

Opioid Response Quality Improvement Grant Program for Wyoming Hospitals

INFORMATIONAL/TECHNICAL ASSISTANCE CALL

Tuesday, July 9, 2019

11:00 - 12:00 pm

Zoom: <https://zoom.us/j/265909>

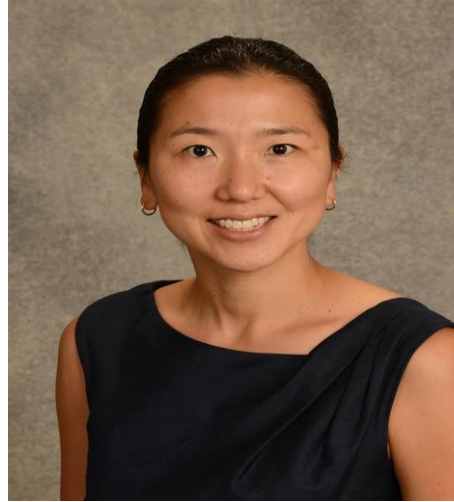

Welcome!

Please provide your
name, role and
organization

Overview of the
opportunity - how did
we get to here?

Our QI Project SMEs!

- ▶ Dr. Susan Hwang / Colorado's CHoSEN

- ▶ Laurie Baksh, MPH / Utah's Opioid Safety Bundle

Program Objectives

To decrease the number of women who are misusing opioids during their pregnancy and in the postpartum period.

To decrease the number of infants who are exposed to opioids in utero.

To improve the care of opioid-exposed infants and their families in the hospital setting.

To improve discharge and resource-referral systems for opioid-exposed infants and their families after their stay in the hospital

Colorado Substance Exposed Newborns (CHoSEN) Hospital Learning Collaborative

Dr. Susan Hwang

Is an Assistant Professor Pediatrics at the University of Colorado School of Medicine and neonatologist at Children's Hospital Colorado. She leads the Colorado Hospitals Substance Exposed Newborn Quality Improvement Collaborative. Dr. Hwang is a NIH-funded health services researcher whose research focus is on the transition of care from hospital to home for high risk newborns. She works closely with the Centers for Disease Control and Prevention and with state health departments in Massachusetts and Colorado to translate research into policy and practice change to improve the health of mothers and babies.

Obstetric Care for Women with Opioid Use Disorder Patient Safety Bundle

Laurie Baksh, MPH

Is the Manager of the Maternal and Infant Health Program at the Utah Department of Health. This program oversees maternal and infant mortality review, reproductive health, perinatal quality improvement, maternal mental health, the Utah Pregnancy Risk Assessment Monitoring System (PRAMS) and the Study of the Associated Risks of Stillbirth (SOARS) project. Prior to that, she worked for 10 years as the Epidemiologist for Utah PRAMS. She has also worked for the Maternal Fetal Medicine Dept. at the University of Utah School of Medicine and the Utah Medicaid program. Laurie received her bachelor's degree in Behavioral Science & Health and a Master of Public Health degree from the University of Utah. She is a member of the Utah Department of Health Institutional Review Board and served as President of the Utah Public Health Association from 2008-2009.

Wrap Up & Thank you!
