Instructions: For the following questions, please give an overview of your proposal. Responses to questions 1 – 4 should not exceed one page in length.

1. Program/Initiative Description:

Please provide an overall description of your program/initiative and how it intends to help achieve the goals of the selected NPM or SPM.

In your response, be sure to show (1) sustainability, (2) who is responsible for what, (3) the timeline of implementation.

Response:

2. Need:

What need does your program/initiative address and how specifically does it address this need?

In your response, be sure to include how you identified the need, who was involved in the identification process, and sources of information that support the identified need.

Response:

3. Intended Benefit

How does your program/initiative benefit the key population you identified in your program/initiative description?

Response:

4. Health Equity

The Robert Wood Johnson Foundation defines health equity as "... everyone has a fair and just opportunity to be as healthy as possible. This requires removing obstacles to health such as poverty, discrimination, and their consequences, including powerlessness and lack of access to good jobs with fair pay, quality education and housing, safe environments, and health care."

In what ways does your program/initiative address health inequities and discrimination in your key population?

Response:
