MEMORANDUM

Date: November 1, 2013

To: Title III-B and Title III-D Program Directors

From: Tim Ernst, Deputy Administrator
Wyoming Department of Health, Aging Division 

Subject: Eligibility Criteria

Ref: TE-2013-365

This memo is to bring to your attention the eligibility criteria for Title III-B and III-D Programs. Under AoA guidelines, Title III- B and III-D Programs are for individuals 60 and over only. Unlike Title III-C and III-E Programs, individuals under the age of 60 are not eligible for Title III-B and III-D services and should not be entered into the SAMS system.

In the preparation of our Annual Federal Report, we have identified that individuals under 60 are being posted under Title III-B and III-D services. It is vital that we provide the correct client counts for our annual federal reporting to meet program requirements. Please have your SAMS staff delete the entries for individuals under 60 from their reporting for Title III-B and III-D programs, effective October 1, 2013 for FFY 2014 reporting.

Please share the following link that contains the eligibility criteria for the Title III-B and III-D programs with your SAMS staff for eligibility clarification. <http://www.federalgrantswire.com/special-programs-for-the-agingtitle-iii-part-bgrants-for-supportive-services-and-senior-centers.html>
