BSCA Supplemental funds, Table 2 revision request: Administrative funds would be used for technical assistance and updates to plans for providers, and not direct treatment services for clients. \$10,000 for annual plan updates and \$68,116.00 for providers needs to develop, review needs and gaps, or update their emergency plans, obtain training opportunities to develop and enhance ability to respond to the aftermath of mass shootings and other traumatic events in the communities, which may include, but not be limited to culturally and linguistically appropriate supports and tailored messaging, evidence-based services training, and appropriate behavioral health crisis response and/or active shooter-related training for agencies, providers, and stakeholders. The 10% set aside for FEP / ESMI programs will be offered to current program providers to develop and update plans as needed and/or create or obtain training for their programs and possible train other CMHCs and stakeholders. Please see funding proposal for more detail.

A. 86Name of MHBG Grantee Organization	Wyoming Department of Health
B. Date of Submission of BSCA Request	Original Submit Date: December 1, 2022 via Web BGAS Global Revision Request
C. BSCA Award Total \$ Amount Issued in NoA of October 17, 2022	\$86,796.00
D. Project Period Time Period:	10/17/2022 – 10/16/2024
<p>1. Describe any plans to utilize the BSCA supplemental funds to develop/enhance components of your state’s mental health emergency preparedness and response plan that addresses behavioral health. Please include in your discussion how you plan to coordinate with other state and federal agencies to leverage crisis/mental health emergency-related resources.</p> <p>The Wyoming Department of Health proposes to utilize BSCA supplemental funds to further develop and enhance components of the state’s mental health emergency preparedness and response plan that addresses behavioral health by working with community mental health centers to ensure local center plans align with the goals, objectives, and deliverables of the state plan.</p> <p>The Wyoming Department of Health (Agency), Behavioral Health Division (Division) participates in the meetings hosted by the Agency’s Public Health Division (PHD), Public Health Preparedness and Response (PHPR) Unit. The PHPR meetings are a collaboration between multiple state agencies, county emergency managers, and key stakeholders. Meetings typically include a specific topic or an agenda, and participants are asked to provide an update or contribution. The PHPR gathers Agency related information, including information from the Division, for Continuity of Operations (COOP).</p> <p>The Wyoming Office of Homeland Security (WOHS) training section is responsible for the coordination of courses from the National Training and Education Division of the Federal Emergency Management Agency (FEMA). Most pieces of training are provided through grants at little to no cost for registered FEMA student(s) to attend; and in order to qualify for most training, the individual must have a local, county, or state agency affiliation or belong to a first response, receiver organization or volunteer organization. A full list of training and exercise opportunities offered through the WOHS training unit can be located on the Wyoming Information Sharing Platform (<a href="#">WISP</a>).</p> <p>At this time, the Division will continue to participate in the PHPR meetings as requested and continue collaboration with those involved. The Division will forward appropriate WOHS training opportunities to the providers identified in the statewide plan. By incentivizing payment through contract deliverables, the Division will require plans to be updated. The Division will release an opportunity to receive funding through a Request for Application (RFA) process. The RFA process is the state-approved procurement and payment process for awarding grant dollars. Providers would respond to a released RFA indicating desire for federal funds. This would enable them to develop and/or enhance systems related to emergency preparedness, response, and recovery services and plans.</p>	

**Bipartisan Safer Community Act supplemental funding for the Community Mental Health Services Block Grant (MHBG) Proposal Plan - Wyoming**

1. Describe any plans to utilize the BSCA supplemental funds to develop/enhance a state behavioral health team that coordinates, provides guidance, and gives direction in collaboration with state emergency management planners during a crisis.

Mental Health providers identified in the statewide plan:

- Big Horn County Counseling Services
- Campbell County Hospital
- Central Wyoming Counseling Center
- Cloud Peak Counseling Center
- Fremont Counseling Service
- High Country Behavioral Health
- Jackson Hole Community Counseling Center
- Southwest Counseling Service
- Yellowstone Behavioral Health Center
- Volunteers of America Northern Rockies

The Division will require providers identified in the statewide plan to develop and enhance emergency preparedness and response plans along with collaborative efforts to create or enhance their multiple Memorandums of Understanding (MOU) annually through incentivized payment via Agency contracts. Proof of completed contract deliverables must be provided in order to receive payment.

The Division will forward appropriate WOHS training opportunities to providers. As previously mentioned, WOHS offers most training for free or at little cost to the student(s); BSCA supplemental funding will be used when WOHS grant funding is expended or not available.

The Division will open an RFA where responses may include the providers' need to develop, enhance, and identify unique emergency preparedness and response abilities and necessary training to respond to a crisis, or perhaps an analysis of gaps and improvements necessary to meet evidence-based practices in regard to emergency preparedness and response plans. At this time, the Division is not aware of the training necessary for each provider and would need to evaluate the providers' requested needs. The total amount of funding for this project is to be determined. Overall, it will be available to improve providers' ability to respond to the need for mental health services in the aftermath of mass shootings and other traumatic events in the communities.

2. Describe any plans to utilize the BSCA supplemental funds to develop/enhance a multidisciplinary mobile crisis team that can be deployed 24/7, anywhere in the state rapidly to address any crisis.

BSCA supplemental funds are not being requested to develop/enhance a multidisciplinary mobile crisis team that can be deployed 24/7, anywhere in the state, to rapidly address any crisis. At this time, mobile crisis teams are not ready to launch in Wyoming based on a comprehensive needs assessment from the National Council of Mental Wellbeing, MTM

<p>Services. There are other funds being utilized at this time to address the needs, gaps, and enhancements to create mobile crisis teams in Wyoming.</p>
<p>3. Describe any plans to utilize the BSCA supplemental funds to develop/enhance crisis/mental health emergency services specifically for young adults, youth and children, or their families. This includes those with justice involvement and having SED/serious mental illness.</p>
<p>The Division is not requesting BSCA supplemental funding to develop/enhance crisis/mental health emergency services specifically for young adults, youth and children, or their families, including those with justice involvement and having serious emotional disturbance/severe mental illness (SED/SMI).</p> <p>The Division will continue collaboration efforts with individuals at the Wyoming Department of Education's AWARE project, individuals within the Governor's Behavioral Health Advisory Council, and other necessary stakeholders.</p> <p>The Division requires through contracts with providers "[t]he Contractor shall have policies and procedures, including action plans and training documents, in regards to emergency management directly impacting individuals with SMI and SED".</p>
<p>4. Describe any plans to utilize the BSCA supplemental funds to develop/enhance services provided to communities that are affected by trauma and mass shootings/school violence.</p>
<p>The Division requests BSCA supplemental funding to obtain appropriate behavioral health crisis response and/or active shooter-related training for agencies, providers, and stakeholders.</p> <p>BSCA supplemental funding to develop/enhance services provided to communities that are affected by trauma and mass shootings/school violence may be associated with the provider's RFAs in regard to training opportunities. Having robust emergency preparedness and response plans allows providers to appropriately respond to communities experiencing and recovering from mass shootings, school violence, and other traumatic events.</p>
<p>5. Describe any plans to utilize the BSCA supplemental funds to develop/enhance culturally and linguistically tailored messaging to provide information about behavioral health in a crisis/mental health emergency and/or to identify culturally/linguistically appropriate supports for diverse populations.</p>
<p>The Agency complies with applicable Federal Civil Rights laws and does not discriminate on the basis of race, color, national origin, sex, age, or disability in its programs and services. The Agency provides appropriate communication aids and services when necessary for individuals with disabilities to be able to communicate effectively and to ensure meaningful access to programs and services. These aids and services include qualified sign language interpreters and written information in other forms, such as large print, audio, or accessible</p>

electronic formats. The Agency Non-Discrimination Notice can be found at [health.wyo.gov/admin/privacy/non-discrimination-notice/](https://health.wyo.gov/admin/privacy/non-discrimination-notice/).

The PHPR Unit is able to access a listing of Agency services, as needed, and may disseminate Agency service information to members of the public or other stakeholders. The PHPR Unit also collaborates with Wyoming 211 in regard to the release of public resources.

Providers identified in the statewide plan will have the opportunity to request BSCA dollars through RFA to develop or enhance their culturally and linguistically tailored messaging to provide information about behavioral health in a crisis or mental health emergency and to identify culturally/linguistically appropriate supports for diverse populations.

**6. What other mental health emergency/crisis behavioral health practices or activities does the state plan to develop or enhance using the BSCA supplemental funds?**

The Division requests funding to obtain appropriate behavioral health crisis response and/or active shooter-related training for agencies, providers, and stakeholders.

As required per the Clarification to Bipartisan Safer Communities Act (P.L.117-159) MHBG Guidance (10/17/2022), states must spend BSCA funds in accordance with allowable MHBG expenses, including the set aside ten percent (10%) of the total allocation for first-episode psychosis or early SMI programs.

First Episode Psychosis (FEP) / Early Serious Mental Illness (ESMI) providers will have the opportunity to expend the allocated ten percent (10%) set aside funds in their RFA. Provider ESMI / FEP programs will be required to develop or enhance the programs' emergency preparedness and response plans, evidence-based services, and collaboration efforts to coordinate with multiple agencies and organizations.

In fiscal year 2023 (second year), FEP/ESMI providers will have the opportunity to offer training to other community mental health centers and stakeholders on evidence-based practices and emergency preparedness and response plans related to the FEP/ESMI program. In addition, this will allow FEP/ESMI providers to update or establish MOUs to develop and enhance emergency response and recovery services for the FEP/ESMI program during a crisis.

The five percent (5%) set aside for Crisis Services is not required with BSCA funds. The Division is not requesting BSCA funding for Crisis Services.

The Division will not be requesting BSCA supplemental dollars in regard to the five percent (5%) maximum dollar amount for administrative costs.

**7. Clearly describe the proposed/planned activities utilizing the funds for both FY 2022 and FY 2023 in two separate sections, including an estimated budget for each year. States will be required to report on what activities have been completed using this funding.**

## ASSURANCES - NON-CONSTRUCTION PROGRAMS

Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standard or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standard for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §§794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to non-discrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Title II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetland pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions

to State (Clear Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

## LIST of CERTIFICATIONS

### 1. Certification Regarding Debarment and Suspension

The undersigned (authorized official signing for the applicant organization) certifies to the best of his or her knowledge and belief that the applicant, defined as the primary participant in accordance with 2 CFR part 180, and its principals:

- a. Agrees to comply with 2 CFR Part 180, Subpart C by administering each lower tier subaward or contract that exceeds \$25,000 as a "covered transaction" and verify each lower tier participant of a "covered transaction" under the award is not presently debarred or otherwise disqualified from participation in this federally assisted project by:
  - a. Checking the Exclusion Extract located on the System for Award Management (SAM) at <http://sam.gov>
  - b. Collecting a certification statement similar to paragraph (a)
  - c. Inserting a clause or condition in the covered transaction with the lower tier contract

### 2. Certification Regarding Drug-Free Workplace Requirements

The undersigned (authorized official signing for the applicant organization) certifies that the applicant will, or will continue to, provide a drug-free work place in accordance with 2 CFR Part 182 by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's work-place and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing an ongoing drug-free awareness program to inform employees about--
  1. The dangers of drug abuse in the workplace;
  2. The grantee's policy of maintaining a drug-free workplace;
  3. Any available drug counseling, rehabilitation, and employee assistance programs; and
  4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a) above;
- d. Notifying the employee in the statement required by paragraph (a), above, that, as a condition of employment under the grant, the employee will--
  1. Abide by the terms of the statement; and
  2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- e. Notifying the agency in writing within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- f. Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d) (2), with respect to any employee who is so convicted?
  1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

### 3. Certifications Regarding Lobbying

Per 45 CFR §75.215, Recipients are subject to the restrictions on lobbying as set forth in 45 CFR part 93. Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions,"

generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non- appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs.

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### **4. Certification Regarding Program Fraud Civil Remedies Act (PFCRA) (31 U.S.C § 3801- 3812)**

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

#### **5. Certification Regarding Environmental Tobacco Smoke**

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, daycare, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

#### **HHS Assurances of Compliance (HHS 690)**

ASSURANCE OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, SECTION 504 OF THE REHABILITATION ACT OF 1973, TITLE IX OF THE EDUCATION AMENDMENTS OF 1972, THE AGE DISCRIMINATION ACT OF 1975, AND SECTION 1557 OF THE AFFORDABLE CARE ACT

The Applicant provides this assurance in consideration of and for the purpose of obtaining Federal grants, loans, contracts, property, discounts or other Federal financial assistance from the U.S. Department of Health and Human Services.

THE APPLICANT HEREBY AGREES THAT IT WILL COMPLY WITH:

1. Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
2. Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified individual with a disability in the United States shall, solely by reason of her or his disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
3. Title IX of the Education Amendments of 1972 (Pub. L. 92-318), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 86), to the end that, in accordance with Title IX and the Regulation, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any education program or activity for which the Applicant receives Federal financial assistance from the Department.
4. The Age Discrimination Act of 1975 (Pub. L. 94-135), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
5. Section 1557 of the Affordable Care Act (Pub. L. 111-148), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 92), to the end that, in accordance with Section 1557 and the Regulation, no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any health program or activity for which the Applicant receives Federal financial assistance from the Department.

The Applicant agrees that compliance with this assurance constitutes a condition of continued receipt of Federal financial assistance, and that it is binding upon the Applicant, its successors, transferees and assignees for the period during which such assistance is provided. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is so provided, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of the property. The Applicant further recognizes and agrees that the United States shall have the right to seek judicial enforcement of this assurance.

The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients in accordance with 45 CFR §§ 75.351-75.352, Subrecipient monitoring and management.

I hereby certify that the state or territory will comply with Title XIX, Part B, Subpart II and Subpart III of the Public Health Service (PHS) Act, as amended, and summarized above, except for those sections in the PHS Act that do not apply or for which a waiver has been granted or may be granted by the Secretary for the period covered by this agreement.

I also certify that the state or territory will comply with the Assurances Non-construction Programs and other Certifications summarized above.

## Request for No Cost Extension (NCE) for COVID-19 Supplemental Funding

**COVID-19 Award Issue Date:** 3/11/21    **Approved Expenditure Period:** 3/15/21 through 3/14/23

**Instructions:** Current MHBG and SABG grantees may request a No Cost Extension (NCE) for the FY 21 COVID-19 Supplemental Funding Award for an additional expenditure period of up to twelve (12) months, through March 14, 2024. Grantees are required to complete the information below for the proposed use of funds using the NCE, and agree to implement this NCE in accordance with:

- the March 11, 2021 Notice of Award (NoA) Terms and Conditions for the MHBG COVID-19 Supplemental Funding or the SABG COVID-19 Supplemental Funding;
- the March 11, 2021 COVID-19 Supplemental Funding Guidance Letter to the SSA Directors and the SMHCs from Tom Coderre, then Acting Assistant Secretary for Mental Health and Substance Use; and
- the grantee's SAMHSA currently approved MHBG COVID-19 Supplemental Funding Plan, or SABG COVID-19 Supplemental Funding Plan, as previously communicated to the grantee by the CMHS or CSAT State Project Officer.

Grantees are requested to submit this **Request for No Cost Extension (NCE) for COVID-19 Supplemental Funding** to their CMHS or CSAT State Project Officer by email as a Word document or PDF file, and to upload this NCE Request as an Attachment in WebBGAS in the FY 23 MHBG Plan, or in the FY 23 SABG Plan. Upon written notification of a grantee's intention to file a NCE Request, the CMHS or CSAT State Project Officer will be requested to create and send the grantee a Revision Request in the FY 23 MHBG Plan or FY 23 SABG Plan in WebBGAS, with instructions for uploading the NCE Request as an Attachment in the FY 23 MHBG Plan or the FY 23 SABG Plan. Separate NCE Requests are required for approval for either a MHBG NCE Request or a SABG NCE Request. Grantees are requested to complete and submit the NCE Request, as instructed above, no later than Friday, September 9, 2022, at 12:00 midnight EST. Further information about this process may be requested from your CMHS, CSAT, or CSAP State Project Officer. Thank you.

Other deliverables required to be completed by Gannett Peak include developing a certification module, user interface design and development, updating the admit-service and</p>			

interims-discharge process in the treatment program, reporting enhancements, system optimization, maintenance and updates, and testing. This contract is intended to build support for adolescent services, outpatient substance use disorder services, recovery services, data collection updates for the treatment program, and reporting capacity for the CST Program that are not currently available. Contracted SABG COVID-19 amount: \$196,720.00; expended \$90,810.00; remaining amount: \$105,910.00. These funds are anticipated to be expended by March 14, 2023.

Women and Children Set Aside: \$321,161.00

Subrecipient provider, Volunteers of America Northern Rockies (VOA), received \$321,161.00 in relation to the women and children's set aside. Located in Sheridan, Wyoming, VOA receives \$225 per day for up to twelve (12) beds for three (3) years to provide Early Serious Mental Illness (ESMI) treatment services, women and children services, and supports that are accessible, affordable, and accountable to clients and the Agency, and provided in the least restrictive and most appropriate environment. Contract start date: 3/17/2022; SAPT COVID funds end date: 03/14/2023; Due to addition of other funding, contract end date is 09/30/2025. Contracted amount: \$321,161.00; expended to date: \$240,075.00; remaining amount to date \$81,086.00. The SABG COVID-19 dollars will be expended by the extension date of March 14, 2023 date.

National Council of Mental Wellbeing, MTM Services: \$77,793.60

The Agency contracted with the National Council of Mental Wellbeing's MTM Services (referred to as "MTM Services"). MTM Services provided a system assessment, evaluation and data analysis, and technical assistance to support and assist in coordinating state-level efforts to enhance delivery and reimbursement of mental health and substance abuse treatment services. Specifically under crisis services, MTM assisted in providing technical assistance to the Agency in developing and refining service definitions reflective of the National standards for mental health crisis services in Wyoming; assisted the Agency in creating comprehensive cost estimates for building regionalized crisis services and ongoing service implementation costs; assisted the Agency in creating and disseminating information on the crisis system to include, but not limited to changes, requirements, and continuity of care; assisted the Agency in creating Agency level and Agency approved provider level policies and ongoing crisis program improvement; assisted the Agency in creating Key Performance Indicators for monitoring; assisted the Agency in facilitation of a SA/MH Crisis System Advisory Committee; and assisted to define current level of care and working assumptions.

The Agency is in progress amending the original contract (mentioned above) with MTM Services to provide technical assistance to the Agency in developing policies and processes as necessary to incorporate Daily Living Activities – 20 (DLA-20) into provider contract requirements, along with assisting the Agency in developing key performance indicators for measurement and monitoring of compliance, and provide DLA-20 training to Agency approved providers. Contract start date: TBD; Contract end date: 09/30/2024. Contracted amount: \$208,200.00. Contracted SABG COVID-19 amount: \$77,793.60; expended \$0.00; remaining amount: \$77,793.60. The SABG COVID-19 dollars will be expended by the original date of March 14, 2023.

Sub-Acute Crisis Residential Services: \$1,041,256.25

The Agency is drafting four amendments to the treatment contracts for sub-acute crisis residential services during FY23 contract season, as the Agency moves from LOCUS to DLA-20. Four of the treatment providers will be a part of the pilot: Central Wyoming Counseling Center (\$108,072.34), Cloud Peak Counseling Center (\$202,548.54), Southwest Counseling Center (\$128,955.90), and Volunteers of America Northern Rockies (\$201,198.22). As a reminder training materials presented are trademarked and used with permission only, after training and certification. Contract start date: TBD; Contract end date: 03/14/2023. Contracts total amount: \$640,775.00. The SABG COVID-19 dollars will be expended by the original date of March 14, 2023.

The Agency is including in the drafted amendment with Southwest Counseling Center to provide an additional nine (9) beds on top of the six (6) facility-based Sub-Acute Residential beds, as part of a pilot project. Southwest Counseling Center is to maintain a utilization rate of fifty percent (50%) through the term of the contracted. Payment will be made at \$325.00 per day per occupied bed. Contract start date: TBD; Contract end date: 03/14/2023. The SABG COVID-19 dollars will be expended by the original date of March 14, 2023.

#### Prevention Set Aside:

Wyoming contracted with the Wyoming Survey and Analysis Center (WYSAC) for \$109,371.00 to conduct strategic planning for Substance Use and Tobacco Prevention. Contract start date: 12/22/21; Contract end date: 01/30/2023. Contracted amount: \$109,371.00; expended to date: \$67,092.00; remaining amount to date \$42,279.00. The SABG COVID-19 dollars will be expended by January 30, 2023.

WYSAC also received \$87,300 of SABG COVID-19 funds to conduct a Wyoming Cost of Substance Abuse study, Value of Prevention Study, and make updates to the SEOW county data profiles to give us to transition data profiles in-house. These studies were originally conducted in 2017 and have been an important tool to advocate for prevention in Wyoming. Contract start date: 11/26/21; Contract end date: 09/29/2023. Contracted amount: \$194,000.00; expended to date: \$26,675.00; remaining SABG COVID-19 amount to date \$60,625. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date.

Wyoming contracted with Hayden Center to develop a prevention coalition engagement sustainability toolkit and we expect for \$29,000 to be expended by March 14, 2023. This was an identified technical assistance need that grew out of COVID-19 and the impacts it had to coalition engagement. Contract start date: 6/6/22; Contract end date: 12/31/2023. Contracted amount: \$35,000.00; expended to date: \$8,000.00; remaining SAPT COVID amount to date \$21,000.00. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date.

Wyoming contracted with Arkansas Foundation for Medical Care, Inc. to develop an online reporting system for SABG data collection of subrecipients that will be maintained by the Wyoming Department of Health. This will save a significant amount of funding annually by moving away from our current vendor. Contract start date: 7/11/22; Contract end date: 03/15/2023. Contracted amount: \$45,322.00; expended to date: \$0.00; remaining SAPT COVID amount to date \$45,322.00. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date.

Wyoming contracted with the Wyoming Liquor Association for \$40,000 to purchase responsible beverage service training manuals and conduct trainings. Contract start date: 10/28/21; Contract end date: 12/31/2023. Contracted amount: \$60,000.00; expended to date: \$0.00; remaining SABG COVID-19 amount to date \$60,000.00. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date.

Wyoming is contracting with the Wyoming Children's Trust Fund in the amount of \$50,000 of SABG COVID-19 funds to contract with ACE Interface LLC to provide training for approximately 60 master trainers as well as to manage a cohort of trainers. This initiative has several internal and external partners that will expand the impact and reach of ACE Interface training in the state. Contract start date: 9/1/2022; Contract end date: 9/30/2024; expended to date: \$0.00; remaining SPT COVID amount to date \$50,000.00. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date.

Through a request for application (RFA) for Prevention Services, Wyoming granted funding to nonprofit organizations to expand their organizational services into prevention focused activities. The following details the organizations who have received grant awards.

Greater Wyoming Big Brothers Big Sisters for mentoring services. This evidence-based program has faced significant challenges to recruitment of both volunteers and clients due to the impacts of COVID-19. Contract start date: 06/17/22; Contract end date: 09/30/2025. Contracted amount: \$75,000.00; expended to date: \$0.00; remaining SPT COVID amount to date \$30,000.00. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date, although we will extend their period of performance if need be if granted an extension

Compass Center for Families received \$55,080 for implementation of Strengthening Families. Contract start date: 05/04/22; Contract end date: 09/30/2025. Contracted amount: \$92,860.00; expended to date: \$1,506.65; remaining SPT COVID amount to date \$53,573.35. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date, although we will extend their period of performance if need be if granted an extension.

YES House received \$100,000 for implementation of nurturing parenting program and a youth mentoring program. Contract start date: 4/5/2022; Contract end date: 03/14/2023. Contracted amount: \$100,000.00; expended to date: \$11,484.86; remaining SPT COVID amount to date \$88,515.14. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date, although we will extend their period of performance if need be if granted an extension.

Wyoming set aside \$10,500 to provide funding to the Med Text Line to provide information to citizens about drop box locations. Funding for this initiative had been provided through a federal grant that Wyoming no longer has. This is a services that communities have been pleased to have and is a great partnership between the Agency and the Prescription Drug Monitoring Program in Wyoming that we were able to continue with these funds. Of the funding set aside, \$5,382 has been expended. The SABG COVID-19 dollars are anticipated to be expended by March 14, 2023 date, although we will extend if need be if granted an extension.

Wyoming prioritized the travel of the Technical Assistance Coordinator to all counties who are recipients of prevention funding, and building capacity for prevention. As such, a total of \$15,000 was set aside for travel and capacity building. To date, a total of 13,607.61 has been

expended on travel and capacity building. Funding has allowed the Technical Assistance Coordinator and other relevant staff to support communities in a way that would not have otherwise been possible. Communities have provided positive feedback about in-person interaction.

Due to COVID-19, Wyoming was unable to host an in-person annual meetings for Community Prevention Specialists. The first year of COVID-19, the meeting was canceled and communities expressed how much they wanted and needed a meeting. A total of \$2,479 was expended to purchase a virtual platform called Whova to host the conference. This made the virtual meeting much more engaging and productive.

M. Please provide a brief summary of the challenges that your program has experienced in fully expending the current COVID-19 Supplemental Funding by March 14, 2023, and what steps the grantee will be implementing to ensure that approved NCE COVID-19 Supplemental Funding will be fully expended by the end of the NCE period of expenditure requested above.

Wyoming has put forth great effort in vetting ideas and concepts to expend the funds fully. The local capacity to start, implement, and complete objectives has been limited. Locating vendors to complete objectives is compounded by Agency procurement and contract processes which can take months to create, review, approve, and execute.

In Wyoming's experience, contractors generally do not hire additional staff to enact and fulfil a role for objectives where funding is not guaranteed. Wyoming also experiences a lack of qualified individuals able or willing to work in the state. Another challenge Wyoming faces includes several providers not having the capacity to take on further demands due to staffing issues.

The difficulties in expending the funds by the CST Programs are in relation to referrals to the programs from the local judges and courts. The referrals or lack thereof is outside the realm of control from the Agency.

The Safe2Tell program's projects came under bid due to additional funding being provided specifically for Safe2Tell's mission by the local hospital and the production company was able to donate time to complete projects. Safe2Tell is in discussion, approval, and concept phase on one or two more projects with the remaining funds in the contract.

Subrecipient providers of the Projects for Assistance in Transition from Homelessness (PATH) Grant that receive SABG supplemental funding have expressed difficulty finding property managers willing to partner and participate in housing individuals with serious mental illness, serious emotional disorders, and/or co-occurring disorders. Along with challenges related to housing specifics, several providers have received additional COVID-19 funds unrelated to SAMHSA block grant supplemental funds and depend on those additional, but unsustainable funding opportunities. One PATH provider the Agency anticipated to continue contracting with, withdrew interest due to "too much work for too little funding". Therefore additional SABG COVID-19 dollars previously anticipated to be obligated in FY23 are unobligated, and will be offered to the other providers based on FY22 left over amounts. An amendment will be made to current FY23 contracts based on provider interest and ability to expend the additional amounts.

The most common issue the Agency faces is identifying organizations able to fulfil the new project objectives within the state. Wyoming is a rural and frontier state with a population less than 580,000. Feedback from organizations has been that additional deliverable and federal reporting requirements are impractical due to Wyoming-specific constraints, even with opportunities for more funding. In attempt to remedy some of these challenges, contracts may have unique and individualized service requirements based on treatment location abilities.

Similarly, with the prevention funding, Wyoming has put in much effort to provide funding opportunities to local organizations to expand their services into primary prevention of substance use through a request for application process. Wyoming has been actively recruiting partners but as this is a funding that is not typically available to these organizations, we have found that it takes a significant amount of time to provide both education on allowable primary prevention activities in addition to building those new partnerships. While we have been successful in finding new partners to collaborate and are excited about the continuation of prevention services in these organizations, it has taken a significant amount of time to initiate agreements.

Challenges aside, the Agency anticipates contracted funds to be expended as intended.

N. Please provide a brief listing of your grantee planned itemized expenditures for your COVID-19 Supplemental Funding approved projects, activities, and purchases that are requested to be supported with the No Cost Extension for the COVID-19 Supplemental Funding amount that is identified above, for the NCE expenditure period that is identified above. All planned expenditures that are requested to be supported in an approved NCE must be fully within the current scope of the grantee's SAMHSA currently approved MHBG COVID-19 Supplemental Funding Plan or currently approved SABG COVID-19 Supplemental Funding Plan.

Court Supervised Treatment Program: \$500,000.00

The Agency's CST Program contracts with thirteen (13) Wyoming providers with the purpose of treatment as a sentencing alternative. Contracts including SAMHSA block grant supplemental funds required awardees to provide allowable substance use disorder treatment services within the Substance Abuse Block Grant COVID Emergency Funding Grant as a sentencing alternative, in accordance with the Court Supervised Treatment Programs Act, Wyo. Stat. §§ 7-13-1601 through 1616, and Code of Federal Regulations (CFR) Title 42. Contract start date: Varies by contract; Contract end date: 03/14/2023. Total contracted amount: \$397,004.82 of the allocated \$500,000.00; expended to date: \$117,820.49; remaining amount to date (including \$102,995.18 not awarded via contract): \$382,179.51. The Agency is considering contract extensions through March 14, 2024. In the event CST providers are unable to obtain referrals at the County level and/or expend the contract amounts, and the Agency is unable to obtain approval from the funding panel to provide additional dollar amounts to CST providers, approximately \$191,089.76 may be returned to SAMHSA.

Criminal Justice MH/SA Programming 2020 House Enrolled Act 0062 / "House Bill 0031": \$75,000.00

The Agency paid for distribution of NARCAN® to the Wyoming Department of Corrections (DOC) totaling \$3,750.00. Additionally, \$5,940.85 was paid for DOC to conduct remote probation and parole for clients who are no longer within a correctional facility but began substance abuse treatment services within the facility and are now transitioning to services

from a community provider. The Agency is working with the DOC to finalize how to best utilize the remaining \$61,559.15. Continued discussions on potential collaborations are taking place. The Agency is working to get direction for the remaining funds determined as soon as possible. The Agency will attempt to expend these amounts by the extension date of March 14, 2024.

#### Housing – PATH Subgrantees: \$100,000.00

In regards to housing, the Agency contracted with the current (FY22) Projects for Assistance in Transition from Homelessness (PATH) Grant subgrantees and upcoming contracted (FY23) subgrantees. In the current FY22 contracts, four subgrantees each received \$16,666.67 for a total of \$66,666.68. To date, subgrantees have expended a total of \$25,897.23; the remaining total is \$40,769.45. FY23 PATH subgrantees received \$6,666.67 for a total of \$26,666.68 awarded. One of the five subgrantees did not put in a response for the Request for Application (RFA) and one \$6,666.65 was not awarded for the FY23 contracts. The Agency anticipates the FY23 subgrantees will be able to expend the \$26,666.68.

The remaining amounts from FY22 completed PATH contracts plus the FY23 non-awarded RFA funds will be offered to current FY23 PATH subgrantees for additional funds to their FY23 contracts. The Agency anticipates the PATH subgrantees will be able to expend the remaining amounts by the extension date of March 14, 2024 date, though it may be possible due to barriers at the local level, an unknown amount of funds will be returned to SAMHSA.

#### Safe2Tell Wyoming: \$25,000.00

The Agency partnered with the Office of the Wyoming Attorney General, Division of Victim Services' Safe2Tell program. The Safe2Tell program is to promote prevention and intervention services and resources for adolescents in Wyoming with regard to substance use and suicide prevention. Contract start date: 9/2/2021; Contract end date: 03/14/2023. Contracted amount: \$25,000.00; expended to date: \$13,800.00; remaining amount to date \$11,200.00. The intended use of the remaining dollars is one or two more productions, based on final invoices from the production company, and funds are anticipated to be expended by the extension date of March 14, 2024.

#### Supports for Crisis Services and Daily Living Activities - 20 (DLA-20) Implementation: \$118,800.00

The Agency is drafting a contract with the American Society of Addiction Medicine, Inc. to provide American Society of Addiction Medicine (ASAM) training and materials for persons or entities as identified by the Agency. Contract start date: TBD; SABG COVID-19 Supplemental funding end date: 03/14/2023. Contracted amount: \$118,800.00. Upon extension, this contract will extend to March 14, 2024.

#### Remaining treatment amount: \$691,793.15

The remaining \$691,793.15 of the total award is under consideration by the Agency relating to services and quality improvement activities is in thought process. By approval of the extension, the \$691,793.15 remaining funds may be used for a future need as recommended by MTM Services, or technical assistance as requested by providers or the Agency, in relation to services and quality improvement.

Prevention 20% Set Aside: \$786,881.00

CADCA Mini Academy - \$38,000

The Agency is following the contracting process in order to provide funding to CADCA to deliver the CADCA Mini Academy in Wyoming. After discussion with our local coalitions, the Mini Academy was identified as a need for communities that also aligned with the amount of time they have available. Contract start date: TBD; Contract end date: 3/14/2023. Contracted amount: \$38,000.00. Upon extension, this contract will be extended to March 14, 2024 so that we can best accommodate the needs of the community members who plan to attend.

Workforce Safety Content and Campaign - \$125,000

The Agency is in the final stages of a request for proposal which will be followed up with a contract for a workforce prevention project that will entail contracting with an organization to develop safety videos that tie to the prevention of alcohol, stimulants, and prescription drug use. This project was better defined through assessment and conversations with partners. Videos may also stress the importance of mental health. Wyoming has worked with several partners to develop the concept with the hopes of gaining support for organizations in the construction and energy sectors to utilize the safety videos in safety meetings that are mandated by many workforce entities in Wyoming. Due to COVID-19, partnerships have been slow to build for this project. The Agency will be able to expend the amount by the extension date of March 14, 2024.

CADCA Group Membership - \$2,500

Through an extension, we would be able to pay for an additional year of CADCA Group Membership.

Request for Application (RFA) of Prevention Services – Remaining \$43,309.00

By approval of the extension, the \$43,309.00 remaining funds will be used to continue funding community organizations to encourage expansion into prevention services.

O. Please provide any other relevant information about the current use of this COVID-19 Supplemental Funding, with actual itemized expenditures, and/or the proposed use of this COVID-19 Supplemental Funding, with estimated itemized expenditures, through a SAMHSA approved NCE for projects, activities, and purchases approved for expenditure under this funding.

## ASSURANCES - NON-CONSTRUCTION PROGRAMS

Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of the project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States, and if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standard or agency directives.
3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standard for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §§794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to non-discrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.
7. Will comply, or has already complied, with the requirements of Title II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally assisted construction subagreements.
10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetland pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to

State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended, (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended, (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.
15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.
16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead based paint in construction or rehabilitation of residence structures.
17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations and policies governing this program.
19. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

## LIST of CERTIFICATIONS

### 1. Certification Regarding Debarment and Suspension

The undersigned (authorized official signing for the applicant organization) certifies to the best of his or her knowledge and belief, that the applicant, defined as the primary participant in accordance with 2 CFR part 180, and its principals:

- a. Agrees to comply with 2 CFR Part 180, Subpart C by administering each lower tier subaward or contract that exceeds \$25,000 as a "covered transaction" and verify each lower tier participant of a "covered transaction" under the award is not presently debarred or otherwise disqualified from participation in this federally assisted project by:
  - a. Checking the Exclusion Extract located on the System for Award Management (SAM) at <http://sam.gov>
  - b. Collecting a certification statement similar to paragraph (a)
  - c. Inserting a clause or condition in the covered transaction with the lower tier contract

### 2. Certification Regarding Drug-Free Workplace Requirements

The undersigned (authorized official signing for the applicant organization) certifies that the applicant will, or will continue to, provide a drug-free work-place in accordance with 2 CFR Part 182by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's work-place and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing an ongoing drug-free awareness program to inform employees about--
  1. The dangers of drug abuse in the workplace;
  2. The grantee's policy of maintaining a drug-free workplace;
  3. Any available drug counseling, rehabilitation, and employee assistance programs; and
  4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a) above;
- d. Notifying the employee in the statement required by paragraph (a), above, that, as a condition of employment under the grant, the employee will--
  1. Abide by the terms of the statement; and
  2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- e. Notifying the agency in writing within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- f. Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d) (2), with respect to any employee who is so convicted?
  1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
  2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

### 3. Certifications Regarding Lobbying

Per 45 CFR §75.215, Recipients are subject to the restrictions on lobbying as set forth in 45 CFR part 93. Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions,"

generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non- appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING \$100,000 in total costs.

The undersigned (authorized official signing for the applicant organization) certifies, to the best of his or her knowledge and belief, that

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. (If needed, Standard Form-LLL, "Disclosure of Lobbying Activities," its instructions, and continuation sheet are included at the end of this application form.)
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### **4. Certification Regarding Program Fraud Civil Remedies Act (PFCRA) (31 U.S.C § 3801- 3812)**

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Public Health Service terms and conditions of award if a grant is awarded as a result of this application.

#### **5. Certification Regarding Environmental Tobacco Smoke**

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, daycare, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

By signing the certification, the undersigned certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act.

The applicant organization agrees that it will require that the language of this certification be included in any subawards which contain provisions for children's services and that all subrecipients shall certify accordingly.

The Public Health Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

#### **HHS Assurances of Compliance (HHS 690)**

ASSURANCE OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, SECTION 504 OF THE REHABILITATION ACT OF 1973, TITLE IX OF THE EDUCATION AMENDMENTS OF 1972, THE AGE DISCRIMINATION ACT OF 1975, AND SECTION 1557 OF THE AFFORDABLE CARE ACT

The Applicant provides this assurance in consideration of and for the purpose of obtaining Federal grants, loans, contracts, property, discounts or other Federal financial assistance from the U.S. Department of Health and Human Services.

THE APPLICANT HEREBY AGREES THAT IT WILL COMPLY WITH:

1. Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 80), to the end that, in accordance with Title VI of that Act and the Regulation, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
2. Section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84), to the end that, in accordance with Section 504 of that Act and the Regulation, no otherwise qualified individual with a disability in the United States shall, solely by reason of her or his disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
3. Title IX of the Education Amendments of 1972 (Pub. L. 92-318), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 86), to the end that, in accordance with Title IX and the Regulation, no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any education program or activity for which the Applicant receives Federal financial assistance from the Department.
4. The Age Discrimination Act of 1975 (Pub. L. 94-135), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 91), to the end that, in accordance with the Act and the Regulation, no person in the United States shall, on the basis of age, be denied the benefits of, be excluded from participation in, or be subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance from the Department.
5. Section 1557 of the Affordable Care Act (Pub. L. 111-148), as amended, and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 92), to the end that, in accordance with Section 1557 and the Regulation, no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any health program or activity for which the Applicant receives Federal financial assistance from the Department.

The Applicant agrees that compliance with this assurance constitutes a condition of continued receipt of Federal financial assistance, and that it is binding upon the Applicant, its successors, transferees and assignees for the period during which such assistance is provided. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant by the Department, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is so provided, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of the property. The Applicant further recognizes and agrees that the United States shall have the right to seek judicial enforcement of this assurance.

The grantee, as the awardee organization, is legally and financially responsible for all aspects of this award including funds provided to sub-recipients in accordance with 45 CFR §§ 75.351-75.352, Subrecipient monitoring and management.

I hereby certify that the state or territory will comply with Title XIX, Part B, Subpart II and Subpart III of the Public Health Service (PHS) Act, as amended, and summarized above, except for those sections in the PHS Act that do not apply or for which a waiver has been granted or may be granted by the Secretary for the period covered by this agreement.

I also certify that the state or territory will comply with the Assurances Non-Construction Programs and Certifications summarized above.

## Planning Tables

**Table 2 State Agency Planned Expenditures [MH]**

Table 2 addresses funds to be expended during the 24-month period of July 1, 2021 through June 30, 2023. Table 2 now includes columns to capture state expenditures for COVID-19 Relief Supplemental, ARP funds, and BSCA funds. Please use these columns to capture how much the state plans to expend over a 24-month period (7/1/21-6/30/23). Please document the use of COVID-19 Relief Supplemental, ARP and BSCA funds in the footnotes.

**MHBG:** Include public mental health services provided by mental health providers or funded by the state mental health agency by source of funding.

<sup>a</sup>The 24-month expenditure period for the COVID-19 Relief supplemental funding is **March 15, 2021 - March 14, 2023**, which is different from the expenditure period for the "standard" SABG and MHBG. Per the instructions, the standard SABG expenditures are for the state planned expenditure period of July 1, 2022 – June 30, 2023, for most states.

<sup>b</sup>The expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is **September 1, 2021 - September 30, 2025**, which is different from expenditure period for the "standard" MHBG. Per the instructions, the standard MHBG expenditures captured in Columns A-G are for the state planned expenditure period of July 1, 2022 - June 30, 2023, for most states

<sup>c</sup>The expenditure period for the Bipartisan Safer Communities Act (BSCA) supplemental funding is **October 17, 2022 - October 16, 2024**, which is different from the normal block grant expenditure period. Column K should reflect the spending for the state reporting period. The total may reflect the BSCA allotment portion used during the state reporting period.

<sup>d</sup>While a state may use state or other funding for these services, the MHBG funds must be directed toward adults with SMI or children with SED.

<sup>e</sup>Column 3B should include Early Serious Mental Illness programs funded through MHBG set aside.

<sup>f</sup>Per statute, Administrative expenditures cannot exceed 5 percent of the fiscal year award

<sup>g</sup>Row 10 should include Crisis Services programs funded through different funding sources, including the MHBG set aside. States may expend more than 5 percent of their MHBG allocation.

OMB No. 0930-0168 Approved: 03/02/2022 Expires: 03/31/2025

### Footnotes:

BSCA Supplemental funds, Table 2 revision request: Administrative funds would be used for technical assistance and updates to plans for providers, and not direct treatment services for clients. \$10,000 for annual plan updates and \$68,116.00 for providers needs to develop, review needs and gaps, or update their emergency plans, obtain training opportunities to develop and enhance ability to respond to the aftermath of mass shootings and other traumatic events in the communities, which may include, but not be limited to culturally and linguistically appropriate supports and tailored messaging, evidence-based services training, and appropriate behavioral health crisis response and/or active shooter-related training for agencies, providers, and stakeholders. The 10% set aside for FEP / ESMI programs will be offered to current program providers to develop and update plans as needed and/or create or obtain training for their programs and possible train other CMHCs and stakeholders. Please see funding proposal for more detail.

Global revision of FY23 increase amounts - updated to cover the SFY not FFY.

<sup>5</sup>Prevention other than Primary Prevention

<sup>6</sup>For the purpose of determining which states and jurisdictions are considered "designated states" as described in section 1924(b)(2) of Title XIX, Part B, Subpart II of the Public Health Service Act (42 U.S.C. § 300x-24(b)(2)) and section 45 CFR § 96.128(b) of the Substance Abuse Prevention and Treatment Block Grant (SABG); Interim Final Rule (45 CFR 96.120-137), SAMHSA relies on the HIV Surveillance Report produced by the Centers for Disease Control and Prevention (CDC), National Center for HIV/AIDS, Viral Hepatitis, STD and TB Prevention. The most recent HIV Surveillance Report published on or before October 1 of the federal fiscal year for which a state is applying for a grant is used to determine the states and jurisdictions that will be required to set-aside 5 percent of their respective SABG allotments to establish one or more projects to provide early intervention services regarding the human immunodeficiency virus (EIS/HIV) at the sites at which individuals are receiving SUD treatment services. In FY 2012, SAMHSA developed and disseminated a policy change applicable to the EIS/HIV which provided any state that was a "designated state" in any of the three years prior to the year for which a state is applying for SABG funds with the flexibility to obligate and expend SABG funds for EIS/HIV even though the state's AIDS case rate does not meet the AIDS case rate threshold for the fiscal year involved for which a state is applying for SABG funds. Therefore, any state with an AIDS case rate below 10 or more such cases per 100,000 that meets the criteria described in the 2012 policy guidance would will be allowed to obligate and expend SABG funds for EIS/HIV if they chose to do so.

<sup>2</sup>The expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is **September 1, 2021 - September 30, 2025**. Per the instructions, the FFY 2022 SABG Award amount reflects the 12 month planning period for the standard SABG expenditures reflecting the President's FY 2022 enacted budget for the FFY 2022 SABG Award year that is October 1, 2021 - September 30, 2022. For purposes of this table, all planned ARP expenditures between October 1, 2021 and September 30, 2022 should be entered in this column.

<sup>3</sup>The 24-month expenditure period for the COVID-19 Relief Supplemental funding is **March 15, 2021 - March 14, 2023**. Per the instructions, the FFY 2023 SABG Award amount reflects the 12 month planning period for the standard SABG expenditures, also reflecting the President's FY 2022 enacted budget for the FFY 2023 SABG Award that is October 1, 2022 - September 30, 2023. For purposes of this table, all planned COVID-19 Relief Supplemental expenditures between October 1, 2022 and September 30, 2023 should be entered in this column.

<sup>4</sup>The expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is **September 1, 2021 - September 30, 2025**. Per the instructions, the FFY 2023 SABG Award amount reflects the 12 month planning period for the standard SABG expenditures, also reflecting the President's FY 2022 enacted budget for the FFY 2023 SABG Award that is October 1, 2022 - September 30, 2023. For purposes of this table, all planned ARP expenditures between October 1, 2022 and September 30, 2023 should be entered in this column.

BSCA Supplemental funds, Table 6 revision request: At this time, the proposal requests allowing the state to open an RFP for current providers. Upon receiving RFP responses and review through the proper process, the state would then like to ask for a revision request to update the Table 6. Funds would be used for technical assistance and updates to plans for providers, and not direct treatment services for clients. \$10,000 for annual plan updates and \$68,116.00 for providers needs to develop, review needs and gaps, or update their emergency plans, obtain training opportunities to develop and enhance ability to respond to the aftermath of mass shootings and other traumatic events in the communities, which may include, but not be limited to culturally and linguistically appropriate supports and tailored messaging, evidence-based services training, and appropriate behavioral health crisis response and/or active shooter-related training for agencies, providers, and stakeholders. The 10% set aside for FEP / ESMI programs will be offered to current program providers to develop and update plans as needed and/or create or obtain training for their programs and possible train other CMHCs and stakeholders. Please see funding proposal for more detail.

## Environmental Factors and Plan

### 15. Crisis Services - Required MHBG, Requested SABG

#### Narrative Question

SAMHSA is directed by Congress through the Consolidated Appropriations Act, 2021 and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 [P.L. 116-260], to set aside 5 percent of the MHBG allocation for each state to support evidence-based crisis systems. The appropriation bill includes the following budget language that outlines the new 5 percent set-aside:

*Furthermore, the Committee directs a new five percent set-aside of the total for evidence-based crisis care programs addressing the needs of individuals with serious mental illnesses and children with serious mental and emotional disturbances. The Committee directs SAMHSA to use the set-aside to fund, at the discretion of eligible States and Territories, some or all of a set of core crisis care elements including: centrally deployed 24/7 mobile crisis units, short-term residential crisis stabilization beds, evidence-based protocols for delivering services to individuals with suicide risk, and regional or State-wide crisis call centers coordinating in real time.*

A crisis response system will have the capacity to prevent, recognize, respond, de-escalate, and follow-up from crises across a continuum, from crisis planning, to early stages of support and respite, to crisis stabilization and intervention, to post-crisis follow-up and support for the individual and their family. SAMHSA expects that states will build on the emerging and growing body of evidence for effective community-based crisis-intervention and response systems. Given the multi-system involvement of many individuals with M/SUD issues, the crisis system approach provides the infrastructure to improve care coordination and outcomes, manage costs, and better invest resources.

SAMHSA recently developed [Crisis Services: Meeting Needs, Saving Lives](#), which includes “[National Guidelines for Behavioral Health Crisis Care: Best Practice Toolkit](#)” as well as other related National Association of State Mental Health Programs Directors (NASMHPD) papers on crisis services. Please note that this set aside funding is dedicated for the core set of crisis services as directed by Congress. Nothing precludes states from utilizing more than 5 percent of its MHBG funds for crisis services for individuals with SMI or children with SED. If states have other investments for crisis services, they are encouraged to coordinate those programs with programs supported by this new 5 percent set aside. This coordination will help ensure services for individuals are swiftly identified and are engaged in the core crisis care elements.

Please refer to the <https://www.samhsa.gov/sites/default/files/grants/fy22-23-block-grant-application.pdf> [samhsa.gov] for additional information.

1. Briefly narrate your state's crisis system. Include a description of access to the crisis call centers, availability of mobile crisis and behavioral health first responder services, utilization of crisis receiving and stabilization centers.

Wyoming CMHC programs are designed to ensure individuals are receiving the least restrictive services based on needs. The Division has an executed contract with the National Council for Mental Wellbeing (previously known as: National Council for Behavioral Health) to evaluate the mental health crisis treatment system in Wyoming. Funding for this assessment has been allocated from the Mental Health Block Grant Technical Assistance supplement. Through this evaluation, the Division will have a heightened understanding of the current mental health treatment and recovery system, identifying areas of readiness for improvement, and identify gaps in the system. The Division is looking forward to the recommendations from the National Council for Mental Wellbeing. The Division will use information collected during this assessment process, technical assistance from the National Council for Mental Wellbeing, and the National Guidelines for Behavioral Health Crisis Care – A Best Practice Toolkit to create a plan for quality and capacity enhancements to maximize access to timely services. Stakeholders to be included in the assessment are local emergency medical services, law enforcement, other local crisis stakeholders as determined by each community, and CMHC providers. With COVID-19 Response and Relief funds, the Division anticipates continuing to develop, implement, and enhance crisis services throughout Wyoming as determined by the crisis service evaluation study and congruent with national guidelines. With American Rescue Plan (ARP) funds, the Division anticipates developing, implementing, and enhancing crisis services throughout Wyoming as determined by the crisis services evaluation study and congruent with national guidelines. The Division estimates a need for eight (8) additional beds at approximately two hundred and eighty dollars (\$280.00) per bed per day. The Division also plans to use funding to help PATH providers develop and expand recovery services.

2. In accordance with the guidelines below, identify the stages where the existing/proposed system will fit in.

- a) *The Exploration stage: is the stage when states identify their communities's needs, assess organizational capacity, identify how crisis services meet community needs, and understand program requirements and adaptation.*
- b) *The Installation stage: occurs once the state comes up with a plan and the state begins making the changes necessary to implement the crisis services based on the SAMHSA guidance. this includes coordination, training and community outreach and education activities.*
- c) *Initial Implementation stage: occurs when the state has the three-core crisis services in place and agencies begin to put into practice the SAMHSA guidelines.*

- d) Full Implementation stage: occurs once staffing is complete, services are provided, and funding streams are in place.
- e) Program Sustainability stage: occurs when full implementation has been achieved, and quality assurance mechanisms are in place to assess the effectiveness and quality of the crisis services.

1. Someone to talk to: Crisis Call Capacity
  - a. Number of locally based crisis call Centers in state
    - i. In the Suicide lifeline network
    - ii. Not in the suicide lifeline network
  - b. Number of Crisis Call Centers with follow up protocols in place
  - c. Percent of 911 calls that are coded as MH related
2. Someone to respond: Number of communities that have mobile behavioral health crisis capacity
  - a. Independent of first responder structures (police, paramedic, fire)
  - b. Integrated with first responder structures (police, paramedic, fire)
  - c. Number that employ peers
3. Place to go
  - a. Number of Emergency Departments
  - b. Number of Emergency Departments that operate a specialized behavior health component
  - c. Number of Crisis Receiving and Stabilization Centers (short term, 23 hour units that can diagnose and stabilize individuals in crisis)

a. Check one box for each row indicating state's stage of implementation

	Exploration Planning	Installation	Early Implementation Available to less than 25% of people in state	Middle Implementation Available to about 50% of people in state	Majority Implementation Available to at least 75% of people in state	Program Sustainment

b. Briefly explain your stages of implementation selections here.

Wyoming has two (2) call centers affiliated with the National Lifeline/988. As of July 2022, the combined availability of access to the call centers 24/7/365. The call centers are able to answer 90% or more of the calls originating in Wyoming. This is the majority implementation available in that the call centers are working towards being able to answer texts and chats internally and the State is working towards ensuring sustainable funding. There are no comprehensive, sustainable mobile crisis services in the State of Wyoming. Some communities are using the Crisis Intervention Team model to offer quasi mobile crisis, but services are not consistent nor outside of a small geographic catchment area. The Wyoming Department of Health is working to create a plan for resources and capacity to begin a piloting mobile crisis. Wyoming is currently working towards further collaborations with hospitals and the creation of additional crisis services such as 23-hour units for stabilization. Most of Wyoming's larger hospitals offer behavioral health services, but this is early implementation due to the lack of comprehensive services within the hospital or community supports for individuals leaving the hospital.

3. Based on SAMHSA's National Guidelines for Behavioral Health Crisis Care, explain how the state will develop the crisis system.

The Wyoming Department of Health, Behavioral Health Division (Division) began a Crisis Rebuild Project by contracting with the National Council for Mental Wellbeing/MTM Services to assess the current emergency crisis services and facilities funded by the Division. The assessment consisted of reviewing admissions protocols, community/regional needs versus availability, gaps in services, and the average costs of services. The Contractor Services used assessment findings to provide recommendations to the Division for quality improvement efforts to support the enhancement of emergency crisis services. Significant findings from the initial study show that Wyoming's Crisis System is siloed and disjointed in that the centers are far and few between. Individuals needing care are scattered around the state in emergency departments, criminal justice settings, and the State Hospital. To further these efforts, the Division has continued collaborations with National Council for Mental Wellbeing/MTM Services to create a quality improvement plan to engage community partners in enhancing the crisis systems of care. Mobile Crisis has been identified as a significant gap in service as well as a lack of crisis beds and 23-hour crisis stabilization units. The Crisis Rebuild Project's goal is to create a comprehensive, sustainable system that will cultivate a community of health among all populations. Wyoming has also entered a state-wide project for crisis intervention team training for law enforcement officers and dispatch staff. Attendance of the training is voluntary.

4. Briefly describe the proposed/planned activities utilizing the 5 percent set aside.

With COVID-19 Response and Relief funds, the Division anticipates developing, implementing, and enhancing crisis services throughout Wyoming as determined by the crisis service evaluation study and congruent with national guidelines. With American Rescue Plan (ARP) funds, the Division anticipates developing, implementing, and enhancing crisis services throughout Wyoming as determined by the crisis services evaluation study and congruent with national guidelines. The Division estimates a need for eight (8) additional beds at approximately two hundred and eighty dollars (\$280.00) per bed per day. The Division also plans to use funding to help PATH providers develop and expand recovery services.

### 21. State Planning/Advisory Council and Input on the Mental Health/Substance Abuse Block Grant Application- Required for MHBG

#### Narrative Question

Each state is required to establish and maintain a state Mental Health Planning/Advisory Council to carry out the statutory functions as described in 42 U.S. C. 300x-3 for adults with SMI and children with SED. To meet the needs of states that are integrating services supported by MHBG and SABG, SAMHSA is recommending that states expand their Mental Health Advisory Council to include substance misuse prevention, treatment, and recovery representation, referred to here as an Advisory/Planning Council (PC). SAMHSA encourages states to expand their required Council's comprehensive approach by designing and implementing regularly scheduled collaborations with an existing substance misuse prevention, treatment, and recovery advisory council to ensure that the council reviews issues and services for persons with, or at risk, for substance misuse and SUDs. To assist with implementing a PC, SAMHSA has created [Best Practices for State Behavioral Health Planning Councils: The Road to Planning Council Integration](https://www.samhsa.gov/sites/default/files/manual-planning-council-best-practices-2014.pdf).<sup>69</sup>

Planning Councils are required by statute to review state plans and implementation reports; and submit any recommended modifications to the state. Planning councils monitor, review, and evaluate, not less than once each year, the allocation and adequacy of mental health services within the state. They also serve as an advocate for individuals with M/SUD problems. SAMHSA requests that any recommendations for modifications to the application or comments to the implementation report that were received from the Planning Council be submitted to SAMHSA, regardless of whether the state has accepted the recommendations. The documentation, preferably a letter signed by the Chair of the Planning Council, should state that the Planning Council reviewed the application and implementation report and should be transmitted as attachments by the state.

<sup>69</sup><https://www.samhsa.gov/sites/default/files/manual-planning-council-best-practices-2014.pdf>

#### Please consider the following items as a guide when preparing the description of the state's system:

1. How was the Council involved in the development and review of the state plan and report? Please attach supporting documentation (meeting minutes, letters of support, etc.) using the upload option at the bottom of this page.

- a) What mechanism does the state use to plan and implement substance misuse prevention, SUD treatment and recovery services?

The Behavioral Health Advisory Council meeting minutes can be found on the new site <https://sites.google.com/wyo.gov/bhac/home/previous-meetings?authuser=0> and previous minutes can be found on the old site <https://health.wyo.gov/behavioralhealth/mhsa/about-us/bhac/>.

A robust planning process is utilized each year which includes alignment with the Division's strategic plan and funding decisions. This process involves Division staff, provider staff, and other key stakeholders. Once group decisions are made regarding the specific service needs and funds available, the Division contracts with provider agencies to carry out the services. The state provides data to the Council to help prioritize the delivery of substance abuse services. The Wyoming Association of Mental Health and Substance Abuse Centers (WAMHSAC) representatives on the Council provide input based upon the experiences/services of their member organizations for substance abuse and mental health. Many of those agencies provide services to both populations with an emphasis on co-occurring disorders.

The Council is responsible for the following three areas:

- To review the block grant and make recommendations;
- To monitor, review, and evaluate the allocation and adequacy of behavioral health services; and
- To advocate for people with behavioral health needs

- b) Has the Council successfully integrated substance misuse prevention and treatment or co-occurring disorder issues, concerns, and activities into its work? ☒ Yes ☐ No

2. Is the membership representative of the service area population (e.g. ethnic, cultural, linguistic, rural, suburban, urban, older adults, families of young children)? ☒ Yes ☐ No

3. Please describe the duties and responsibilities of the Council, including how it gathers meaningful input from people in recovery, families, and other important stakeholders, and how it has advocated for individuals with SMI or SED.

The Council meets approximately four (4) times a year; minimum of two (2) times with the flexibility to have additional meetings on a bi-monthly basis in a twelve consecutive month period. In a recent meeting it was determined to have six (6) 60 - 90 minute meetings a year via Zoom or online platform.

Council meetings focus on addressing concerns identified by the membership. Our membership reflects on populations identified

as critical for our work: LGBTQ, persons recovering from substance abuse, persons experiencing mental health issues, and family members affected by behavioral health concerns. Members and others are encouraged to share “what is happening in their community or with the group they represent” at the beginning of each meeting. These discussions then drive the agenda for future meetings. Other agencies are also asked to provide information on data collected to help the Council understand behavioral health issues in a broader perspective. Two council member agencies provide advocacy support and are funded using the block grant funds; the Substance Abuse and Mental Health Ombudsman Program (SAMHOP) run by the Wyoming Guardianship Corporation (WGC), and Recover Wyoming. One other particular member agency not funded by the block grants but provides advocacy support is run through National Alliance on Mental Illness (NAMI).

*Please indicate areas of technical assistance needed related to this section.*

No technical assistance is requested at this time.

*Additionally, please complete the Advisory Council Members and Advisory Council Composition by Member Type forms.<sup>70</sup>*

<sup>70</sup>There are strict state Council membership guidelines. States must demonstrate: (1) the involvement of people in recovery and their family members; (2) the ratio of parents of children with SED to other Council members is sufficient to provide adequate representation of that constituency in deliberations on the Council; and (3) no less than 50 percent of the members of the Council are individuals who are not state employees or providers of mental health services.

To Whom It May Concern:

The Wyoming Governor's Behavioral Health Advisory Council (BHAC) has reviewed the Uniform Application FY 2023/2024 Block Grant Application for Substance Abuse Prevention and Treatment and Community Mental Health Services Block Grant Application via email and via virtual meeting. The BHAC supports this application.

The BHAC members represent advocates, consumers, family members, providers, Legislators, and other designees representing various State and regional offices. This letter of support and concurrence serves to fulfill the State of Wyoming's requirement for support from State partners. After reviewing the Block Grant, the BHAC would like to focus on supporting and providing guidance, open advocacy, and review of the system changes due and in part to the 2021 House Enrolled Act 56.

We look forward to continuing our work to provide a voice for consumers in the planning and implementation of mental health and substance abuse treatment and prevention services in Wyoming.

Please feel free to contact me at (307) 727-8926 or via email at [dmsedey@hotmail.com](mailto:dmsedey@hotmail.com).

Sincerely,

Donna Sedey, Chair  
Behavioral Health Advisory Council

#### Footnotes:

Revision Request 10/13/2022:

Unknown "hire" - Membership to the Governor's Behavioral Advisory Council is based on determination of Governor's approval, and public interest in positions. The Governor's Office receives the interested applications through the Governor's Board and Commissions webpage. State-level positions are also approved by the Governor. One State-level position has interest from another individual from the Wyoming Department of Education (two WDE representatives), awaiting Governor's approval. A public membership has interest from a provider and is

also awaiting Governor approval. One family member of an SED individual is still open with no current applications, along with one State-level membership vacant. In total, two state-level and two public memberships available until approved by Governor, then one state-level and one public membership available.

### 22. Public Comment on the State Plan - Required

Narrative Question

[Title XIX, Subpart III, section 1941 of the PHS Act \(42 U.S.C. § 300x-51\)](#) requires, as a condition of the funding agreement for the grant, states will provide an opportunity for the public to comment on the state block grant plan. States should make the plan public in such a manner as to facilitate comment from any person (including federal, tribal, or other public agencies) both during the development of the plan (including any revisions) and after the submission of the plan to SAMHSA.

#### Please respond to the following items:

1. Did the state take any of the following steps to make the public aware of the plan and allow for public comment?
- a) Public meetings or hearings? ☐ Yes ☒ No
- b) Posting of the plan on the web for public comment? ☒ Yes ☐ No
- If yes, provide URL:  
<https://health.wyo.gov/behavioralhealth/mhsa/about-us/grants/>
- If yes for the previous plan year, was the final version posted for the previous year? Please provide that URL:  
<https://health.wyo.gov/behavioralhealth/mhsa/about-us/grants/>
- c) Other (e.g. public service announcements, print media) ☒ Yes ☐ No

## Environmental Factors and Plan

### 23. Syringe Services (SSP)

#### Narrative Question:

The Substance Abuse Prevention and Treatment Block Grant (SABG) restriction<sup>1,2</sup> on the use of federal funds for programs distributing sterile needles or syringes (referred to as syringe services programs (SSP)) was modified by the [Consolidated Appropriations Act](#), 2018 (P.L. 115-141) signed by President Trump on March 23, 2018<sup>3</sup>.

*Section 520. Notwithstanding any other provisions of this Act, no funds appropriated in this Act shall be used to purchase sterile needles or syringes for the hypodermic injection of any illegal drug: Provided, that such limitation does not apply to the use of funds for elements of a program other than making such purchases if the relevant State or local health department, in consultation with the Centers for Disease Control and Prevention, determines that the State or local jurisdiction, as applicable, is experiencing, or is at risk for, a significant increase in hepatitis infections or an HIV outbreak due to injection drug use, and such program is operating in accordance with State and local law.*

A state experiencing, or at risk for, a significant increase in hepatitis infections or an HIV outbreak due to injection drug use, (as determined by CDC), may propose to use SABG to fund elements of an SSP other than to purchase sterile needles or syringes. States interested in directing SABG funds to SSPs must provide the information requested below and receive approval from the State Project Officer. Please note that the term used in the SABG statute and regulation, *intravenous drug user* (IVDU) is being replaced for the purposes of this discussion by the term now used by the federal government, *persons who inject drugs* (PWID).

States may consider making SABG funds available to either one or more entities to establish elements of a SSP or to establish a relationship with an existing SSP. States should keep in mind the related PWID SABG authorizing legislation and implementing regulation requirements when developing its Plan, specifically, requirements to provide outreach to PWID, SUD treatment and recovery services for PWID, and to routinely collaborate with other healthcare providers, which may include HIV/STD clinics, public health providers, emergency departments, and mental health centers<sup>4</sup>. SAMHSA funds cannot be supplanted, in other words, used to fund an existing SSP so that state or other non-federal funds can then be used for another program.

In the first half of calendar year 2016, the federal government released three guidance documents regarding SSPs<sup>5</sup>: These documents can be found on the Hiv.gov website: <https://www.hiv.gov/federal-response/policies-issues/syringe-services-programs>.

1. **Department of Health and Human Services Implementation Guidance to Support Certain Components of Syringe Services Programs, 2016** from The US Department of Health and Human Services, Office of HIV/AIDS and Infectious Disease Policy <https://www.hiv.gov/sites/default/files/hhs-ssp-guidance.pdf> ,
2. **Centers for Disease Control and Prevention (CDC) Program Guidance for Implementing Certain Components of Syringe Services Programs, 2016** The Centers for Disease Control and Prevention, National Center for HIV/AIDS, Viral Hepatitis, STD and TB Prevention, Division of Hepatitis Prevention <http://www.cdc.gov/hiv/pdf/risk/cdc-hiv-syringe-exchange-services.pdf>,
3. **The Substance Abuse and Mental Health Services Administration (SAMHSA)-specific Guidance for States Requesting Use of Substance Abuse Prevention and Treatment Block Grant Funds to Implement SSPs** <http://www.samhsa.gov/sites/default/files/grants/ssp-guidance-state-block-grants.pdf> ,

Please refer to the guidance documents above and follow the steps below when requesting to direct FY 2021 funds to SSPs.

- **Step 1** - Request a Determination of Need from the CDC
- **Step 2** - Include request in the FFY 2021 Mini-Application to expend FFY 2020 - 2021 funds and support an existing SSP or establish a new SSP
  - Include proposed protocols, timeline for implementation, and overall budget
  - Submit planned expenditures and agency information on Table A listed below
- **Step 3** - Obtain State Project Officer Approval

Future years are subject to authorizing language in appropriations bills.

<sup>1</sup> Section 1923 (b) of Title XIX, Part B, Subpart II of the PHS Act (42 U.S.C. § 300x-23(b)) and 45 CFR § 96.126(e) requires entities that receive SABG funds to provide substance use disorder (SUD) treatment services to PWID to also conduct outreach activities to encourage such persons to undergo SUD treatment. Any state or jurisdiction that plans to re-obligate FY 2020-2021 SABG funds previously made available such entities for the purposes of providing substance use disorder treatment services to PWID and outreach to such persons may submit a request via its plan to SAMHSA for the purpose of incorporating elements of a SSP in one or more such entities insofar as the plan request is applicable to the FY 2020-2021 SABG funds **only** and is consistent with guidance issued by SAMHSA.

<sup>2</sup> Section 1931(a)(1)(F) of Title XIX, Part B, Subpart II of the Public Health Service (PHS) Act (42 U.S.C. § 300x-31(a)(1)(F)) and 45 CFR § 96.135(a) (6) explicitly prohibits the use of SABG funds to provide PWID with hypodermic needles or syringes so that such persons may inject illegal drugs unless the Surgeon General of the United States determines that a demonstration needle exchange program would be effective in reducing injection drug use and the risk of HIV transmission to others. On February 23, 2011, the Secretary of the U.S. Department of Health and Human Services published a notice in the Federal Register (76 FR 10038) indicating that the Surgeon General of the United States had made a determination that syringe services programs, when part of a comprehensive HIV prevention strategy, play a critical role in preventing HIV among PWID, facilitate entry into SUD treatment and primary care, and do not increase the illicit use of drugs.

<sup>3</sup> Division H Departments of Labor, Health and Human Services and Education and Related Agencies, Title V General Provisions, Section 520 of the Consolidated Appropriations Act, 2018 (P.L. 115-141)

<sup>4</sup> Section 1924(a) of Title XIX, Part B, Subpart II of the PHS Act (42 U.S.C. § 300x-24(a)) and 45 CFR § 96.127 requires entities that receives SABG funds to routinely make available, directly or through other public or nonprofit private entities, tuberculosis services as described in section 1924(b)(2) of the PHS Act to each person receiving SUD treatment and recovery services.

Section 1924(b) of Title XIX, Part B, Subpart II of the PHS Act (42 U.S.C. § 300x-24(b)) and 45 CFR 96.128 requires "designated states" as defined in Section 1924(b)(2) of the PHS Act to set- aside SABG funds to carry out 1 or more projects to make available early intervention services for HIV as defined in section 1924(b)(7)(B) at the sites at which persons are receiving SUD treatment and recovery services.

Section 1928(a) of Title XXI, Part B, Subpart II of the PHS Act (42 U.S.C. 300x-28(c)) and 45 CFR 96.132(c) requires states to ensure that substance abuse prevention and SUD treatment and recovery services providers coordinate such services with the provision of other services including, but not limited to, health services.

<sup>5</sup> ***Department of Health and Human Services Implementation Guidance to Support Certain Components of Syringe Services Programs, 2016*** describes an SSP as a comprehensive prevention program for PWID that includes the provision of sterile needles, syringes and other drug preparation equipment and disposal services, and some or all the following services:

- Comprehensive HIV risk reduction counseling related to sexual and injection and/or prescription drug misuse;
- HIV, viral hepatitis, sexually transmitted diseases (STD), and tuberculosis (TB) screening;
- Provision of naloxone (Narcan?) to reverse opiate overdoses;
- Referral and linkage to HIV, viral hepatitis, STD, and TB prevention care and treatment services;
- Referral and linkage to hepatitis A virus and hepatitis B virus vaccinations; and
- Referral to SUD treatment and recovery services, primary medical care and mental health services.

Centers for Disease Control and Prevention (CDC) Program Guidance for Implementing Certain Components of Syringe Services Programs, 2016 includes a [description of the elements of an SSP](#) that can be supported with federal funds.

- Personnel (e.g., program staff, as well as staff for planning, monitoring, evaluation, and quality assurance);
- Supplies, exclusive of needles/syringes and devices solely used in the preparation of substances for illicit drug injection, e.g., cookers;
- Testing kits for HCV and HIV;
- Syringe disposal services (e.g., contract or other arrangement for disposal of bio- hazardous material);
- Navigation services to ensure linkage to HIV and viral hepatitis prevention, treatment and care services, including antiretroviral therapy for HCV and HIV, pre-exposure prophylaxis, post-exposure prophylaxis, prevention of mother to child transmission and partner services; HAV and HBV vaccination, substance use disorder treatment, recovery support services and medical and mental health services;

- Provision of naloxone to reverse opioid overdoses
- Educational materials, including information about safer injection practices, overdose prevention and reversing an opioid overdose with naloxone, HIV and viral hepatitis prevention, treatment and care services, and mental health and substance use disorder treatment including medication-assisted treatment and recovery support services;
- Condoms to reduce sexual risk of sexual transmission of HIV, viral hepatitis, and other STDs;
- Communication and outreach activities; and
- Planning and non-research evaluation activities.
