The Honorable Dave Freudenthal
Governor
State of Wyoming
State Capitol
Cheyenne, Wyoming 82002

Dear Governor Freudenthal:

We have reviewed your application dated December 22, 2008, requesting certification of one or more Governor's designated eligible area(s) for Rural Health Clinic (RHC) program purposes.

Based on the information received or otherwise available, we have made a determination about your request(s), which is displayed on the enclosure.

If the enclosure shows a new, continued or reinstated certification, we have determined your request(s) met your State's established methodology. Our certification of these are effective as of the date of this letter. If the enclosure shows that a certification has been withdrawn, this is effective as of the date of this letter.

As you know, certification of Governor's designated eligible area(s) for RHC program purposes only and do not constitute Federal designation as a health professional shortage area (under section 332 of the Public Health Service Act) or as a Medically Underserved Area or Population (under section 330 of the Act). Also, clinics in the certified area(s) must still apply to the Centers for Medicare & Medicaid Services to receive certification as a Rural Health Clinic.

We appreciate your cooperation in this joint effort. If you have any questions, please contact Mr. Sanford Williams of my staff at 301-594-0816.

Sincerely yours,

Diana Espinosa, Acting Director
Office of Shortage Designation

GOVERNOR'S OFFICE
The Governor’s RHC Shortage Area plan for Wyoming was approved with the following criteria:

“Service areas with population to physician ratio of at least 1500:1 and at least one of the following high need indicators:

- Population density of less than 10 persons per square mile
- 25% or higher population below 200% Federal Poverty Level (FPL)
- 15% of population age 65 or older

Services areas may be a single county, partial county or a group of contiguous counties.”

The following areas will be designated based on this proposal, based on the 2008 analysis:

▶ All of Albany

▶ All of Crook County

▶ All of Sheridan County

▶ Northern Campbell County including the following census tracts:
