

WYOMING VACCINE DISTRIBUTION PROGRESS

March 5, 2021

Phase 1a

December-Present

- Healthcare workers who are exposed to COVID-19
- Staff and residents of long-term care facilities
- Law enforcement
- Workers who have exposure to infectious materials

Wyoming counties began vaccinating people who fall into Phase 1a in December 2020. They continue to offer vaccinations to those who fall into this priority group who have not yet received their vaccine.

Phase 1b

In Progress

- Individuals 65 years of age and older
- Some frontline essential workers who interact with the public
- Individuals with specific medical conditions
- People on the Wyoming Medicaid Community Waiver and Developmental Disability Waivers
- Caregivers of medically vulnerable persons who are unable to get vaccinated

Counties are currently accepting pre-registration for individuals 65 and older and those with certain medical conditions. Additionally, frontline essential workers are being vaccinated.

Phase 1c

Coming Soon

- Individuals experiencing homelessness
- People living in congregate settings, including prisons and jails
- Essential critical infrastructure workers
- People 50-64 years of age and those with certain medical conditions
- People living in dormitories

As vaccine supplies become more readily available, counties are or will soon begin to vaccinate priority groups under phase 1c.
