June 2023

Status Update for Wyoming MMIS WINGS Project Activities

The Wyoming Department of Health, Division of Healthcare Financing, MMIS Replacement Project Team for the Wyoming Integrated Next Generation System (WINGS) is providing the last periodic updates for WINGS Project Procurements. Below are the upcoming module procurements as of June 2023.

- ❖ **Care/Case Management System 2 (CCMS-2) Module** – The CCMS-2 project is in the pre-planning stages. An RFP release is being tentatively planned for Summer 2023.

- ❖ **Technology Operations Support, Staff Augmentation and Hosting for Medicaid Systems** – This will secure hourly services related to ongoing operations support as well as hosting services for existing State owned systems. This RFP will also have options for IT consulting separate from operations work. Scheduled for Summer 2023.

- ❖ **Pharmacy Benefits Administrator (PBA)** – RFP scheduled for release mid-June 2023 depending on CMS and internal approvals.

- ❖ **Fraud, Waste, & Abuse 2 (FWA 2)** – Proposals due June 12, 2023. Contract award estimated late-August 2023.

**** We appreciate all of the Interested Vendors who have signed up to receive notifications. The State of Wyoming is officially removing the BPO from our list of upcoming procurements. As of today, we do not have any plans to add the BPO Module to the upcoming WINGS procurements.

****
