DD Provider Certification Renewal Required Documents

Providers are required to submit all recertification documentation through the Wyoming Health Provider portal (WHP). All documentation shall be legible, and shall be submitted so that it is easy to read and review. This includes assuring that all items are oriented top to bottom, and all files are named as specified in the **Naming Convention Guidelines** document which can be found on the Division website, <u>HCBS Document Library</u>, under the *DD Certification Forms* tab. If policies are contained within a larger policy manual, indicate the specific page number on which the required policy can be found.

It is the responsibility of the provider to review all documentation after it is uploaded and before it is submitted. If submitted documentation does not meet these minimum standards, the Division will consider the documentation unacceptable, and the provider will be required to resubmit within the required timeframes.
