☐ Yes   ☐ No

☑ The state attests that presumptive eligibility by hospitals is administered in accordance with the following provisions:

☐ A qualified hospital is a hospital that:

☐ Participates as a provider under the Medicaid state plan or a Medicaid 1115 Demonstration, notifies the Medicaid agency of its election to make presumptive eligibility determinations and agrees to make presumptive eligibility determinations consistent with state policies and procedures.

☐ Has not been disqualified by the Medicaid agency for failure to make presumptive eligibility determinations in accordance with applicable state policies and procedures or for failure to meet any standards that may have been established by the Medicaid agency.

☑ Assists individuals in completing and submitting the full application and understanding any documentation requirements.

☐ Yes   ☐ No

☐ The eligibility groups or populations for which hospitals determine eligibility presumptively are:

☐ Pregnant Women

☐ Infants and Children under Age 19

☐ Parents and Other Caretaker Relatives

☐ Adult Group, if covered by the state

☐ Individuals above 133% FPL under Age 65, if covered by the state

☐ Former Foster Care Children

☐ Certain Individuals Needing Treatment for Breast or Cervical Cancer, if covered by the state

☐ Other Family/Adult groups:

☐ Eligibility groups for individuals age 65 and over

☐ Eligibility groups for individuals who are blind

☐ Eligibility groups for individuals with disabilities

☐ Other Medicaid state plan eligibility groups

☐ Demonstration populations covered under section 1115
The state establishes standards for qualified hospitals making presumptive eligibility determinations.

☐ Yes  ☐ No

Select one or both:

☒ The state has standards that relate to the proportion of individuals determined presumptively eligible who submit a regular application, as described at 42 CFR 435.907, before the end of the presumptive eligibility period.

Description of standards:

1. 100% of applicants will be screened for current Medicaid enrollment before a PE application is submitted.
   a. Screening will be based on self-attestation. There is a question on the paper application asking if applicant is currently enrolled in a Medicaid program.
2. 90% of applicants must be provided the opportunity to complete the Streamline Application for Medicaid.
   a. There is a question on the paper application asking if the applicant was given the opportunity to fill out the full Medicaid application. Responses will be recorded on spreadsheet.

☒ The state has standards that relate to the proportion of individuals who are determined eligible for Medicaid based on the submission of an application before the end of the presumptive eligibility period.

Description of standards:

1. The Wyoming Department of Health will measure the percentage of PE clients who go on to be authorized full Medicaid benefits following the PE period.
   a. At least 80% of clients who choose to fill out the full Medicaid application must be approved benefits in a 6 month period. Applicants who are denied for failing to provide necessary information/documentation will not be included in the measurement.
   b. Clients who are approved for PE will be tracked on a spreadsheet by provider. The WDH will compare how many PE applications were submitted by the QH and how many were approved for full Medicaid (excluding client who did not apply for the full Medicaid program). Additional training will be provided to each QH that drops below the 80% approval rate.

☐ The presumptive period begins on the date the determination is made.

☐ The end date of the presumptive period is the earlier of:

The date the eligibility determination for regular Medicaid is made, if an application for Medicaid is filed by the last day of the month following the month in which the determination of presumptive eligibility is made; or

The last day of the month following the month in which the determination of presumptive eligibility is made, if no application for Medicaid is filed by that date.

☐ Periods of presumptive eligibility are limited as follows:

☐ No more than one period within a calendar year.

☐ No more than one period within two calendar years.

☒ No more than one period within a twelve-month period, starting with the effective date of the initial presumptive eligibility period.

☐ Other reasonable limitation:
The state requires that a written application be signed by the applicant, parent or representative, as appropriate.

☐ Yes  ☐ No

☐ The state uses a single application form for Medicaid and presumptive eligibility, approved by CMS.

☐ The state uses a separate application form for presumptive eligibility, approved by CMS. A copy of the application form is included.

An attachment is submitted.

☐ The presumptive eligibility determination is based on the following factors:

☐ The individual's categorical or non-financial eligibility for the group for which the individual’s presumptive eligibility is being determined (e.g., based on age, pregnancy status, status as a parent/caretaker relative, disability, or other requirements specified in the Medicaid state plan or a Medicaid 1115 demonstration for that group)

☐ Household income must not exceed the applicable income standard for the group for which the individual's presumptive eligibility is being determined, if an income standard is applicable for this group.
