¹Percentages are based on the number of births for each year. Percentages are rounded and may not add to 100% due to rounding error. Please be cautious when interpreting small numbers (fewer than 20 events) because these data do not meet the requirement for a minimum degree of accuracy.

²A woman was considered a smoker if she reported any level of cigarette use in the first, or the second, or the third trimester of her pregnancy.

*Numbers less than five are not displayed.

Data Source: Birth Certificate Data from Vital Statistics Services, Wyoming Department of Health. **Information compiled by:** Maternal and Child Health Epidemiology.
