Public and Tribal Notice

Wyoming Department of Health, Medicaid School-Based Services

January 19, 2022

Public and Tribal notice is hereby given that the Wyoming Department of Health intends to submit a State Plan Amendment (SPA) to the United States Department of Health and Human Services Centers for Medicare and Medicaid Services (CMS). The amendment application has a proposed effective date of July 1, 2022.

The School-Based Services (SBS) Program allows State Medicaid Agencies to reimburse local education agencies (LEAs) for providing health related services to Medicaid eligible students in a school-based setting. For LEAs to receive Medicaid payments for school-based services, schools must document the services in the student's individualized Education Program (IEP) or Individualized Family Service Plan (IFSP).

Copies of the Wyoming Medicaid State Plan will be available at the Department of Health, Division of Healthcare Financing. To obtain a copy of the State Plan Amendment, contact:
