

iPad Program 2021

WY Dept of Health – Aging Division

Apple iPad

- The iPad arrives fully set up and ready-to-use. No technical knowledge required!
- Stay connected to family and friends with video calling. It's free and easy-to-use. You can set a time or let your family call you by video anytime! You can also send messages and share photos!
- Get access to telehealth (virtual appointments) offered by your doctors.
- As you start using the iPad more, it's capable of doing so much! The iPad comes with an entire suite of 'Apps' that were specially selected for this program.
 - Apps to help with hearing loss - like working with your landline phone to provide a read-out (captions) of what your caller is saying.
 - Apps to help with vision loss – like magnifiers and apps that read labels on food packages or identify objects.
 - Apps to help with managing medications and setting reminders for medications, appointments, and events.
 - Access to weather and local news
 - Specially-designed games to help with memory and speed, or to help with therapeutic relaxation.

Teltex

*Solutions for Independent Living
and Remote Care*

Teltex Support and Warranty

- 3 years of Tech Support and Warranty are included, free of charge. Get stuck on your iPad? Teltex is just a phone call or email away! Does it need repair? Teltex will take care of it!
- Training videos are just a 'tap' away on the iPad. They will help you get to know your new iPad, walking you through step-by-step, on your own time and pace!
- The iPad comes enrolled in a special support package which makes sure everything is working correctly and updated, automatically.
- A heavy-duty case protects the unit from drops, screen breakage, and more!

The Wyoming Department of Health Aging Division is proud to be able to offer this special iPad package to Senior Wyomingites. This program is **free of charge**, to eligible applicants, and provides not only the iPad, but also apps and full support and warranty for 3 years. This iPad package is designed to be a simple, but powerful, solution for enabling remote communications, telehealth access and much more!

The iPad will be ready-to-go, right out of the box. Helpful video tutorials will give you step-by-step training, on your own terms! From video calling family and friends, to attending virtual doctor's visits, to listening to local news and weather, to getting reminders and so much more... There are limitless options of what you can do with this amazing tool!

Contact the Aging Division at (307) 777-7995, or (800) 442-2766, or by email at [wyaging@wyo.gov](mailto:wyanging@wyo.gov) for more information.

*High-speed/Broadband Internet Service required for many apps and functionalities
