OBJECTIVES

1. Recognize patient populations that will benefit from age-appropriate vaccination.

2. Recognize important concepts related to successful vaccine therapy and increasing immunization coverage rates.
3. Define strategies to prevent vaccine storage and handling errors.
4. Name three ways to utilize reports from within the WylR to monitor data quality and manage vaccine inventories.
5. Recognize innovations in vaccine technology and trends and apply them in practice.
6. Describe different communication techniques that teams can use to achieve successful vaccine therapy in individuals and the community.

ACCREDITATION STATEMENTS:

In support of improving patient care, this activity has been planned and implemented by Centers for Disease Control and Prevention and **(Wyoming Department of Health Immunization Unit)**. The Centers for Disease Control and Prevention is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team

CPE: The Centers for Disease Control and Prevention designated this **(Knowledge-based)** event for pharmacists to receive **(1.0)** CEUs in pharmacy education. The Universal Activity Number is **(JA4008229-9999-24-127-L03-P)**.

After credit is claimed, an unofficial statement of credit is immediately available on CDC TRAIN. Official credit will be uploaded within 60 days on the NABP/CPE Monitor

DISCLOSURE: In compliance with continuing education requirements, all planners and presenters/moderators must disclose all financial relationships, in any amount, with ineligible companies during the previous 24 months as well as any use of unlabeled product(s) or products under investigational use.

Presentations will not include any discussion of the unlabeled use of a product or a product under investigational use. CDC did not accept financial or in-kind support from any ineligible company for this continuing education activity. CDC, our planners, and presenters/moderators wish to disclose they have no financial relationship(s) with ineligible companies with the exception of Dorit Reese and she wishes to disclose she owns stock in GSK, and the exception of Nate Landon and he wishes to disclose that he is sometimes (but not for the 2024 Wyoming Immunization Conference) employed as a third-party sponsored speaker for GSK. The content of these presentations have been peer reviewed to mitigate the financial relationship.

CDC did not accept financial or in-kind support from ineligible companies for this continuing education activity.
