This document provides a quick overview of the Lab Web Portal functionality. Its goal is to guide you in performing basic portal tasks, like submitting test orders to the Wyoming State Public Health Laboratory, monitoring testing progress, and accessing published reports. Its content may differ in some details from implementation to implementation.

Welcome to Lab Web Portal (LWP)

The Production URL

Access the Portal login page by using the following URL:
https://lwp-web.aimsplatform.com/wy/#/auth/login

- Click Order Support link at the bottom of the page to view lab contacts and information on where to send your specimens.

- Click Technical Support link at the bottom of the page for technical support contacts.
Create New Account

1. Click **New User Registration** link under the **Login** button.

- **New User Registration** page is displayed.
  - Under the **Email** add an active work associated email, it will be used as a username.
  - Complete the rest of the fields

  - Start typing the name of your submitting facility into **Organization** field to see if it already exists in the portal. If a match is found, select your facility from the popup list.
If the name of your submitting facility is not in the **Organization** field please contact wdh-etor@wyo.gov.

Review “Term of Use” and “Privacy Policy” documents by clicking on the links. Check the boxes next to “Terms of Use”, “Privacy Policy” to agree. Agreement is required to request access.

- Click on **Submit** to complete user registration process. A New User registration request will be sent to the portal admin for approval.
- Once the request is approved, the user will be notified via email and will be able to login to the portal.

**Once you have received an email indicating “Registration Received” and “Access Approved” please navigate back to the login page, type in the username and password and click on Login button to access the Portal.**
Navigating the LWP

The Navigation Panel

- **Dashboard** is the first page you will see after logging into the Portal. It is the “control center” of the LWP where you can view key performance indicators and charts, track status of the existing test order, and view published patient reports. The Dashboard is editable: click on the on the upper right corner, next to your name;
- **Incomplete Orders** – started, but not yet submitted orders;
- **In Transit Orders** – orders that have been submitted but not yet received by the lab;
- **All Orders** – all samples submitted by user organization regardless of status;
- **Published Reports** – orders with published reports. Shows all orders with published reports per user organization. Orders with unread (not viewed) reports are shown in bold; orders with read (viewed) reports are shown in normal font;
- **My Patients** – view your patients’ list;
- **Help** - view portal help.
- Collapse the Navigation Panel by clicking the button next to the logo in the upper left corner. This functionality applies to other pages in the portal as well.

**NOTE:** Not every user role has access to all of the options.
**The Call-to-Action buttons**
There are 3 blue buttons on the bottom left side of the Navigation Panel.

- **Order Tests** – order tests using a preconfigured Test Requisition Form;
- **Batch Orders** - upload multiple test orders at once.
- **View Reports** – view all “unread” reports published for user organization;

**The Tiles**
The tiles you see on your Dashboard are your counters and key performance indicators. Click to open relevant data grids.
Number on top indicates total number of published reports for user organization
Progress bar indicates percentage of the “viewed” reports vs. “not viewed”.

**User Drop-Down Menu**
The drop-down menu on the upper right corner offers additional resources.

- **Profile**
  - **Personal Info** – view and edit your personal information;
● **Manage Notifications** - add personal preferences for Portal notification events;

![Profile page with options]

● **Change Password** – use to change your password.

![Profile page with Change Password option]

**News** - view portal news/announcements.

**Help** – Portal resources and frequently asked questions

**Log out** – to log out of Portal
Order Tests

Test Requisition Form (TRF)

1. Click ORDER TESTS Call-to-Action button

Note: You may have access to one or multiple forms depending on your user role.

2. Find the tile to the right of the Navigation Panel for the testing that you wish to order. Click on tile for either the Microbiology Testing or Molecular Respiratory Pathogen Testing Test Request Form (TRF);

Note: the fields that are required are indicated in red with an asterisk.

- **Submitter Information section of TRF:**
  
  **Facility Name:** will be based on your facility affiliation. If you are affiliated with a single facility the name will automatically be displayed. If you are associated with multiple facilities, you can choose one associated with the test order by clicking the **magnifying glass** button, selecting a facility in the lookup and clicking **Select.**

- **Patient Information section of TRF:** start typing the patient’s name in “Last name” and select from the drop-down options;

  Note: Confirm the DOB match to your patient’s information
3. **Add** – add a new patient with the icon, only after confirming that the patient is not in the system by using the detailed lookup.

4. **Search** – open more detailed lookup;

Use “**Add new patient**” form to enter all the necessary patient information and click **Submit**. New patient will be added to the system and related information propagated to the main form.
**Testing Information section of TRF:**

Choose the **Date/Time Collected** from Calendar icon or type the desired date and time.

Choose the **Date of onset of illness** for the patient, if applicable.

Select **Specimen Type** from the list of available values;
**Microbiology Testing TRF-**

- **Ask at order entry questions section of the TRF:** Some tests require additional questions or epidemiological information to be answered before the sample can be sent for testing.

**Note:** the fields that are required are indicated in red with an asterisk.
**Note:** For some Bacteriology tests a .pdf upload contains MIC values is also required.

5. Click **Submit** button upon the completion to submit your order.

**Note:** If any of the required fields are not populated or populated incorrectly, an error will appear to show the missing fields. User can click on any field in the dialog and get navigated to the exact place where field is located on the form to correct the issue.

Once test order is ready to be submitted, “Certification of Test Order” message is displayed. User needs to click **AGREE** to move forward.

**Certification of Test Order**

By submitting this order for testing, I hereby certify as follows:

- The ordering provider is an individual authorized under State law to order tests or receive test results, or both.
- I certify that the information submitted is true and correct to the best of my knowledge.

Once test order has been submitted, confirmation message is displayed.

**Note:** the Portal Order ID (in bold below) uniquely identifies the test order in the system.
a. Click **Copy Order** to continue adding more orders for your facility. It will copy all the information from the current order except patient information.

b. Click **Print** button to print the Order manifest in a PDF format.

**Note**: the barcode in the upper right corner represents the Portal Order ID.
A printed copy of the manifest should always accompany the specimen.

The Order manifest can be accessed at any point by clicking on the value under Portal Id column in the All Orders data grid.
Saving Test Orders

Incomplete test orders can be saved to be completed and submitted later.
- Click the Save button in the bottom right corner of the TRF.
- Click Yes in the dialog below.

Confirmation message is displayed.

**Note:** the Portal Order ID uniquely identifies test order in the system.

The saved order will be placed in the **Incomplete Orders**. A navigation link will be accessible on the **Dashboard**.

To retrieve the saved order, go to the **Incomplete Orders** navigation link, locate the order record and click on it.

To discard saved order, click on icon.
**Batch Order**

Upload multiple test orders at once.

**Note:** Not every user role has access to this option. If you need access to Batch Order please contact wdh-eton@wyo.gov.

Download the **Import Template** that has all the required fields and response options required for the Batch Upload *prior* to specimen collection and submission. This is important in order to correctly gather the required order fields and patient information.

**To Download the Excel Spreadsheet**

1. Click **BATCH ORDER** button on the **Dashboard**.

2. Click the 3-button link on the upper corner of the tile.

3. Select **Download Import Template** from the two menu options to automatically download the .xlsx file template.
4. Open the saved Excel Spreadsheet and fill the required details in the fields.

**Note:** Dropdown menus exist for single choice questions. You must type in answers separated by commas for multi choice questions. These must be typed with correct spelling exactly as they appear in the question. A yellow tool tip box will appear if you hover over the cell with question answers.

5. Enter one line for each specimen that is being submitted.

Requirements of the **Batch Upload template:**
- All fields in red are required
- **ALWAYS** download it for every use
6. Click blue Import From File button.

7. Attach file and click Import.

8. Select [WY] SARS-CoV-2 Batch Testing from the drop down list and then click IMPORT.

When the file is imported a validation is performed. If the file fails validation a warning message will display.
Warning

Some records were imported with errors. Hover over the (🔍) icon on the left of the record to view the details. Please correct the errors by populating the missing fields in the grid or delete and reimport the corrected record from spreadsheet.

Select Close to correct errors.

Click Submit in the bottom right corner to import samples into the system.

Click Submit again to complete the import.

Records Submitted

Records have been successfully submitted.

Select Close

A printed copy of the matching specimen manifest should always accompany each specimen.
1. The order manifests can be accessed and printed by accessing the **In Transit Orders** data grid.

2. Select all the orders needed using the checkbox on the left of each entry

3. Click **Print** button to print the Order manifests in a combined PDF format.

### Accessing Orders, Reports and Patients

#### Tracking Order Status

To see a status of your test order, open **All Orders** grid, locate your order and look for a value in the **Status** column. It can be one of the following:

- **InTransit** – order has been submitted but not yet received by the lab
- **ReceivedInLab** – order has been received in lab but not yet tested
- **InProcess** – order is being tested by the lab
- **Released** – testing is done, order is released, results reports published
- **Canceled** – order is canceled

To view order related events across time, open **All Specimens** grid, locate your order and hover over 🔄 icon:

<table>
<thead>
<tr>
<th>Collected</th>
<th>Submitted</th>
<th>Received</th>
<th>In Process</th>
<th>Published Report</th>
<th>Viewed Report</th>
</tr>
</thead>
</table>

### Viewing Reports

Click the **VIEW REPORTS** Call-to-Action button in the navigation bar to view new (i.e. unread) published reports.
The **Unread Reports** grid is displayed.
- Unread orders are displayed in bold.
- Once report has been viewed, the order disappears from the Unread Reports grid and moves to the Published Reports grid.
- Click on 📄 icon to view all published patient reports associated with an order.

**Note:** Latest report always appears on top.

Unopened report will have a “NEW” tag in red and no checkmark inside the green circle. The type of the report (Final, etc.) will be displayed as a part of the PDF name.
Use 🔄 to open report history which provides an audit trail of all the actions taken on the report (viewing, sharing, etc.)

Click on ➤ icon to share published patient report with a 3rd party. Populate Subject, Email addresses, Message and click Submit

Note: recipient will get temporary access to the portal to download shared reports.

To download or share multiple patient reports at once, select multiple orders and then click on 🔽 to download a single PDF with multiple patient reports or ➤ to share multiple patient reports at once. Results Reports can also be viewed in the All Orders data grid.
Data grids

Click on any column in the grid to order by it. To order by multiple columns, click and hold Shift and click on the columns to order.

Click on 👉 to pin one or multiple columns to the left side of the grid.

Quick Search

Use “Quick Search” box at the top to search across all columns in the grid:

Click on button to open filter panel for advance search options like searching on multiple fields at the same time, use date ranges, etc.

Use the SAVE button to save filters for repeated searches.

Patient Information

To access your patients at any time, click on My Patients link in the navigation bar. Search and click on the patient record to open patient information page.
Note: Patient page can also be accessed from All Orders grid by clicking on a Patient Name link.

Patient Demographics page – displays patient demographic information. Information can be edited and saved.

Orders – displays all submitted orders for the patient. In addition to being patient specific, orders are also filtered by organizations user has access.
