are Level I of the HCPCS code set.

Deficit Reduction Act of 2005 (DRA) – Legislation signed into law in February 2006 that affects several aspects of Medicare and Medicaid.

Department of Health and Human Services (HHS) – The United States government’s principal agency for protecting the health of all Americans and providing essential human services, especially for those who are least able to help themselves.

Disproportionate Share Hospital (DSH) – Hospitals that serve a significantly disproportionate number of low-income individuals. Eligible hospitals can receive an adjustment payment under Medicaid.

Drug Utilization Review (DUR) – A review utilization of outpatient prescription drugs to determine if recipients are receiving appropriate, medically necessary medications which are not likely to result in adverse effects.

Durable Medical Equipment (DME), Prosthetics, Orthotics and Supplies – Medical equipment and other supplies that are intended to reduce an individual’s physical disability and restore the individual to his or her functional level.

Dual Individual – For the purposes of this Report, an individual enrolled in Medicare and Medicaid who is eligible to receive Medicaid services.

Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) – The comprehensive and preventive child health component of Medicaid for individuals under age 21. Medicaid’s EPSDT services are operated under the Health Check program. All medically necessary diagnostic and treatment services within the federal definition of Medicaid medical assistance must be covered, regardless of whether or not such services are otherwise covered under the state Medicaid plan for adults ages 21 and older.

Eligibility – Criteria that establish an individual as qualified to enroll in Medicaid. The federal government establishes minimum eligibility standards and requires states to cover certain population groups. States have the flexibility to cover other population groups within federal guidelines.

Enrollment – A unique count of members enrolled in Medicaid. Enrollment may be reported at a point in time (e.g., as of June 30) or over a time frame (e.g., SFY 2015).

End Stage Renal Disease (ESRD) – The complete, or almost complete, failure of the kidneys to function. The only treatments for ESRD are dialysis or kidney transplantation.

Estimated Acquisition Cost (EAC) – The estimated cost to the pharmacy of acquiring a prescription drug. Federal regulations require that each State's reimbursement for Medicaid prescription drugs not exceed the lower of (1) its estimated acquisition cost plus a dispensing fee, or (2) the provider's usual and customary charge to the public for the drug.

Expenditure – Funds or money spent to liquidate an expense regardless of when the service was provided or the expense was incurred.

Explanation of Benefits (EOB) – An itemized statement of services from an insurance company detailing what services were paid for on the behalf of an individual. The EOB informs an individual what portion of a claim was paid to the healthcare provider and what portion of the payment, if any, the individual is responsible for.

Federal Fiscal Year (FFY) – The 12 month accounting period, for which the federal government plans its budget, usually running from October 1 through September 30. The FFY is named for the end date of the year (e.g., FFY 2009 ends on September 30 2009).

Federal Medical Assistance Percentage (FMAP) – The percentage rates used to determine the federal matching funds allocated to the Medicaid program. The FMAP is the portion of the Medicaid program that is paid by the federal government.

Federal Poverty Level (FPL) – The amount of income determined by the Department of Health and Human Services that is needed to provide a minimum for living necessities.

Federally Qualified Health Center (FQHC) – A designated health center in a medically underserved area that is eligible to receive cost-based Medicare and Medicaid reimbursement.

Federal Upper Limit (FUL) – The maximum price pharmacies receive as reimbursement for providing multiple-source generic prescription drugs. The FUL is established by the Centers for Medicare and Medicaid Services in order to achieve savings by taking advantage of current market pricing. Not all drugs have FULs and states may establish reimbursement limits for non-FUL drugs using other pricing methodologies.

Fee Schedule – A complete listing of fees used by health plans to pay medical care professionals.

Healthcare Common Procedure Coding System (HCPCS) – A standardized coding system used to report procedures, specific items, equipment, supplies, and services provided in the delivery of healthcare. There are two principal subsystems, Level I and Level II. Level I codes are comprised of CPT codes which are identified by five numeric digits. Level II codes are used primarily to identify equipment, supplies and services not included in the CPT code set. Level II codes are alphanumeric codes.

Home and Community Based Services (HCBS) – Care provided in the home and community to individuals eligible for Medicaid. The HCBS programs help the elderly and disabled, intellectually disabled, developmentally disabled and certain other disabled adults.

HCBS Acquired Brain Injury (ABI) Waiver – A HCBS waiver developed to assist adults from ages 21 to 65 with acquired brain injuries to receive training and support that will allow them to remain in their home communities and avoid institutionalization. Being replaced by the Comprehensive and Supports Waiver starting in SFY 2016.

HCBS Adult Developmental Disabilities (DD) Waiver – A HCBS waiver developed to assist adults with developmental disabilities to receive training and support that will allow them to remain in their home communities and avoid institutionalization. Replaced by the Comprehensive and Supports Waiver starting in April 2014.

HCBS Assisted Living Facility (ALF) Waiver – A HCBS waiver that allows participants ages 19 and older who require services equivalent to a nursing facility level of care to receive services in an ALF.

HCBS Child Developmental Disabilities (DD) Waiver – A HCBS waiver developed to assist children under age 21 with developmental disabilities to receive training and support that will allow them to remain in their home communities and avoid institutionalization. Replaced by the Comprehensive and Supports Waiver starting in April 2014.

HCBS Children’s Mental Health (CMH) Waiver – A HCBS waiver developed to allow youth with serious emotional disturbances who need mental health treatment to remain in their home communities.

HCBS Comprehensive Waiver – A HCBS waiver developed to replace the former DD waivers for with people with a developmental disability.

HCBS Long-Term Care (LTC) Waiver – A HCBS waiver that provides in-home services to participants ages 19 and older who require services equivalent to a nursing facility level of care.

HCBS Supports Waiver – A HCBS waiver developed to replace the former DD waivers for with people with a developmental disability. Provides more flexible service than the Comprehensive Waiver, but with a lower cap on benefits.

Health Professional Shortage Area (HPSA) – A geographic, demographic or institutional designation by the Health Resources and Services Administration as having shortages of primary medical care, dental or mental health providers.

Intermediate Care Facility for people with Intellectual Disabilities (ICF-ID) – A facility that primarily provides comprehensive and individualized healthcare and rehabilitation services above the level of custodial care to intellectually disabled individuals but does not provide the level of care available in a hospital or skilled nursing facility.

Individualized Budget Amount (IBA) – In the developmental disability and acquired brain injury waiver programs, the amount of funding allocated to each participant based on individual characteristics and his or her service utilization.

Joint Commission on Accreditation of Healthcare Organizations (JCAHO) – An organization that accredits healthcare organizations.

Level of Care (LOC) – Medicaid’s prospective payment system for inpatient hospital services. Medicaid reimburses an amount per discharge. Each discharge is classified into a LOC based on the diagnosis, procedure, or revenue codes that hospitals report on the inpatient claim.

Medicaid – A joint federal-state program authorized by Title XIX of the Social Security Act that provides medical coverage for certain low-income and other categorically related individuals who meet eligibility requirements. A portion of the Medicaid program is funded by the federal government using the Federal Medical Assistance Percentage.

Medicaid Management Information System (MMIS) – An integrated group of procedures and computer processing operations (subsystems) that supports the Medicaid program operations. The functional areas of the MMIS include recipients, providers, claims processing, reference files, surveillance and utilization review, management and administration reporting, and third party liability. The MMIS is certified by the Centers for Medicare and Medicaid Services.

Medicare – A federal program, authorized by Title XVIII of the Social Security Act, that provides medical coverage for individuals age 65 or older, individuals under age 65 with certain disabilities, and individuals of all ages with end stage renal disease.

Medicare Economic Index (MEI) – An index often used in the calculation of the increases in the prevailing charge levels that help to determine allowed charges for physician services. In 1992 and later, this index is considered in connection with the update factor for the physician fee schedule. Medicaid uses the index as an update factor for FQHC and RHC reimbursement rates.

Member – An individual enrolled in Medicaid and eligible to receive services.

Modified Adjusted Gross Income (MAGI) – A new income methodology implemented in SFY 2013.

Per Member per Month – The monthly average cost for each enrolled member.

Pharmacy Benefit Management (or Manager) (PBM) – Third party administrator of prescription drug programs.

Preferred Drug List (PDL) – A list of clinically sound and cost effective prescription drugs covered by Medicaid that do not require prior authorization.

Pregnant by Choice Waiver – A Section 1115 waiver that provides family planning services and birth control options to women who have received Medicaid benefits under the Pregnant Women program and who would otherwise lose Medicaid eligibility 60 days after giving birth.

Prescription Drug Assistance Program (PDAP) – A state-funded program administered by the Healthcare Financing Division providing up to three prescriptions per month to Wyoming residents with income at or below 100 percent of the FPL.

Prior Authorization (PA) – The requirement of a prescriber to obtain permission to prescribe a medication prior to prescribing it. In the context of a PBM plan, a program that requires physicians to obtain certification of medical necessity prior to drug dispensing.

Procedure Code – A HCPCS Level I or Level II code used to report the delivery of healthcare for reimbursement purposes.

Psychiatric Residential Treatment Facility (PRTF) – A facility that provides services to individuals who require extended care beyond acute psychiatric stabilization or extended psychiatric services. These services address long-standing behavioral disturbances, which are not usually responsive to shorter-term care.

Qualified Rate Adjustment (QRA) – Medicaid’s annual lump sum supplemental payment equal to a portion of the difference between a qualifying hospital’s Medicaid allowable costs for the payment period and its pre-QRA Medicaid payments for the same period, minus amounts payable by other third parties and beneficiaries. The QRA payments are only available to in-state hospitals for inpatient and outpatient services.

Recipient – For the purposes of this Report, an individual enrolled in Medicaid who received Medicaid services.

Resource Based Relative Value Scale (RBRVS) – Established as part of the Omnibus Reconciliation Act of 1989, Medicare’s payment principles for physician services were adjusted by establishing an RBRVS fee schedule. This payment methodology has three components: a relative value for each procedure, a geographic adjustment factor and a conversion factor. Procedures are assigned a relative value which is adjusted by geographic region. This value is then multiplied by a conversion factor to determine the amount of payment.

Rural Health Clinic (RHC) – A designated health clinic in a medically underserved area that is non-urbanized as defined by the U.S. Bureau of Census and that is eligible to receive cost-based Medicare and Medicaid reimbursement.

Section 1115 Waiver – An experimental, pilot or demonstration project authorized by Section 1115 of the Social Security Act. Section 1115 projects allow states the flexibility to test new or existing approaches to financing and delivering the Medicaid program.

Social Security Act – The legislation, signed in 1965 that authorized Medicare under Title XVIII, and Medicaid under Title XIX.

State Fiscal Year (SFY) – The 12 month accounting period for which the state plans its budget, usually running from July 1 through June 30. The SFY is named for the end date of the year (e.g., SFY 2009 ends on June 30 2009).

State Funds – For the purposes of this Report, funds that do not receive any Medicaid Federal Medical Assistance Percentage.

State Maximum Allowable Cost (SMAC) – The maximum price pharmacies receive as reimbursement for equivalent groups of multiple-source generic prescription drugs. Medicaid may include more drugs than what are covered under the federal upper limit program as well as set reimbursement rates that are lower than federal upper limit rates.

Supplemental Security Income (SSI) – A federal income supplement program administered by the Social Security Administration. It is designed to assist the aged, blind, or disabled individuals who have little or no income and provides cash to meet basic needs for food, clothing and shelter.

Third Party Liability (TPL) – The legal obligation of a third party to pay part or all of the expenditures for medical assistance under Medicaid.

Usual and Customary Charge – The fee that is most consistently charged by a healthcare provider for a particular procedure. The actual price that pharmacies charge cash-paying customers for prescription drugs.

| THR | Total Health Record |
| TPL | Third Party Liability |
| WDH | Wyoming Department of Health |
| WES | Wyoming Eligibility System |

The following provides some notes on how data was gathered for this report.

Enrollment and Members

Enrollment data is a distinct (or unduplicated) count of members enrolled in Medicaid based on their Medicaid ID number.

The monthly average is calculated using the distinct count of members as of the last day of each month.

The total SFY enrollment is a distinct count of all members enrolled at any time during the SFY.

Enrolled members are enrolled in an eligibility program code. These program codes define the eligibility categories, as shown in Medicaid Chart A and Non-Medicaid Chart B, tables 76 and 77, respectively. The appropriate program codes are used to extract the desired data from the Cognos tool.

Recipients

A Recipient as an enrolled member who has received services and had a Medicaid claim processed and paid during the SFY.

For this report, distinct counts of recipients is calculated based on original claims, never voided or adjusted, and final adjustment claims only and excludes the following eligibility program codes:

- N96 Disability Determination
- N99 Long-Term Care Screening
- S97 CASII screening
- ZZZ Gross Adjustments

Since the distinct count of recipients is based on claims paid during the SFY, this count may exceed enrollment as some recipients may not have maintained enrollment in the SFY, though they were enrolled when the service was rendered.

Per Member Per Month

The Per Member Per Month represents the monthly average cost for each enrolled member. This calculation is equal to expenditures divided by member months, with expenditures based on first service dates on original and final adjusted claims only and member months being the total number of months individuals are enrolled in Medicaid. A preliminary PMPM figure is provided in this report, with final data expected in the Medicaid Per Member Per Month report to be released separately.

Expenditures

Expenditures represent claim payments and include original claims (never voided/adjusted), final adjustment claims, as well as the adjusted and re-adjusted claims.

Unlike recipient counts, total expenditures include claims with the N96, N99, S97, and ZZZ eligibility program codes.

Third-party payments, co-payments, DSH payments, and history-only adjustments are excluded from totals, as are premium and cost-sharing assistance for Medicare individuals.

Service Utilization

Service areas are defined by the pay-to-provider taxonomy codes, unless otherwise specified, on claims paid during the SFY.

Table 76. Medicaid Chart A Eligibility Program Codes

| Eligibility Category | Program Codes |

DATA PARAMETERS

Table 78, below, provides the parameters used for extracting data for each service area included in this report. As stated in the previous section, Expenditures are calculated using all Medicaid Chart A recipient program codes and all claim adjustments except history-only adjustments. Counts exclude several program codes and only include original and final claims.
