

PROTECT YOUR HOME AGAINST MOSQUITOES THAT SPREAD WEST NILE VIRUS

Keep grass short
and weed-free.

Use screens in windows
and doors.

Routinely empty and
clean water troughs
and rain barrels.

Drain standing water from
pots and other containers.

Clean bird baths and
replace the water every
five days.

Drain standing water
from tires. Drill drain
holes in tire swings

Keep swimming pools
treated as recommended.

Keep gutters clean and
free of debris
