RE: Provider Revalidation 10-day Notification Response

Dr. Oz,

The Wyoming Department of Health, Division of Healthcare Financing, acknowledges receipt of the State Medicaid Director (SMD) letter dated April 22, 2026, which outlines the formal request by CMS to develop and submit a comprehensive two-year Provider Revalidation (PR) strategy, to include a description of how Wyoming ensures the accuracy of our state's provider enrollment data through revalidation and other relevant approaches.

Wyoming commits to undertake a revalidation of Medicaid providers as prescribed in the SMD Letter dated April 22, 2026. The state will submit a comprehensive 2-year PR Strategy, and will submit these plans within the 30-day time period. Wyoming will ensure that this 2-year PR Strategy prioritizes a comprehensive review and revalidation of Wyoming's enrolled Medicaid providers. In addition, Wyoming will clearly define high-risk providers to include those without National Provider Identification Numbers (NPIs), swiftly screen those high-risk providers, and prioritize others who have not been screened in the past 12 months. Lastly, Wyoming will include the list of five elements as prescribed in the SMD letter.

Wyoming looks forward to providing CMS with a comprehensive plan that will meet the requirements and objectives as requested by CMS.

Sincerely,

A handwritten signature in blue ink that reads "Jesse Springer". The signature is fluid and cursive, with the first name "Jesse" and last name "Springer" clearly distinguishable.

Jesse Springer, State Medicaid Agent
Division of Healthcare Financing
Wyoming Department of Health

JS/hh
