

Wyoming State Statute:

WS 31-6-105(a)

31-6-105. Method of performing chemical analysis; persons permitted to draw blood; request by arrested person for test; information made available; evidence of refusal to take test.

(a) Chemical analysis of the person's blood, breath or urine to be considered valid under this section, shall be performed according to methods approved by the department of health and by an individual possessing a valid permit to conduct the analysis. Permits shall be issued by the department of health for this purpose. The department of health may promulgate and approve satisfactory methods in order to ascertain the qualifications of individuals permitted to conduct the analysis and shall issue to qualified individuals permits which are subject to termination or revocation by the department of health.
