

JC Accredited - Certification Renewal Checklist

Joint Commission (JC) Accredited Providers

All Wyoming providers, who are actively State certified, will receive email correspondence from the Behavioral Health Division (Division) ninety (90) days prior to their State certification expiration date. It is imperative that a complete renewal application and all supporting documentation be submitted to the Division no less than thirty (30) calendar days prior to the expiration date of the provider's certification (Chapter 2, Section 5).

If you have not received an email from the Division containing your renewal application guidance, please contact the Certification Program Manager at (307) 777-5253.

Renewing State certification, based on successful JC accreditation, requires submission of the following documentation in BHMS:

- Copy of your current **Joint Commission Accreditation Quality Report**
- Copy of any applicable **letters or documentation supporting ongoing accreditation by level of care service(s)/programming**
 - Documents include the site survey report and award letter of JC accreditation post-survey
- **Required in non-survey years:**
 - Copy of documentation evidencing the recent annual **Intracycle Monitoring (ICM) Focused Standards Assessment (FSA) tool has been submitted** to The Joint Commission. This documentation should evidence continued national accreditation compliance.
 - Documentation the Division will accept include: receipt acknowledgment **and** acceptance letter, email from The Joint Commission, or similar.
 - Copy of any **Plan of Action (POA)**, as applicable as required by The Joint Commission.
 - Any communication of administrative issues and significant events, as applicable.

Renewal applications with supporting documentation will be completed and submitted online on the Behavioral Health Management System (BHMS).

You can access BHMS here: <https://bhms.health.wyo.gov>

Accreditation survey dates and subsequent reporting timeframes may require collaborative efforts. Please notify the Division as soon as possible prior to certification expiration. Documentation to support extension of expiration dates will be required.
