

# Help Stop the Pandemic by Getting Vaccinated

**Safe.  
Free.  
Effective.**

Wyoming  
Department  
of Health

**GET A COVID-19 VACCINE**

PAID FOR WITH FEDERAL COVID-19 RESPONSE FUNDS.

## **Protect yourself and everyone else.**

- All of the authorized COVID-19 vaccines have been held to high standards to make sure they are safe. No steps were skipped.
- COVID-19 vaccine side effects are typically mild, and can include a headache, pain and swelling at the injection site, and a fever.
- The COVID-19 vaccine will reduce your chances of getting seriously ill, needing to stay in the hospital, or dying from COVID-19.
- Vaccines are available for all Wyoming residents over 16 years old.
- Once you receive your vaccine, please remember it is still important to continue to social distance.
