

PUBLIC NOTICE
Intent to Amend Rules
Wyoming Department of Health

Public notice is hereby given that the Wyoming Department of Health, Division of Healthcare Financing, proposes to adopt the following amended rule pursuant to its statutory authority in Wyoming Statutes §§ 42-4-101 through -124.

Wyoming Medicaid Rules
Chapter 28
Reimbursement of Swing-bed Services

Chapter 28 is amended by striking Section 8. Pre-admission Screening and Resident Review (PASRR) because its provisions are covered in Chapter 7. The sections in Chapter 28 are renumbered accordingly. Additionally, section titles are in bold and, for consistency with other Medicaid rules, the term “reimbursement” is replaced with “payment”. The term “swing bed” without the hyphen is used for consistency. The Chapter title is changed to “Payment for Swing Bed Services”.

As required by Wyo. Stat. § 16-3-103(a)(i)(G), this proposed change meets minimum substantive state statutory requirements.

To obtain a copy of this amended rule, contact:

Amy Guimond
122 W. 25th St., 4th Floor West
Cheyenne, WY 82002
307-777-3427
Amy.Guimond@wyo.gov

A public hearing will be held if requested by 25 persons, by a governmental subdivision, or by an association having not less than 25 members.

The Wyoming Department of Health welcomes all comments and suggestions on the proposed amendments. Any person may urge the Agency not to amend this rule and may request that the Agency state its reasons for overruling the consideration urged against amendment. Written comments must be submitted to the above address or on the Secretary of State Rules website, no later than 11:59 p.m. on September 2, 2025.

Interested parties may request a statement of the Department’s position regarding each comment and the action taken as a result of the comments prior to, or within thirty days after the Agency action. Requests must be submitted to the above address. If requested, the statement will be issued by the Department within thirty days after the Agency action.

Stefan Johansson, Director
