## TB Self-Study Modules

The CDU TB staff has received several inquiries regarding TB training. The CDU TB Program recommends that all healthcare personnel complete the CDC TB self-study modules 1-5 to gain a basic understanding of TB prevention and control. [CME, CNE, and CE are available for completing these modules](#). These modules are on-demand and self-paced. <https://www.cdc.gov/tb/hcp/education/self-study-modules-on-tuberculosis.html>

## National STD Curriculum

The National STD Curriculum is a free, up-to-date educational resource for health care professionals to learn about the diagnosis, treatment, and prevention of sexually transmitted infections. The website offers 32.5 free CME, CNE, CE, and 13 free pharmacology CE for advanced practice nurses. The modules are on demand and self-paced. <https://www.std.uw.edu/>

## National HIV Curriculum

The National HIV Curriculum is a free, up-to-date educational resource for healthcare professionals to learn about HIV diagnosis, treatment, and prevention. The website offers 87 free CME, CNE, CE, and 64.5 free pharmacology CE for advanced practice nurses. The modules are on demand and self-paced. <https://www.hiv.uw.edu/>

## Intervention Insights

[Intervention Insights](#) is NCSD's newest, most comprehensive training product, featuring realistic, scenario-based videos that bring the challenges and successes of disease intervention work to life. Each video can be paired with a Learner Workbook, full of reflection and skill-building activities, and a Trainer's Manual, offering structured facilitation guides, debriefs, and adaptable discussion tools. For more information and pricing structure, contact the NCSD Learning Center at [LearningCenter@ncsddc.org](mailto:LearningCenter@ncsddc.org).
