Status Update for Wyoming MMIS WINGS Project Activities

The Wyoming Department of Health, Division of Healthcare Financing, MMIS Replacement Project Team for the Wyoming Integrated Next Generation System (WINGS) is providing the last periodic updates for WINGS Project Procurements.

Below are the upcoming module procurements as of March 2024.

- ❖ **Technology Operations and Hosting(Tech Ops) for Medicaid Systems -** This will secure hourly services related to ongoing operations support as well as hosting services for existing State owned systems. This RFP will also have options for IT consulting separate from operations work. Procurement will be issued once CMS approval is received, which is expected soon. RFP will be issued likely in April 2024.

- ❖ **PMO and IT Staff Augmentation** – This will secure hourly services related to ongoing operations support as well as hosting services for existing State owned systems. This RFP will also have options for IT consulting separate from operations work. Currently in procurement.

- ******** We appreciate all of the Interested Vendors who have signed up to receive notifications. The State of Wyoming is officially removing the BPO from our list of upcoming procurements. As of today, we do not have any plans to add the BPO Module to the upcoming WINGS procurements.

****
