

Quick Reference Guide: Patient Data Quality Detail Report

Last Revised: 07/2024

This quick reference guide outlines the process for generating the Patient Data Quality Detail Report. This report summarizes missing data variables on patient demographic information submitted to the Wyoming Immunization Registry (WyIR).

To navigate to the “Patient Data Quality Detail Report,” follow the steps below.

1. Select “Reports” from the Main Menu.
2. Select “Report Module.”
3. Under the “Quality” section, select “Patient Data Quality Report.”

4. The “Patient Data Quality Detail Report” will be displayed. Enter the desired information to generate the report. To select more than one selection in the “Missing Parameters” box hold the control key down and click the multiple selections.

Patient Data Quality Detail Report
