**Quick Fact:** In July 2015, Amanda Nguyen met with New Hampshire Senator Jeanne Shaheen to discuss legislation that would protect survivor rights on the federal level. The new law protects, among other rights, the right to have the evidence of a rape kit preserved without charge for the duration of the statute of limitations. More information is available at <https://www.amanda.website/>.

## STD Awareness

---

STI Awareness Week provides an opportunity to raise awareness about sexually transmitted infections, or STIs, and how they impact our lives; reduce STI-related stigma, fear, and discrimination; and ensure people have the tools and knowledge for prevention, testing, and treatment.

## Sexual Assault Awareness

---

Sexual Assault Awareness Month (SAAM) is an annual campaign to raise public awareness about sexual assault and educate communities and individuals on how to prevent sexual violence. It is observed in April.

Each year during the month of April, state, territory, tribal and community-based organizations, rape crisis centers, government agencies, businesses, campuses and individuals plan events and activities to highlight sexual violence as a public health, human rights and social justice issue and reinforce the need for prevention efforts.

## WDH Maternal Child Health Rape Prevention Education Program (RPE)

---

WDH Maternal Child Health Rape Prevention Education Program (RPE) is a federally funded program intended to prevent sexual violence victimization and perpetration through education and strengthening community supports, managed by the Centers for Disease Control and Prevention (CDC). The RPE Program uses a public health approach to implement and evaluate identified sexual violence primary prevention strategies based on the best available evidence at all levels of the Social Ecological Model (SEM).
