

# LARAMIE COUNTY ALCOHOL FACT SHEET

## WYOMING STATE EPIDEMIOLOGICAL OUTCOMES WORKGROUP

### COUNTY AND STATE HIGHLIGHTS

- For 2007 to 2011 combined year average, relative to other counties, Laramie County ranked 3rd lowest in the state for alcohol-related motor vehicle fatalities, totaling half of the statewide average (5 vs. a statewide average of 10 per 100,000 population).
- Much of the data used in this profile is not available for Laramie County because the Cheyenne school district did not participate in the 2010 or 2012 Prevention Needs Assessment surveys.
- Statewide, in 2013, compared to the national average, Wyoming youth were approximately 5 times more likely to be arrested for a liquor law violation (484 vs. 85, per 100,000 persons, respectively).

### DUI ARRESTS (YOUTH AND ADULT)

**Definition:** The rate 100,000 population for arrests due to Driving Under the Influence (i.e., driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics).

Data Source: Department of Criminal Investigation, 2009-2013

### TOTAL ALCOHOL-RELATED ARRESTS

**Definition:** The combined rate per 100,000 population for arrests due to drunkenness or intoxication, driving under the influence, or liquor law violations for adults and youth.

Data Source: Department of Criminal Investigation, 2009-2013

### ALCOHOL-RELATED FATAL, INJURY, AND PROPERTY CRASHES

**Definition:** The rate per 100,000 population of alcohol-related vehicular crashes that resulted in fatalities, injuries or property damage (where Blood Alcohol Content by volume is > than .01).

Data Source: Wyoming Department of Transportation, 2009-2013
