Recovery Audit Contractor Exceptions

May 2, 2018

Wyoming Department of Health, pursuant to the requirements outlined in 42 CFR 447.205, hereby gives notice of the following proposed amendment to the State Plan altering the requirements related to Recovery Audit Contractor (RAC) contract requirements.

**Recovery Audit Contractor (RAC):**

Under Section 1902(a)(42)(B)(i) of the Social Security Act, States and Territories are required to establish programs to contract with one or more Medicaid RACs. The State is seeking an exception to 42 CFR 455.508 (b), 42 CFR 455.508 (f), and 42 CFR 455.510 (b)(5):

Wyoming is submitting a State Plan Amendment requesting the following exceptions: reduction of the minimum requirement from 1.0 FTE to no less than .1 FTE of Medical Director oversight during the contract period, increase of the contractor contingency fee from 12.5 percent to not more than 17.5 percent during the contract period, and an increase from a maximum 3 year lookback period to not more than 6 years.

**Estimated fiscal impact:** None.
