Governor Dave Freudenthal

Date: September 1, 2010

To: Ambulance Service Director
Trauma Coordinators

RE: UNCOMPENSATED TRAUMA REIMBURSEMENT

The Fiscal office has advised me that there is \$378,000 still available for distribution to assist your organizations with recouping costs.

In order to expedite the distribution of these funds, we need to receive your claims in our office by the 15th of September, 2010.

As a reminder, no single organization may receive more than 25% of the available funds and we are anticipating some significant claims. I highly encourage all of you to be proactive in filing claims with this office.

Thank you for your time and efforts and please feel free to contact us with any questions.
