

Easy access to your personal and family immunization records

Track future shots, access vaccine forms, add family to a shared Docket® account, and more.

1. Set-up your account.

Download the *free* Docket® app.
Sign-up with email, Apple, or Google.

2. Search state registries.

Note: your first name, last name, date of birth, and legal sex must match your Wyoming Immunization Registry (WylR) record *exactly*. In addition, your record on file with the state must contain a valid email or phone number.

3. Manage your records.

Back-to-School Forms

Tap the standard share icon next to your name to access a PDF record. Email, text, print, and directly from your phone.

Travel Vaccine Verification

Select the QR code icon to access your SMART® Health Card as needed.

Add family members

Tap the plus (+) icon on the Immunization Search History screen to add your family to a shared Docket® account.

Easy Record Refresh

Got a new shot? Drag and release to refresh your records. Your new shot will automatically appear if it was correctly reported to the WylR.

Where is Docket® supported?

Docket® is available to residents of Alaska, Idaho, Minnesota, New Jersey, Utah, and Wyoming. Coming soon to more states.
