The CDU Monthly Webinar is held every **3<sup>rd</sup> Tuesday of every month from 2-3 PM MT** via Zoom  
Please see the calendar at the end of this newsletter.

## LGBTQ+ Pride Month

Pride Month celebrates LGBTQ culture, achievements and activism through a series of organized activities, including film festivals, art exhibits, marches, concerts and other programs.

Through these efforts, the LGBTQ community and its allies also aim to increase awareness over ongoing issues of inequality as well as commemorate the lives lost to hate crimes and HIV/AIDS.

[Click here for more information](#)

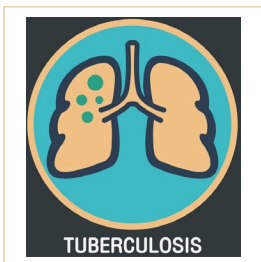

## National HIV Testing Day

By encouraging people to get tested and know their HIV status it can help them stay healthy. Today, there are more free, easy, fast, and confidential HIV testing options available than ever before. Testing, including self-testing, is the first step to engaging in HIV prevention or treatment services. HIV testing is a critical tool to helping us end the HIV epidemic in the United States.

## PTSD Awareness Month

Even though PTSD treatments are effective and accessible, most people don't get the help they need. **Help spread the word that PTSD treatments are available.** Everyone with PTSD—whether they are a Veteran or civilian survivor of sexual assault, serious accident, natural disaster, or other traumatic event—needs to know that treatments really do work and can lead to a better quality of life.

## HIV Long-Term Survivors Awareness Day

June 5, 2023, is HIV Long-Term Survivors Awareness Day. The 2023 theme is “Mobilize to Thrive: Prioritizing Quality of Life.” This call to action encourages people to celebrate the strength and resiliencies of people living longest with HIV. It also serves to highlight current challenges, and create changes to help prioritize, and improve the quality of life for long-term survivors and older adults with HIV. June 5, 2023 is HIV Long-Term Survivors Awareness Day.
