Highlights of Previous Meeting

New Funding, New Team, New Approach

- The Center for Medicare and Medicaid (CMS) announced a 90% Federal/10% State match funding opportunity available to assist states with promoting HIEs that will connect a variety of Medicaid providers.
- The Wyoming Department of Health (WDH) is the entity that may request these funds and seeks to work with stakeholders early on in the HIE development process.
- The goal is to work with stakeholder across the state to effectively use the funds to build an HIE that will bring value to providers and Wyoming residents.
