This report provides agency administrators a count of low validity scores for the reporting period. Using this report can help look for trends along with issues in completing EMS documentation. This can also help identify which providers may be struggling with this and identify where further documentation education can help. Through the use of the Report Writer, agencies may stay on top of either abandoned, duplicate, or incomplete patient care reports using the Agency Low Validity Report in the WATRS Elite Report Writer audit folder.

Agencies need to review, evaluate and correct records with poor validation scores.

Agencies are encouraged to call Jay Ostby at (307) 777-6023 or email at jay.ostby@wyo.gov with validity issues for further research.

Record Creation Date and Incident Date Range: 4/1/2020 through 6/30/2020
