[1]Percentages are based on the number of births for each year. Percentages are rounded and may not add to 100% due to rounding error. Please be cautious when interpreting small numbers (fewer than 20 events) because these data do not meet the requirement for a minimum degree of accuracy.

[2]For more information about weight gain during pregnancy: *Institute of Medicine Report Brief (May 2009). Weight Gain During Pregnancy: Reexamining the Guidelines.*

[3]Numbers less than five are not displayed (*).

[4]Data not provided due to high rate of missing values (†).
