Suicide Prevention Awareness Month

Suicide Prevention Awareness Month takes place throughout September. It is crucial to raise awareness about preventing suicide, reducing the stigma around mental health issues, and encouraging individuals to seek help and support when needed. The goal is to ensure that people have access to resources for seeking assistance and discussing suicide prevention.

Self-Study Modules on Tuberculosis

The Self-Study Modules on Tuberculosis are a series of educational modules designed to provide information about tuberculosis (TB) in a self-study format. The series consists of a total of nine modules that are separated into two courses. The first course provides basic information on TB. The second course provides more specific TB programmatic information. [Modules 1 -5](#), [Modules 6-9](#) (CMEs available)

Case Manager Certification

If you would like to become certified in Case Management, please follow these [steps](#).

In Memory of Suzey Delger

Suzey was the first in her family to graduate from college, earning a Bachelor of Science in Nursing from the University of Wyoming in 1975. In 1983, she earned a Master's Degree in Nursing and obtained her Family Nurse Practitioner License, achieving another milestone for her family. Suzey worked as a public health nurse in Johnson and Campbell counties and also served as a nursing professor, educating many aspiring nurses in Wyoming. To honor Suzey's dedication to the nursing profession, the [Delger Family Nursing Scholarship was established through the Eastern Wyoming College Foundation](#) to support the education of future professional nurses.
