¹Percentages are based on the number of births for each year. Percentages are rounded and may not add to 100% due to rounding error. Please be cautious when interpreting small numbers (fewer than 20 events) because these data do not meet the requirement for a minimum degree of accuracy.

²Late Preterm births (34-36 weeks) are calculated using the obstetric estimate of gestational age.

*Numbers less than five are not displayed.
