Effective Date: 04/30/2019
Rule Type: Emergency Rules & Regulations
Reference Number: 048.0037.46.04302019
CHAPTER 46

MEDICAID SUPPORTS AND COMPREHENSIVE WAIVERS

Emergency rules are in effect no longer than 120 days after filing with the Registrar of Rules

Section 1. Authority. This Chapter is promulgated by the Department of Health pursuant to Wyoming Statute § 9-2-102 and the Wyoming Medical Assistance and Services Act at Wyoming Statutes §§ 42-4-104 through 121.

Section 2. Purpose and Applicability.

(a) This Chapter shall apply to and govern Medicaid services provided under the Wyoming Medicaid Supports and Comprehensive Waivers.

(b) This Chapter, in addition to Chapters 44 and 45 of the Department of Health’s Medicaid Rules, shall govern services and provider requirements of the Supports and Comprehensive Waivers.

(c) The Behavioral Health Division, hereinafter referred to as the “Division,” may issue manuals and bulletins to providers or other affected parties to interpret the provisions of this Chapter. Such manuals and bulletins shall be consistent with and reflect the policies contained in this Chapter. The provisions contained in manuals and bulletins shall be subordinate to the provisions of this Chapter.

(i) Wyoming’s currently approved Centers for Medicare and Medicaid Services (CMS) Comprehensive and Supports Waiver Applications and the Comprehensive and Supports Waiver Index apply to this Chapter.

(d) The requirements of Title XIX of the Social Security Act, 42 C.F.R Part 441, Subpart G and the Medicaid State Plan apply to this Chapter.

(a) Terminology. Except as otherwise specified in Chapter 1 of the Department of Health’s Medicaid Rules, or as defined in this Section, the terminology used in this Chapter is standard terminology and has the standard meaning used in accounting, health care, Medicaid, and Medicare.

(b) Definitions.

(i) “Case Manager” means an individual who provides case management services as defined in Chapter 45, Section 9.

(ii) “Level of Service score” means a participant’s support needs for various parts of their everyday routine and their level of independence, which are tied to a Level of Service score ranging from 1 (least level of support) to 6 (highest level of support). The Level of Service
scores are based on comprehensive assessments that determine an individual’s level of functioning related to behavioral and health factors, and identify essential staffing and support requirements.

(iii) “Relative” means a participant’s biological or adoptive parent(s) or stepparent(s).

(c) This Chapter establishes a person-centered approach to determining the support needs of participants in the individualized plan of care and to assign the individual budget amount. Developing community connections, increasing independence, natural supports, self-direction, and employment opportunities are essential components of the Supports and Comprehensive Waivers.

(d) The Supports Waiver provides eligible participants supportive services so the person may remain in the place he or she currently lives, as funding is available.

(e) Objectives. In conjunction with the methodology listed in this Section, the Supports and Comprehensive Waivers shall meet the following objectives:

(i) Provide an array of services, including a continuum of support and employment offerings, to serve participants in the least restrictive and most appropriate environment;

(ii) Provide participants increased opportunities for community involvement;

(iii) Allow the opportunity to self-direct services;

(iv) Set and achieve targeted outcomes for each participant served; and

(v) Monitor and enhance continuous improvement strategies to improve service delivery for participants.

Section 4. Philosophy.

(b) It is the philosophy of the Division to develop reasonable and enforceable rules for the provision of services to individuals with developmental disabilities, acquired brain injury, and related conditions in community settings in lieu of unnecessary institutionalization. This philosophy is mandated in the Supreme Court ruling on Olmstead v. L.C. ex rel. Zimring, 527 U.S. 581 (1999).

(c) This Chapter is designed not only to support the philosophy of home and community-based services, but also to protect the health, welfare, and safety of waiver participants.
Section 5. Assessment and Eligibility.

(a) Eligibility under this Chapter is limited to persons who complete the application process and who meet the following requirements for clinical and financial eligibility. (II) If the participant requests reconsideration, the Division Administrator or Designee shall review this written request and make a final determination in writing within thirty (30) calendar days of the request. A participant who is aggrieved or adversely affected by a reconsideration decision may also request a hearing within thirty (30) calendar days following the adverse reconsideration decision.

(III) Requests for an administrative will be administered pursuant to Chapter 4 of the Department of Health’s Medicaid Rules.

(v) An applicant who is determined ineligible, or a participant whose eligibility is terminated under this Section, may reapply at any time.

Section 6. Statewide Data Registry. All individuals who have been determined eligible for waiver services shall be included in the statewide data registry used by the Division for planning, monitoring, and analysis for the waiver system. Information in the registry is considered confidential and will not be released without proper authorization, or otherwise as required by law. Providers shall provide data on programs, participant outcomes, costs, and other information as required by the Division.

(d) The approved individualized plan of care shall reflect the services and actual units that providers agree to provide over the plan year. The approved individualized plan of care shall also include details regarding the specific support, the settings, times of day, and the specific activities requiring more support than others.
(e) Providers shall not serve children under age 18 and adults at the same time unless prior authorized in writing by the Division.

(f) Waiver services shall not be used to duplicate the same service or a similar service that is available to the participant through one of the following programs:

(c) The Supports Waiver.

(i) The purpose of the Supports Waiver is to assist individuals and their families in obtaining person-centered services and utilizing both natural supports and paid providers to support individuals in the home they own, lease, or share with family. (d) To self-direct waiver services, the participant or legally authorized representative or other designee shall act as the Employer of Record and use a Financial Management Service on contract with the Division.

(e) A participant shall only self-direct services if the Financial Management Service contractor has open slots for new people to enroll, based upon the contracted capacity.
(f) The Financial Management Service shall assist the participant in being the Employer of Record.

(g) The Division shall provide the recommended wage ranges for all self-directed services.

(h) The Employer of Record shall be responsible to recruit, hire, schedule, evaluate, and supervise self-directed employees. The Employer of Record shall have the budgetary authority to negotiate and set wages and payment terms for all services received.

(i) The Employer of Record shall hire employees to provide waiver services and work with the Financial Management Service to determine that the potential employee meets the general and specific provider standards for the service being provided.

(j) Consistent with the service definitions as outlined in the Comprehensive and Supports Waiver Service Index, which is incorporated by reference, the Employer of Record shall work with the employee hired through self-direction to determine the specific tasks to be completed during the provision of services, the employee’s schedule, and how to document services and report documentation and timesheets to the Employer and Financial Management Service. The Employer of Record shall ensure documentation is available to the case manager by the tenth (10th) business day of the month following the month in which services were provided.

(k) When the Employer of Record and the employee have reached agreement on the services, schedule, and rate, the Financial Management Service shall track the rate and services authorized and ensure the employee wages are paid in accordance with state and federal laws.

(l) Employees hired through self-direction shall document services provided in accordance with Chapter 45 and the agreed upon manner between the Financial Management Service and the Employer of Record. The Employer of Record shall maintain documentation in accordance with the Wyoming Medicaid Rules.

The case manager shall disenroll the participant from the Financial Management Service within thirty (30) calendar days of notification that the participant chooses to terminate self-direction services.

(o) A participant shall be involuntarily terminated from the use of self-direction if:

(i) The participant or Employer of Record is found to misuse waiver funds;

(iii) The participant exceeds the budget amount for self-directed services identified in the individualized plan of care;

(iv) The Division, the Division of Healthcare Financing, or the Medicaid Fraud Control Unit identifies situations involving the commission of fraudulent or criminal activity associated with the self-direction of services; or

(a) The Division shall maintain a wait list for waiver services to add additional participants as funding is appropriated and as approved by CMS.

(b) The Division shall prioritize eligible individuals on the wait lists on a first come, first serve basis. Funding opportunities shall be given to the person who spent the longest time waiting for services starting from the date that the individual was determined eligible.

(c) Before being added to a waiver wait list, the individual shall be determined eligible as specified in Section 5 of this Chapter.

(d) For people with the same date of eligibility on the wait list, the Division shall use the date that the “Selection of Case Manager” form was received by the Division to determine which individual shall receive the next funding opportunity.

(e) The Level of Service score and individual budget amount shall be determined for each individual on the wait list. An eligible individual who needs services in excess of the Supports Waiver and has a Level of Service score of four (4) or higher may request placement on the Comprehensive Waiver and may also be placed on the Comprehensive Waiver wait list, if funding or slots are not available.

(A) A substantial threat to a person’s life or health that is either corroborated by the Department of Family Services, Protection & Advocacy System, Inc., or law enforcement;

(B) A situation where the person’s health condition or significant and frequently occurring behavioral challenges poses a substantial threat to the person’s own life or health, or to others in the home;

(C) A situation where the person’s critical medical condition requires ongoing twenty-four (24) hour support and supervision to maintain the person’s health and safety that cannot be met in the current living situation; or

(D) The loss of the eligible person’s primary caregiver due to death, incapacitation, critical medical condition, or inability to provide continuous care.

Any person who requests that the Division consider an emergency case shall be directed to work with the person’s chosen case manager, the Division, and other community resources to review options for emergency services. The case manager shall submit the request for emergency services on behalf of the person.

Emergency cases shall be referred to the ECC pursuant to Section 13 of this chapter.

An individual who has not been deemed eligible for waiver services may complete the eligibility process and request emergency services. No emergency services may be provided to ineligible persons.

Emergency placement in waiver services shall not be made as an alternative to incarceration or jail.

Section 13. Extraordinary Care Committee.

The ECC shall be composed of a Division waiver manager, a Medicaid manager, the Participant Support Specialist presenting the case, and a representative from the Department’s fiscal unit. When appropriate, the ECC may also include the Division’s licensed Psychiatrist, the Medicaid Medical Director, Division’s Registered Nurse, or a behavioral specialist. Members may also consult other specialists in the field as appropriate.

The ECC may only approve additional funds for participant cases if funding is available in the Division’s waiver budget appropriation.

The ECC shall review:

(i) Emergency cases as defined by Section 12 of this Chapter; and
(ii) Extraordinary cases that include a significant change in service need due to the onset of a behavioral or medical condition or injury including:

(A) A temporary change in circumstances which requires a higher level of service or support to ensure the health, safety, and welfare of the participant;

(B) Temporary funding increases under Section 8(c) and 8(d);

(C) Concerns about a Level of Service score; or

(D) Requests requiring ECC approval under these Rules.

(d) Emergency cases can arise for a person who is eligible for covered services but is on the wait list, or for participants currently receiving Comprehensive or Supports waiver services who may be determined to be in an emergency situation pursuant to Section 12 (a) of this Chapter.

(e) The ECC shall have the authority to approve, partially approve, or deny a submitted funding request for any person deemed eligible for a waiver operated by the Division.

(f) An ECC request for emergency services shall contain verification of how the participant’s situation meets emergency criteria. Evidence shall at least include, as applicable:

(i) Written statements or reports from the other state or regional agencies that support the emergency case including specific incidents, notes related to the type of condition or injury, witnesses, follow-up, treatment summaries, and any documented accounts of events by witnesses;

(ii) Documentation of other approaches or supports that have been attempted;

(iii) Written statements from a physician or licensed psychologist explaining the significant change in the participant’s functioning limitations that result in an assessed need for additional supports or services and how the person’s life or health is in jeopardy without such supports and services;

(iv) Evidence that the person does not qualify for funding or services through any other agency that would alleviate the emergency situation; and

(v) For persons requesting services or supports due to homelessness, evidence that:

(A) Either:

(I) Other community resources, such as a victim’s shelter, or other temporary residence are not available or appropriate; or

(II) The temporary shelter is insufficient to meet the person’s immediate health and safety needs and there is evidence of immediate and serious harm to the person’s life or health if temporarily in a temporary shelter; and
(B) Due to other conditions of the emergency or the person’s condition, waiver services would be the necessary and appropriate intervention.

(g) A request may be made by the participant’s plan of care team if they can demonstrate that a participant’s Level of Service score does not reflect the participant’s assessed need.

(h) A request shall be submitted on the form provided by the Division, and accompanied by additional information that the participant and the participant’s plan of care team does not see adequately captured in the ICAP or in the information stored electronically by the Division.

(i) The ECC may request additional assessments, including a new ICAP, a Supports Intensity Scale, or another appropriate and standardized assessment targeted for a specific diagnosis or condition.

(i) The additional assessment in these cases may provide more detailed information about the person’s support needs and assist the ECC in evaluating the need for a different level of service or extraordinary service or support.

(ii) Information from the ICAP, along with information from other assessments and information submitted by the participant’s team shall be used to make the final decision on the request for level of service score. The additional assessments and information reviewed by the ECC may result in a level of service score increase, decrease, or no change.

(j) Decisions of the ECC shall be by majority vote and rendered in writing within twenty (20) business days of the ECC review.

(k) In cases of a tie vote among members, the Administrator shall issue the final vote.

(l) The Division Administrator or his/her designee may approve a time limited exception while the ECC is rendering a final decision.

(m) Any eligible individual denied services under this section may request administrative review of that decision pursuant to Chapter 4 of the Department of Health’s Medicaid Rules.

(vi) Service settings reimbursed by another state agency, such as the Department of Family Services or Department of Education.

(b) No direct service that is the responsibility of the school system shall be authorized as a waiver service. The Division shall not authorize waiver services for the hours the child is attending school or in a vocational program. Regular school hours and days apply for a child who receives home schooling or an adjusted school day.

(c) Any individual eligible for funding for specialized services under the Developmental Disabilities Services Act shall apply for and accept any federal Medicaid benefits for which they may be eligible and benefits from other funding sources within the Department; the Department of Education, specifically including the Department of Workforce Services and Division of Vocational Rehabilitation; and other agencies to the maximum extent possible.

Section 15. Denial of Funding for Waiver Services.

(a) The Division may deny or revoke authorization for waiver services for any of the following reasons:

(i) The individual fails to meet waiver eligibility criteria as established in Section 5;
