| Uinta                 | 30.9        |
| Washakie              | 16.8        |
| Weston                | 17.8        |
| <b>State</b>          | <b>26.9</b> |

**Note 1:** Rates per 100,000 people and age-adjusted to the 2000 US Standard Population.

**Note 2:** Caution should be used in the interpretation of vital statistics rates which are based on small population or a small number of events. For example, Niobrara rate has seen great fluctuations from year to year, but the numbers are very small.

**Note 3:** Some deaths recorded in Carbon and Fremont Counties may not have been correctly completed pursuant to Wyoming Statute 35-1-418(C), which requires non medical coroners to consult a competent physician when determining the cause of death.
