Governor

March 24, 2021

Ref.: AH-2021-005

**State Health Officer's Statewide Instructions to
Nursing Facilities and Assisted Living Facilities**

During a public health emergency, any healthcare provider, including a volunteer, or other person, including a business entity, who in good faith follows the instructions of the State Health Officer in responding to the public health emergency is immune from any liability arising from complying with the State Health Officer's instructions. *See* Wyo. Stat. Ann. § 35-4-114(a). This immunity does not apply, however, to acts or omissions constituting gross negligence or willful or wanton misconduct. *See id.* Accordingly, during the public health emergency caused by COVID-19, declared a public health emergency by Governor Mark Gordon on March 13, 2020, I, Alexia Harrist, MD, PhD, the State Health Officer, hereby issue the following statewide instructions to nursing facilities and assisted living facilities. These instructions are effective immediately and shall remain in effect until modified or revoked by myself or until the Governor has declared that the public health emergency has ended pursuant to Wyoming Statute § 35-4-115(a)(i).

1. Statewide Instructions to Nursing Facilities and Assisted Living Facilities

- a) In order to continue to protect vulnerable residents and facility staff from contracting COVID-19, I instruct nursing facilities and assisted living facilities in Wyoming to follow the Wyoming Department of Health guidance, dated March 24, 2021, regarding policies for visitation, symptom screening, infection control practices, communal dining and activities, barbering and cosmetology services, and COVID-19 testing.
- b) Nursing facilities and assisted living facilities that have questions about easing restrictions put in place to mitigate the spread of COVID-19 should consult with their local/county public health office or with the Wyoming Department of Health.

Dated this 24 day of March, 2021.

Alexia Harrist, M.D., Ph.D.
Wyoming State Health Officer
