## Status Update for Wyoming MMIS WINGS Project Activities

The Wyoming Department of Health, Division of Healthcare Financing, MMIS Replacement Project Team for the Wyoming Integrated Next Generation System (WINGS) is providing the last periodic updates for WINGS Project Procurements. Below are the remaining module's status as of August 2022.

- ❖ **Care/Case Management System 2 (CCMS-2) Module** – The CCMS-2 project is in the pre-planning stages. All options for procurement and implementation are being explored, including a NASPO ValuePoint agreement as well as RFP release. Additional information related to the project is expected to be available in fall-2022.
- ❖ **Comprehensive Security Testing Services for Infrastructure and Applications** – This procurement is currently in blackout. If you would like additional information or have any questions, please refer to the Wyoming Public Purchase site at the following link:  
<https://www.publicpurchase.com/gems/login/login>  
RFP Release Date: 08/09/2022  
Proposals Due: 09/12/2022  
Tentative Award Date: 10/07/2022  
This will procure a vendor to provide vulnerability scanning of the infrastructure and applications, penetration testing, code reviews, and security control reviews.
- ❖ **Support and Hosting for State Owned and Administered Systems** – This will secure hourly services related to ongoing operations support as well as hosting services for existing State owned systems. Scheduled for fall-2022.

\*\*\*\* We appreciate all of the Interested Vendors who have signed up to receive notifications. The State of Wyoming is officially removing the

BPO from our list of upcoming procurements. As of today, we do not have any plans to add the BPO Module to the upcoming WINGS procurements.

\*\*\*\*\*
