

Welcome and thank you for joining!

State Updates:

- **988 implementation plan underway**
- **Free QPR Training Codes sent out again**
- **Governor's Challenge**
- **Funding for gun lock, safes, medlock boxes etc.**
- **Zero Suicide calls to start Jan/Feb 2022! monthly , last Tuesday @ 10:30.**
- **Needs Assessment**
 - 99 Responses
 - Majority of respondents were from k-12 roles, 53% of people focused on high school aged youth, 38% on middle school, and 38% on women.
 -

What is your primary role related to suicide prevention?

96 responses

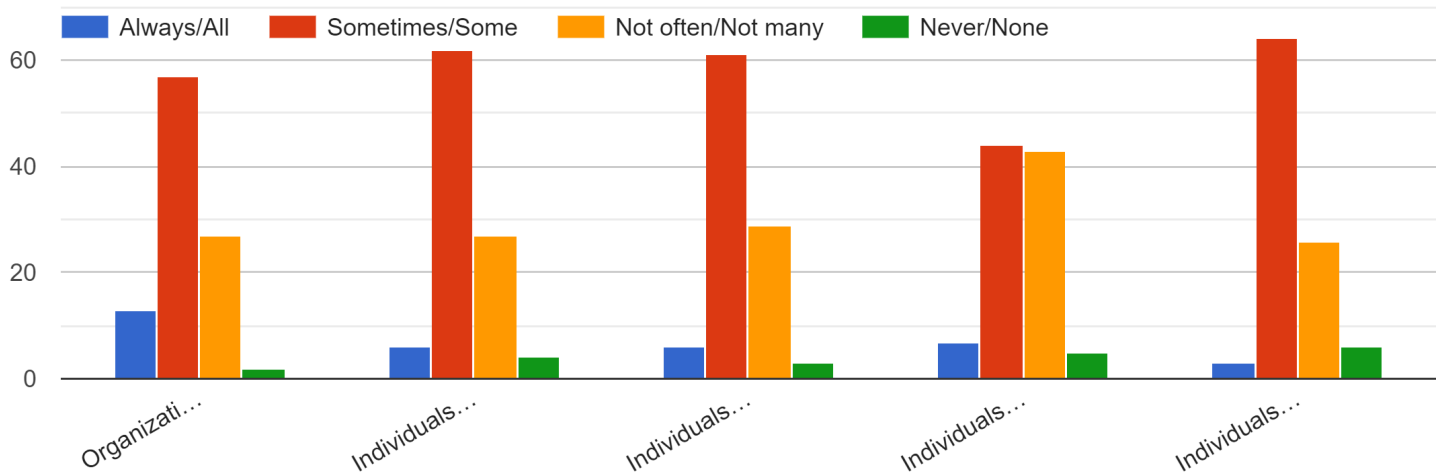

- Community Prevention Specialist
- Community Nonprofit Organization
- K-12 School
- Higher Education Institution
- Community Healthcare/Mental Health...
- Law Enforcement
- First Responder
- Community Coalition

▲ 1/2 ▼

- **Pros:**
 - Most people reported QPR, the hotline, and community engagement activities are available AND promoted well.
 - Parenting skill programs, family relationship programs, MHFA/ASIST/SafeTalk, and lethal means reduction methods are all available but not well-advertised.
- **Opportunities:**
 - Looks like most respondents reported not having CONNECT training or CALM training in their communities.

How would you describe your community related to suicide prevention?

- Above: Organizations have policies to support suicide prevention, individuals are engaged in prosocial behavior, individuals support help-seeking behavior, individuals know about community resources, individuals promote positive social norms.

Work Group Updates:

1 Population Based (Megan Selheim, Ashley McRae, Jeremy Bay)

- Completed large scale SWOT analysis
- Narrowed down priorities/focuses on primary prevention strategies, population health-SOS as a specific focus areas to bridge a gap.
- Jeremy will assist with resource mapping alongside the GC efforts.
- Zero Suicide
- Possibly pilot a few programs specific to rural counties.

2 Prevention Strategies (Beverly Shore, Jeremy Bay and Megan Selheim)

3 Access to Care (Jen Swaney, Andrea Shipley)

- Pipeline to care
 - Who is that first contact when accessing care? How does that differ when entering crisis from different points
- Subgroups to focus on- coordinating efforts to reduce barriers to care
- Coordinated telepsych, reducing intake paperwork, marketing prevention and 988, school-based mental health.

4 Policy and Planning (Ann Perkins, Jen Davis, Doug Bebout)

- Waiting to meet once other groups could help shape their goals.
- Possibly assist on 988 policy

- Reminder: Work Group Expectations
 - Subgroups
 - Autonomous in meeting frequency and planning
 - Member roles
 - Landscape Analysis, SWOT analysis
 - Contribution to WY state plan
 - Representatives to general meeting
 - Reminder: Align goals with CDC National Plan, Dept. of Defense Plan, National Action Alliance Plan, and WY State Plan

Other Community Updates/Highlights?

- ART321
- DOC ASIST
- Park CO
- CAMS-Care
- Grace for 2 Brothers Award
- ARPA Updates: Gov presented plan to JAC for ARPA spending.
 - Recommended: 7mil for lifeline to 24/7 operations, 2nd yr of funding for MHFA t4t
 - Proposed EMS standardization with EMD, improve capacity of resources and referrals via 211 and regional champions.
 - On gov website- opportunity to make public comment, Jen developed a white paper for GC lists taskforce recommendations.
 - Judiciary hearing tomorrow- missing stakeholder input, not open for public comment. Recommendation to write legislators with concerns of proposed changes. Harms associated with what changes will cause .
- My Ascension Documentary screening recently

Review Main Action Items:

Next Meeting: March 10th 12-1pm

Going forward do these need to be 1.5-2 Hrs?

*UPDATE MEETING INVITE TO REMOVE THE GOOGLE MEET

Questions for me, WDH, or the large group?
